RE: 50 Spruce Street, 62 Katahdin Avenue, 100 Katahdin Avenue

Dear Mr. Davis,

Thank you for the opportunity to provide an estimate for asbestos abatement at the above referenced properties located in Millinocket, Maine.

Material inventory is based on the sampling data collected by Abatement Professionals of Westbrook, Maine.

50 Spruce Street

This property is sided with asbestos transite. For removal, the site will be isolated by use of barrier tape and proper signage. All material will be kept wet and placed immediately into properly labeled containers for disposal into an E.P.A approved landfill.

Total Cost for 50 Spruce Street: \$15,000.00

62 Katahdin Avenue

This property has transite siding as well. There is also asbestos pipe insulation located in the basement. For the transite, the site will be isolated by use of barrier tape and proper signage. All material will be kept wet and placed immediately into properly labeled containers for disposal into an E.P.A approved landfill. For the basement, the work area will be isolated by the use of 6-mil polyethylene over doors and windows. The work areas will be maintained under negative pressure throughout the project. A three stage decontamination unit will be attached directly to the containment. All asbestos will be kept wet and placed immediately into properly labeled containers for disposal into an E.P.A. approved landfill.

Total cost for 62 Katahdin Avenue: \$17,000.00

100 Katahdin Avenue

This property is sided with asbestos transite. For removal, the site will be isolated by use of barrier tape and proper signage. All material will be kept wet and placed immediately into properly labeled containers for disposal into an E.P.A approved landfill.

Total Cost for 100 Katahdin Avenue: \$14,000.00

All costs include labor, materials, disposal fees, and all other related expenses. It is our understanding the Town is responsible for removing snow banks for reasonable access.

If you have any questions, or you would like to schedule this project, please do not hesitate to call our office.

Sincerely,

Millinocket, Maine 04462

Dear Jim:

On Tuesday, February 23, 2016 bids were opened for the Smith Brook Interceptor Replacement project. Three bids were received as follows:

CONTRACTOR	ADDRESS	TOTAL
Sargent Corporation	Stillwater, Maine	\$655,295.00
Trombley Construction	Presque Isle, Maine	\$686,433.00
Lou Silver Inc.	Orono, Maine	\$828,860.00

Please note that upon review of the bids, Sargent had made a mathematical error on the addition of bid, and as a result the total contract amount will be \$655,295, rather than the \$654,295 totaled on their bid.

We recommend that the Town award a contract for this work to Sargent Corporation of Stillwater, Maine in the amount of \$655,295.00. We believe that the low responsive bid is indicative of the current market value and Sargent is a well known contractor with the ability to complete the contract scope for the Town. Attached please find a copy of the low bid, along with a bid tabulation for the project.

We have been reviewed the initial budget and updated it to reflect expenditures to-date and the Sargent bid as follows:

DESCRIPTION	BUDGET
Construction	\$ 655,295.00
Design Engineering	62,359.24
Bidding	6,500.00
Construction Admin./Inspection/Expenses	72,000.00
Contingency (5% of Bid)	33,845.76
	\$ 830,000.00

As discussed at the bid opening, part of this budget is \$33,845.76 of project contingency to cover potential change orders or overruns of quantities. This project is a unit price contract, therefore costs paid to the contractor will be based on items measured during the

OLVER ASSOCIATES INC.

Mr. James Charette, Chief Operator

work. There is a possibility that these quantities may be less than reflected in the bid, and if no additive change orders occur, then the contingency will not be needed. It is prudent, however, to budget this amount in the event it is needed to complete the contract.

The budget was originally \$800,000, and with the bid received, the projected total budget is now \$830,000. The CDBG grant funds are \$640,000, and the Town's required match is \$160,000. The added \$30,000 would need to be addressed with Town funds. Hopefully this will not be needed to be expended, and the project cost will be limited to the \$800,000 budget.

We are available to meet with you to address any questions regarding the project and the bids that were received. We look forward to the opportunity to work with the Town of Millinocket on the successful implementation of this project.

Very truly yours,

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. 2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents.
3. This obligation shall be null and void if:

5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.
6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety and in no case later than one year after the Bid due date.
7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.
