Town Manager's Report February 9, 2017

- **Next Regular Council Meetings to be held in Council Chambers at 4:30 p.m.:**
  A. Thursday, February, 23rd
  B. Thursday, March 9th.

- **Street Conditions**-Due to the mixture of snow and rain, we have struggled to keep the streets in the shape that we would like to have them. The Public Works department has worked non-stop for the last 3 to 4 weeks at trying to accomplish this goal. Due to budget restraints, the town is unable use as much salt that it would take to soften the ice on the roads to the point that the grader could lift the ice and smooth the streets. We ask citizens to be patient and to continue to inform us when they see an unsafe condition and Public Works will address it as soon as possible. Please remember that every complaint is taken seriously.

- **Skating Rink**-As of January 31st, 2017, the skating rink has been ready to use. Public Works used the backhoe to remove the frozen snow and ice, and John Healey has flooded it a couple of times. The Public Works Director has informed me that they have used a lot of man hours to prepare the rink but believes it is worth it in light of the upcoming school vacation. I would like to extend a special thanks to Mike Rioux who installed a timer light at his own expense so the rink will have lights during the evening hours. The timer is set for one to four hours.

- **Audit Presentation**-On Tuesday, January 31st, the Town Council and School Boards met for a joint presentation of the audit report. I am pleased to report that due to conservative spending, both the Council and the Board received very favorable feedback from the auditor.

- **State Budget**-I did not see anything new in the latest Legislative Bulletin as far as the Governor's proposal is concerned.

- **Town Budget**-As I mentioned at the last Council meeting, I have asked the department heads to start working on their draft budgets. As soon as they get them prepared, the Treasurer, HR Director, and I will set with the department heads and finalize a proposal to present to the Council at the budget hearings beginning in early April. The Town will face some challenges with the Homestead Exemption Act, State Revenue Sharing, and Auto Excise.

- **Maine Forest Economy Growth Initiative Community Partners Meeting-** Councilor Pray and I attended this meeting in Orono on January 30th. This was a follow-up meeting of the Economic Development Assessment Team (EDAT). The meeting was well attended and very informative. Representatives from former mill towns such as Bucksport, Lincoln, Old Town, East Millinocket, Madison, Greenville, and Millinocket were present. There was a lot of positive energy from the various towns that are all working towards developing their community's mill sites. The plan is to continue to meet either monthly or bi-monthly. I have attached a copy of the minutes of the meeting to the Manager's report.

Maine Forest Economy Growth Initiative
Community Partners Meeting
Monday, January 30, 2017

Councilor Pray and I attended this meeting on January 30th which was a follow-up of the Economic Development Assessment Team (EDAT) meeting. A number of people from former mill towns were in attendance and discussion centered on the challenges the towns are facing and what they are doing about it.

Bucksport reported that the town currently has a mill rate of $16.50 and that 101 properties have been sold since 2016. The municipality had planned for a possible mill closure and built the town's surplus up to approximately $8 million. They have several committees working on a variety of different projects.

A representative from Old Town stated that he believes that the town is on the cusp of good news with what is going on at the former mill site.

Lincoln has held three public economic development meetings recently, all of which were well attended. At this time they are in bankruptcy mode as far as their mill site is concerned. The 300 acre site still needs considerable clean up before any development can take place. The location has access to rail and a natural gas line which could be enticing to possible business interests. Real estate is moving well.

East Millinocket is having trouble corresponding with the owner of the 200 acre mill property. The site still has its buildings intact and the town has been entertaining various business possibilities.

The Town of Madison has found a buyer for their mill site and there is a chance that the machines can be converted to produce cardboard. There is a good possibility that the hydro system could be sold in the near future. The community is also looking to expand broadband capabilities.

Greenville is doing some community branding and is looking to do a biomass boiler project. They are working with the public library to hook up a Wi-Fi connection and said that basically there is a lot going on.

Charlie and I talked about the marathon and the purchase of the mill site by Our Katahdin. We explained that the town is looking to do a partnership with Our Katahdin and would take any assistance the state or federal government can provide. We talked about the National Monument and how it may help support our local economy. Lucy Vanhook, Community Development Manager for Our Katahdin, mentioned the EB-5 designation at the former mill

site and informed the group that she is heading up a modified version of the Heart and Soul, a program that a gentleman from Bucksport alluded to during one of the Revitalization Speaker's Series meetings.

Subject: Skating Rink

We finally have the skating rink ready as of yesterday. We had to bring the backhoe in to clean the frozen snow and ice off. John Healey flooded it a couple of layers yesterday, so they have been using it.

We have a lot of man hours in it, but I think it is worth it as a lot use it during the school vacation season.

Hello Council members and Mr. Manager,

Attached is a 10-month proposal for the town of Millinocket, including Emera's rates for the 6-month term. This is a 10-month proposal so that we can compare apples to apples--included in the proposal is a grid of Emera's rates for the following 10 months. Emera's rates fluctuate constantly, which can be a budgeting hassle. The term would be a fixed rate 10-month term with a start in March 2017 to December 2017.

Please let me know if you have any questions.

Sincerely,

Steven C. Golieb *Sr. Business Development Manager*

Re: Carefusion Solutions Abatement/Refund

All,

Carefusion Solutions is a medical equipment leasing company that submitted leasehold information as part of a 706 rendition pertinent for fiscal 2017 tax year. The assets in question had an assessed value of $11,700 with a subsequent tax liability of $366.21.

Some medical equipment is taxable while other medical equipment is not. Specifically equipment leased to the hospital is generally exempt however equipment lease to a doctor's office that is leased from a hospital is not. Because it was not clear who exactly the lease was with I proceeded to tax the equipment. After receiving a bill, Carefusion contacted me do discuss the taxable status of their assets. After a couple weeks of discussion and supplemental renditions clarifying the lease details it was determined that the assets were in fact exempt.

Typically the abated amount applies to or reduces a balance due and in some cases is pushed forward as a credit for next year. In this case there is no balance due and subsequent reportings from Carefusion will also be exempt I would ask that the balance of $366.21 be returned to them.

Subject: GRADER REFURBISHMENT

John,
We are $763 short on the capital improvements budget R1300-9504. There was an order to apply $1,800 in legal fees against the $100K loan. There was no legal fees budget in the $100K loan,
So this leaves the account short to cover the invoice for the actual repairs. If I reclassify the $1,800 to the legal fees account, the budget is fine, but I do not know if I can do this as the
Order was written to expend the money from the $100K loan.

If this is the case, we will need an order to cover the $763 overrun on the account.

Please advise.

Thank you

ORDER #19-2017

PROVIDING FOR: Authorization to rescind Order #281-2016

IT IS ORDERED that the Millinocket Town Council authorize the rescinding of Order #281-2016 as there were not adequate funds in Account #0402-0913, Road Construction Highway Block Grant, to transfer to Account #0405, Street Paving and Road Construction to cover one half of the cost ($11,375.50) to pave Fern Street.

PASSED BY THE COUNCIL: 2-9-2017

ATTEST: Roxanne Johnson

ORDER #281 -2016

PROVIDING FOR: Transfer of funds from the Road Construction Highway Block Grant (LRAP) Account #0402-0913 to the Street Paving and Road Construction Account #0405-0211.

IT IS ORDERED that the Millinocket Town Council authorizes the transfer of funds in the amount of $11,375.50 from the Road Construction Highway Block Grant (LRAP), to the Street Paving and Road Construction Account #0405-0211 to pay for one half of the cost for paving Fern Street.

NOTE: This is a Town road that runs through the Housing Association Complex known as Terra Haute. The Housing Association has already paid the full cost and is looking for a reimbursement of one half of the cost.

PASSED BY THE COUNCIL: 2-4-2017

ATTEST:

ORDER #20-2017

PROVIDING FOR: Authorization to transfer funds.

IT IS ORDERED that the Millinocket Town Council authorizes the transfer of funds in the amount of $11,375.50 from Account #1300- 9502, Heavy Equipment Reserve, to Account 0405, Street Paving and Road Construction, to pay one half of the cost for paving Fern Street.

NOTE: The funds for this project were originally approved to be transferred from the Local Roads Assistance Program (LRAP), but sufficient funds were not available in this account as they were carried forward and used in the Road Paving and Construction account. There is currently $491.50 in the Road Paving Account and $48,045.00 in the Heavy Equipment Reserve Account.

Millinocket Wastewater Treatment

Memo

To: John Davis, Town Manager

From: Jim Charette, Chief Operator

Date: 1/31/2017

Re: Abatements Requests.

As you know, we receive abatement requests periodically. Recently I have received a request from Joan Hanington of 13 Colony Place, to abate excessive fees due to a broken water pipe going to the cellar. The amount requested is on the abatement form itself. The next request is from Darlene Robinson of 106 New York St. Her request is due to a broken toilet valve which has since been replaced. These are one time only abatements, the same as the water company.

Memo

To: John Davis, Town Manager

From: Chief Steven Kenyon

Date: January 5, 2017

Re: *Winter Fest Snow Sled Parade*

The annual winter fest and snow sled parade is in the planning stages.

The parade is scheduled for Friday, February 17, 2017 at 6:00 P.M. The parade will start at the High School and end at the Bandstand parking lot. The sleds in the parade will utilize the left hand side of Second Street and Penobscot Avenue. A snowmobile groomer leads the parade and prepares the snow for the sleds.

There will be a concession stand at the park serving hot coffee, hot chocolate, and possibly hot dogs. There will also be a bonfire as has been done in the past years.

The parade participants may return as a group to the High School at approximately 7:00 P.M.

I am requesting the necessary permission or Council order for this event.

Please contact me with any additional questions or concerns.

Thank you.
