RE: Hypodermic Apparatus Exchange Program Certification

Dear Chief,

As required by the Maine Law Chapter 252, Rules Governing the Impact of Hypodermic Apparatus Exchange Programs, I would like to inform you that Down East AIDS Network and the Health Equity Alliance (DEAN+HEAL) will be operating three fixed-site Syringe Access Programs throughout Northern Maine. The sites are located at 25A Pine St. in Ellsworth, 7 VIP Dr. in Machias, and the site known as Eastern Maine AIDS Network, formally a program of Penobscot Community Health Clinic located was located at 34 Summer St in Bangor, is now owned and operated by DEAN+HEAL and is located at 51 Broadway in Bangor. We appreciate your agency's support of this important public health effort. If you have any questions, please contact the Maine Center for Disease Control and Prevention.

Dr. Sheila Pinette DO
Director, Maine Center for Disease Control and Prevention
