ORDER #160-2017 IT IS ORDERED that $4,625,726 be appropriated for the total cost of funding public education from prekindergarten to grade 12 as described in the Essential Programs and Services Funding Act and that $1,604,530 be raised as the municipality’s contribution to the total cost of funding public education from prekindergarten to grade 12 as described in the Essential Programs, and Services Funding Act in accordance with the Maine Revised Statutes, Title 20-A, section 15688.
The School Committee Recommends $1,604,530
ORDER #161-2017 IT IS ORDERED that $460,112 be raised and appropriated for the annual payments on debt service previously approved by the municipality's legislative body for non-state-funded school construction projects, on-state-funded portions of school construction projects and minor capital projects in addition to the funds appropriated as the local share of the municipality's contribution to the total cost of funding public education from prekindergarten to grade 12.
The School Committee Recommends $460,112
Explanation: Non-state-funded debt service is the amount of money needed for the annual payments on the municipality's long-term debt for major capital school construction projects that are not approved for state subsidy. The bonding of this long-term debt was previously approved by the voters or other legislative body.

Article for Additional Local Funds requires approval by a majority of the entire school committee membership and approval by a majority of the entire council membership.
ORDER #162-2017 IT IS ORDERED that $740,116 be raised and appropriated in additional local funds, which exceeds the State's Essential Programs and Services allocation model by $67,680 as required to fund the budget recommended by the School Committee.
The School Committee recommends $740,116 for additional local funds and gives the following reasons for exceeding the State’s Essential Programs and Services funding model by $67,680: The EPS formula does not reflect the actual cost of funding education in rural areas where education may cost more because of its smaller size as compared to larger city schools. Therefore, monies will provide revenues to fully fund programs and operate schools, as well as, contractual obligations, areas excluded under EPS such as 504 programs, extra and co-curricular activities, capital improvements and repairs, etc.
Explanation: The additional local funds are those locally raised funds over and above the Town’s local contribution to the total cost of funding public education from prekindergarten to grade 12 as described in the Essential Programs and Services Funding Act and local amounts raised for the annual payment on non-state-funded debt service that will help achieve the Town’s budget for educational programs.

Town Manager’s Report July 13, 2017

1. Next Regular Council Meetings – to be held in Council Chambers.
   A. July 27, 2017
   B. August 10, 2017

2. Art Festival – I am sorry to report that I received a call from Jim Phelps and he informed me that the art festival that was scheduled to take place in Millinocket later this summer has been cancelled. Although the event received plenty of media coverage, Mr. Phelps believes that he started advertising too late and many of the artists that attend this type of an event are already booked in other parts of the state. If things go according to plan, Jim would like to hold the event in Millinocket next year on August 28th.

3. Fourth of July Celebration – On Sunday, July 2nd, the Chairman and I played in the Corn Hole Tournament. The event featured 40 teams and large crowd of spectators. I will leave the honor of telling you how we made out to the Chairman. The parade on the Fourth was nice and despite the threat of rain, was well attended.

4. Public-Private Partnership Signing – The signing of the agreement took place as scheduled on the Fourth of July immediately following the parade. The entire Council and Our Katahdin Board were present as were many people from the public. After the signing the American Flag was raised as some local musicians sang the National Anthem.

5. Cannabis Shack – I am not clear just where we left off with this. I have been in touch with Jack Sargent recently and he said he is still interested in locating in Millinocket.
6. **State Budget — After** a 72-hour state government shutdown, the $7.1 billion budget was adopted and signed into law on Tuesday, July 4th. Listed below are a few highlights that will concern municipalities:

- **Revenue Sharing** — The budget does not permanently reduce to 2% the amount of state sales and income tax revenue. State law is still on course to restore revenue sharing to 5% by FY 2020.

- **General Assistance** — The budget excludes proposed changes to the GA program that would have made the assistance provided to certain non-US citizens ineligible for state reimbursement.

- **Homestead Exemption** — For the April 1, 2017 property tax year, the value of the Homestead Exemption is $20,000, with the state reimbursing 50% of the lost property tax revenue instead of 62.5%. Beginning in 2018 the state reimbursement for lost property tax revenue will increase to 62.5%.

- **Surcharge** — The 3% surcharge on taxable income that exceeds $200,000 was repealed.

- **General Purpose Aid** — An additional $162 million was appropriated.

7. **Bowling Alley** — The project is coming along well and should be completed by the end of this week or early next week.

8. **Brush Pile** — I believe that everyone has had privy to the email with the attached pictures that the Public Works Director sent to us last week. Throwing metal, rocks, and garbage into the brush pile is a significant problem and I look forward to Council discussion and comments from the public as to what measures we can take to prevent this practice from continuing.
9. **State funding for education** – The extra funding for education allotted in the state budget will not have an effect on the Town’s mil rate. The Superintendent had already allowed for this in the school budget in anticipation of receiving additional monies.

10. **Delahanty Softball Field** – I have attached a copy of Steve Jamieson’s plan for the remodeling of the Delahanty Softball Field. Please look it over and we can discuss it at Thursday’s Council meeting. I have spoken with Rec Director, Jody Nelson, and the project has her support.

11. **Opening of new businesses** – At least three new businesses have opened in Millinocket in the last month or so. I have been to Matt Polstein’s place on Main Street and up to Mike Bragdon’s store on Balsam Drive. I am planning to stop in Steve Golieb’s place (Turn the Page) and I am looking forward to the business opening at the former Wilson Jewelry building across from the Town Office.
Hi John,

I have not personally spoken with anyone at Our Katahdin. However Justin Walsh, one of the people we are working with, I believe has spoke with some of the people on the board. We are just waiting to see where the town council stands. We are still interested.

Thank you,

Jack

Hi Jack,

Sorry for the delay in getting back to you. Are you still interested in locating in Millinocket? If so, I will discuss this in further detail with the Council and get a clear direction. Have you talked to anyone from Our Katahdin about locating on the former mill site?

Hi John

Reasons for moving have nothing to do with the city of Portland or Cumberland County. Here are a few of the reasons / ideas. The Our Katahdin we would like to work with. We are both also artist The wife is a graduate of Parsons School Design Manhattan NY. ( a real artist ). I am a retired Mill Wright. So yes I can build / fabricate about anything. as far as The Cannabis Shack the demographics are through the state there really is no one place that is better then another, however a good majority of our clientele are north of the Capital. we will be supplying store through out the state with
Millinocket as our main hub / kitchen. on a personal note: I have a lot of grandchildren that have ATV's and nowhere to ride them down here. I proposed this to our investor, and as ironic as it is, he graduated from High School in Millinocket. Somethings are just meant to be I hope we can all work together.

thank you: Jack Sargent

Maine Legislature Approves Biennial Budget with No New Taxes

AUGUSTA - The biennial budget was approved by the Legislature and signed on July 4. The budget, which requires 2/3 majority support, passed by a vote of 35-0 in the Senate and 147-2 in the House.

Reaching an agreement on comprehensive budget proposals always includes a significant amount of compromise, but the real winners of this budget are clear: our students and small businesses.

Senate Republicans are proud to say that for the first time ever, we will meet our obligation to fully-fund education, and that the additional funding is targeted to better serve our students through meaningful education reform.

Thanks to Maine’s healthy economy, we were able to reach this milestone WITHOUT the new job-killing surtax. From the very beginning, we knew that by making our students a priority, this could be accomplished within existing resources.

The budget also includes back pay for all essential and non-essential State employees impacted by the three-day government shut down, and:

- A full repeal of the job-killing surtax on Maine’s small businesses, which was a top priority for legislative Republicans
- An additional $162 million in education funding, achieving the 55 percent state contribution threshold for the first time
- Education reforms to put more resources into the classroom, particularly in rural Maine
- Property tax relief measures, including the restoration of the Homestead Exemption for all home owners
- Additional resources to serve Maine residents with disabilities

Maine Senate President Michael Thibodeau said, “From the very beginning, Senate Republicans have advocated for living within our means, raising no new taxes and repealing the new job-killing surtax. While the process wasn’t ideal, the finished product accomplishes all of those goals while also implementing meaningful education reforms that will pay dividends for years to come.”

Maine Department of Agriculture, Conservation & Forestry Offers Business Planning Course for Farmers

The Maine Department of Agriculture, Conservation & Forestry - Maine Farms for the Future Program and Jed Beach of FarmSmart Business Services will offer NxLevel Tilling the Soil of Opportunity, a six session course to help Maine farmers take their businesses to the next level, in November. The six session course will help farmers update business goals, determine which crops to grow, evaluate markets, improve management skills, and more.

$18 Million in Unclaimed Property Returned to Mainers

The Office of the Treasurer, with the help of legislative offices, has shattered all records, returning just over $18 million in unclaimed property to Mainers in FY 2017. The previous record, set last year, was $16.1 million.
Every year, financial property is turned over to the Treasury by Maine businesses as a result of incorrect addresses, misspelled names and dormant accounts.

At present, the Treasurer's unclaimed property database includes more than $232 million. Fortunately, these properties can be claimed by the rightful owners through the Treasurer's office at any time by going to www.maine.gov/upsearch, where you can search and file a claim.

**Statewide Bond Referendum Approved by Voters**

On June 13, voters approved a statewide bond issue on the Special Referendum Election, with 63,468 voters supporting the measure and 39,549 voters opposing the measure.

The question asked: "Do you favor a $50,000,000 bond issue to provide $45,000,000 in funds for investment in research, development and commercialization in the State to be used for infrastructure, equipment and technology upgrades that enable organizations to gain and hold market share, to increase revenues and to expand employment or preserve jobs for Maine people, to be awarded through a competitive process to Maine-based public and private entities, leveraging other funds in a one-to-one ratio and $5,000,000 in funds to create jobs and economic growth by lending to or investing in small businesses with the potential for significant growth and strong job creation?"

Senator Paul Davis represents Senate District 4 which includes all municipalities in Piscataquis County, the towns of Athens, Brighton Plantation, Cambridge, Detroit, Harmony, Hartland, Palmyra, Ripley, and St. Albans in Somerset County, and the towns of Alton, Bradford, Charleston, Dexter, Garland, and Lagrange in Penobscot County.
Good afternoon all,

I have received several questions regarding the changes to the Homestead Exemption program included in the recently enacted General Fund budget.

To clarify, for the April 1, 2017 property tax year, the value of the Homestead Exemption is $20,000, with the state reimbursing municipalities for 50% of the lost property tax revenue.

For property tax years beginning on or after April 1, 2018 the value of the exemption remains at $20,000, but state reimbursement for the lost property tax revenue increases to 62.5%.

I hope this clarification is helpful.

Subject: Budget Update - Adopted & Signed

To: Municipal Officials

From: Kate Dufour
Date: Wednesday, July 5, 2017
Re: State Budget – Adopted & Signed

After four failed attempts, a 72-hour state government shutdown, and the convention of four Committee of Conferences tasked with drafting a compromise budget, the FY 2018-19 biennial General Fund budget was finally adopted by two-thirds of both the members of the House and Senate and signed into law by Governor LePage on Tuesday, July 4.

With respect to municipal government, what was negotiated out of the budget is just as important as the initiatives included in the two year funding package. With respect to the issues of greatest concern to municipal officials, the following measures were not enacted as part of the final compromise budget bill.

- **Revenue Sharing.** The budget does not permanently reduce to 2% the amount of state sales and income tax revenue distributed to municipalities through the revenue sharing program. State law is still on course to restore revenue sharing to 5% of state sales and income tax revenue in FY 2020.
• **General Assistance.** The budget excludes proposed changes to the General Assistance program, which would have made the assistance provided to certain non-U.S. citizens ineligible for state reimbursement.

• **TANF, SNAP, SSI.** The budget excludes the Governor’s proposed program eligibility limits (e.g., reduced lifetime limits, ineligibility standards based on felony drug convictions or U.S. citizenship, etc.) for Temporary Assistance to Needy Families (TANF), Supplemental Nutrition Assistance Program (SNAP) and Supplemental Security Income (SSI).

• **BETR to BETE.** The budget excludes the Governor’s proposal to convert the taxable property currently enrolled in the Business Equipment Reimbursement Program (BETR) to tax exempt status by transferring its enrollment into the Business Equipment Tax Exemption Program (BETE).

• **Two-way Telecommunications Taxing Authority.** The budget excludes the Governor’s proposal to shift taxing authority over two-way telecommunication property from the state to the municipalities.

• **Lodging Tax.** Also excluded from the budget is an increase in the lodging tax rate from the current 9% to 10.5%.

Several municipally relevant initiatives were enacted as part of the budget, including:

• **Retroactive Reduction in Homestead Exemption Reimbursement (April 1, 2017).** Under existing law, both the value of the Homestead Exemption provided to all qualifying Maine resident homeowners and the amount of state reimbursement for the lost property tax revenue was increased on April 1, 2017. The value of the exemption increased from $15,000 to $20,000 and the state reimbursement from 50% to 62.5%. Despite the fact that some municipalities have already committed taxes according to state statutes, as enacted, the amount of state reimbursement provided to municipalities is retroactively decreased from 62.5% to 50% for the $20,000 exemption made available to Maine homeowners on April 1, 2017. The Homestead Exemption reimbursement rate for FY 2018 and subsequent fiscal years increases to 62.5%.

• **3% Surcharge Repealed.** As enacted by the voters of Maine at the November 8, 2016 referendum election, as of January 1, 2017 a 3% surcharge has been assessed on the portion of taxable income that exceeds $200,000, with the generated surcharge dedicated to support K-12 classroom expenses. The budget repeals the citizen-initiated school funding law.

• **$162 million Increase in GPA.** The budget appropriates an additional $162 million ($48 million in FY 2018 and $114 million in FY 2019) for K-12 education over the biennium. With one exception, the budget also stipulates that for fiscal years 2018 and 2019, 50% of all unanticipated K-12 funding must be returned to the contributing school district’s member municipalities for the express purpose of reducing the property tax assessment for public education. The exception to the 50% property tax relief requirement pertains only in FY 18 and to school budgets approved by the voters that have earmarked unanticipated state funding for increased expenditures for school purposes. In that case, the use of unanticipated state funding is permitted as approved by the school district voters.
• **Redefining 55% of K-12 Education.** The budget amends the calculation of the state’s share percentage of the total cost of funding K-12 public education to include roughly $130 million in unfunded actuarial liabilities of the Maine Public Employees Retirement System attributable to teachers.

• **Education Policy Changes - State Funding for School Administration.** The budget amends the formula that previously included funding for 50% of the costs of system administration in the calculation of the state’s share of K-12 education. As enacted, between FY 18 and FY 20 the state share of administrative costs will be calculated on a per pupil basis, with an incrementally increasing portion of those state revenues targeted for regionalized administrative services. In FY 21 and subsequent fiscal years, only school administrative units that have established regionalized administrative services or are identified as high-performing, efficient school administrative units will be eligible for the system administration allocation.

• **Study of Conserved Lands.** The budget directs the Legislature’s Agriculture, Conservation and Forestry Committee to study how land owned by nonprofit conservation organizations impact municipalities, the economy and general public. Specifically, the Committee is charged with reviewing the: (1) extent to which landowners make property tax payments, including payments in lieu of taxes, to municipalities; (2) economic impacts of land conservation efforts, including impacts on Maine’s tourist industry; (3) community benefits associated with conserved property; and (4) any other issues the Committee determines is relevant to the study. The Committee is directed to hold at least three least meetings and to report out its findings no later than February 15, 2018.

• **County Assessment for Jails.** Existing law allows the property tax assessment for county jail operations to increase from one year to the next by either 3% or the county’s appropriate “LD 1” growth limitation factor, whichever percentage increase is less. The budget amends the property tax assessment increase limit to the “LD 1” limit or 4%, whichever is less.

• **County Jail Operations.** The adopted budget provides the Department of Corrections with the authority to inspect, review and take custody of county records related to the funding and operations of county jails. The Department is further directed to submit to the Appropriations Committee and the Criminal Justice and Public Safety (CJPS) Committee plans to restructure the funding and operations of county jails and correctional facilities and prisoner population and capacity. The CJPS Committee is authorized to report out legislation in 2018 implementing the Department’s recommendations.

• **Local Government Efficiency Fund.** The Committee’s recommendation reduces the appropriation for the Fund for the Efficient Delivery of Local and Regional Services from the proposed $10 million over the biennium to $3 million in FY 18 only.

• **Fund for the Efficient Delivery of Educational Services.** The adopted budget appropriates $10 million over the biennium for the Fund for the Efficient Delivery of Educational Services.

**Next Steps.** Although the budget is enacted, the Legislature will reconvene sometime next week to complete its work. The items that remain on the Legislature’s agenda include roughly 40 bond proposals, initiatives parked on the Appropriation’s Table waiting funding before being finally enacted, and the Governor’s vetoes, if any.
I thought about that before, but they hide the stuff under the brush they bring in.

One other solution would be to keep the gate closed and have them come in the Compactor Gate and build a road over to the brush area. That way they have to drive by the check station building so we can look the stuff over, but the public would not like that because they can’t haul stuff any time they want.

Thanks for the support on this issue. I think if we talk about it and put an article in the paper it might help.

I have been trying to get someone to come and grind the pile, but keep getting contamination in it after hours. I tried to close the gate after hours to prevent this but the residents call me and complain after one day that it is closed and want to know why. I had Arrow Tree Service from Dover here last week to try to chip it but they gave up after a day because the chipper knives got destroyed by contamination in the pile.

This is a couple of pictures I took this morning, so it was done last night as I check the pile before going home each night. As you can see a METAL fence, and WOODEN fence with nails in it are present, along with some trash that got thrown off with it! We are getting large stumps with gravel and rocks in them that we can’t do anything with.

Can we put an article in the paper to inform the public of this issue? It is a shame that people abuse such a good service the Town provides and the people that use it right suffer for it because we may have to stop providing
the service to the public. By state law the Town only needs to provide a Municipal Solid Waste Trash and Recycle facility. I have talked to several other Towns and they had to stop this similar service because of the same thing.

I will put another sign up to read “Tree Limbs Only” No Lumber, Metal, or Trash.

Subject: Delahanty Softball Field Proposal
Attachments: Delahanty Softball Field - Proposal.pptx

Mgr. Davis,

Please find the attached proposal you requested during the discussion we had before the holiday regarding Delahanty Softball Field. The short, eight slide PowerPoint provides a quick look into what I'd like to accomplish with the project, if approved. The costs are rough estimates. They may vary either way when it actually comes down to crunching numbers, but I feel they're fair. As I mentioned in our brief meeting, I'm currently back at work aboard ship, but am available via e-mail if you or anyone on the Council have any questions. Please don't hesitate to ask, and I'll provide the most accurate information I can at the time. I'm scheduled to arrive back in Millinocket August 7, and can be available should an additional meeting be desired. I very much appreciate your help with this matter and your willingness to present the initial information to the Council in my absence. Thank you.

Regards,

Stephen M Jamieson

Purpose
strict MPA regular season deadlines.

With the inception of the Millenniometer Middle School Softball Team, there have been several instances in which they lost games to Varsity Reschedule due to

Game play by the Maine Principals' Association (MPA)

Due to this fact, the field is inaccurate for youth levels and not compatible for

and the baselines are 70 feet.

This means that the pitching distance is 50 feet from the rubber to home plate

Co-ed league play

Currently, Delahanty Field is set up as a 50/70 softball field meant for use in Adult

Foot Usage and/or Bleachers

Proposed Changes

- These changes would allow for the bases and pitching rubber to be placed at 50/70 for the summer adult co-ed softball league.
- Youth distances of 43/60 for their spring season, and be relocated to the original location and an additional at the 43 foot mark for youth levels.
- This would require the installation of three additional base anchors at the 60 foot distance along with two new pitching rubber anchors, one at the current 50 foot.
- To convert the infield to a multi-use set-up.
Baseball Team

The addition of a portable pitcher's mound would make the field available for little league baseball games. If requested or for the inception of a 50/70 Intermediate League, the addition of a portable pitcher's mound would make the field available for little league baseball games. It would also cut back any brush that interferes with these areas.

...
Good condition

Normal field maintenance tools will also be required to keep the infield in

Beam style covered Dugouts, similar to those at the Little League Field

The last major improvement, if funding is available, would be post-and-
$3000 - $4000
Estimated cost of materials for post-and-beam style dugouts

$2500 - $3000
Estimated cost of new bases & anchors, and materials to repair/replace decking

Rough Estimates of Potential Costs and handrails for safety
By making the proposed changes to the field dimensions and additional facility improvements, Delaney Field would be made available and accurate to approximately 225 youth ball players and coaches (based on 2017 registration numbers), yet still available for local co-ed leagues and tournaments.

Wallace M. Delaney was my grandfather. He dedicated his life to the youth of the Kathadin Region. I would like to keep his memorial in good condition and available for all youth ball players in the region, as he would have wanted.

Parady, Cimbollek, Spurling among 19 new Maine Basketball Hall of Famers

Mary "Kissy" Walker (left) has been selected for induction into the Maine Basketball Hall of Fame.

By Ernie Clark (https://bangordailynews.com/author/ernie-clark/), BDN Staff
BANGOR, Maine — Paul Cook didn’t expect to play Division I college basketball when he picked up the sport as a youngster in the tiny coastal town of Lubec.

But a 5-inch growth spurt after his eighth-grade year to 6-foot-4 helped spark an 1,800-point high school career, followed by a valuable year of prep school that propelled Cook to live out his Division I dream at the University of Maine.

He traces much of that success to his Down East roots.

“I started playing around the time I was [in] third or fourth grade,” said Cook, owner of a Bangor-based real estate, investment management and brokerage business.

“I fell in love with basketball immediately and just had an enormous amount of support from the people in Lubec and the people of Washington County, and it drove me to become better because it was such a passion for me,” he said.

Cook, 55, is among 19 former coaches and players who will be part of the fourth induction class of the Maine Basketball Hall of Fame.

The Class of 2017 will be inducted Sunday, Aug. 20, at the Cross Insurance Center. A news conference announcing the honorees was held Wednesday morning at the center.

“This is more of an eclectic group than we’ve had in the past,” said Tony Hamlin, chair of the Hall of Fame’s selection committee. “We’re kind of blending toward getting into the modern era, which is after 1980.”

Joining Cook in the Hall of Fame Class of 2017 are Terry Carr, who helped Stearns High School of Millinocket to the 1963 New England championship before going on to play at UMaine; Rob Cimollek, who established 11 records while playing at Husson College before embarking on a long career in both officiating and coaching, the latter effort producing five state championships and six Eastern Maine crowns; and Diane Nagle, who helped Houlton High School win four consecutive Eastern Maine championships as well as back-to-back state titles in 1985 and 1986 before going on to UMaine.
Also to be inducted are the late Bernard “Bunny” Parady, a coach and administrator in the Mount Desert Island region whose teams totaled 23 tournament appearances, seven regional titles and four state championships in 26 years; Kissy Walker, the former Cony of Augusta and UMaine guard who has coached the Husson University women’s basketball team to more than 425 victories in 26 years; Terry Spurling, who led Ellsworth High School to back-to-back state titles and the 1954 New England championship and went on to play at UMaine before coaching at Aroostook Central Institute of Mars Hill and Houlton High School; and Wally Russell, the Penquis Valley of Milo and UMaine point guard who twice led the Black Bears in assists before going on to compile more than 200 victories as a high school coach in Milo and Guilford.

Other honorees include longtime former University of Southern Maine women’s basketball coach Gary Fifield, whose teams won 660 games and three national championships; former USM star Tim Bonsant, who went on to coach his alma mater, Erskine Academy of South China, to the 2004 Class B state title; former UMaine at Farmington standout Cameron Brown, the 1978 NCAA Division III scoring leader; and former Gorham High School and University of New Hampshire women’s basketball star Kelly Butterfield, who later played professionally in Ireland and Australia.

Also to be honored are former York girls basketball coach Rick Clark, who led his teams to 509 victories, four state championships and six regional titles; Derek Counts, who scored more than 2,000 points at Oak Grove-Coburn School in Vassalboro and more than 1,000 points at the University of New Hampshire; and Lewiston’s Dick Giroux, who scored 1,510 points and grabbed 964 rebounds for Husson College from 1967 to 1970.

The Hall of Fame lineup also includes Derrick Hodge, a two-time All-Maine performer at Morse High School of Bath who went on to score 1,206 points at UMaine; Cathy Iaconeta, the diminutive point guard who starred at Portland High School who went on to earn all-conference honors at UMaine, where she captained the Black Bears to a 23-7 record and an NIT berth in 1990; Tom Maines, who amassed 369 victories during a 30-year coaching career that included three consecutive state championships while at Morse of Bath during the late-1980s; and Jim Stephenson, who set the UMaine record for points in a game with 54 in 1969 and also holds the school mark for career scoring average (22.7 ppg).

Set to be honored in the hall’s "Legends" category are former Bangor coach Frederick “Red” Barry, legendary Jonesport-Beals guard Dwight Carver, longtime Augusta middle-school coach and sportswriter Gary Hawkins, Bath’s Chick Marchetti, a southern Maine basketball official for more than 40 years; two-time first-team All-Maine guard Tom Pelletier of Fort Kent and Waterville-area broadcaster and sportswriter Bob Woodbury.

Teams to be recognized are the undefeated Class A state champion 1979 South Portland High School boys squad and the 1980 Westbrook High girls team, one of a string of four straight Class A state championship teams from that school.

Cook, whose graduating class at Lubec barely numbered 30, routinely put up that many points in a game for the Hornets. At one point as a senior in 1979, he averaged 33 points and 25
rebounds.

As that legend grew, Cook and the Hornets increasingly drew the attention of the broader basketball community.

“We would play at home to sold-out crowds, standing-room-only, and then we’d go to Washington Academy or wherever, and the same thing would happen,” he said.

“That’s what the essence of high school basketball is about. You look at Lubec High School, and it closed in 2010, but being there and playing basketball back when I did was a big deal. It was special to all of us, and I had great teammates and coaches to help me along.”

Cook transitioned from the Class D high school ranks to the Division I college wars by playing postgraduate basketball at Maine Central Institute of Pittsfield, helping coach Terry Kenniston’s club win the 1980 New England championship with a 26-1 record.

“The one year at MCI, I learned I could compete with kids that later on earned Division I scholarships — and a couple even tried out with the Boston Celtics,” he said. “That I was able to be part of that starting unit and be successful gave me the confidence I needed to be successful in Division I.”

Cook’s early days at UMaine featured a unique introduction to big-time hoops.

“When I was a freshman at Maine, we played DePaul at the Bangor Auditorium, and we got in foul trouble early, so [coach] Skip [Chappelle] looked down the bench and called my name and asked me to go into the game,” said Cook. “The two or three minutes that I was in the game, I remember that I couldn’t feel my arms I was so nervous, so that kind of explains the difference between playing at Lubec High School and at the University of Maine.

“You got used to it after a while, but that was one of my first college games ever, and to step onto the court against [future NBA stars] Mark Aguirre and Terry Cummings was unreal. The basketball felt like a beach ball,” he said.

Cook was a role player at UMaine, where his teammates included future NBA players Rick Carlisle and Jeff Cross and current Chicago Bulls assistant coach Jim Boylen.

He captained the team as a senior and averaged 6.7 rebounds per game during the 1983-84 season.

“My role was very defined by the coaching staff, what I was supposed to do and what I wasn’t supposed to do,” Cook said, “and I think as long as I stayed in that role, I was able to be successful.”

INAUGURAL INDUCTION & DINNER 2014
Cross Insurance Center
BANGOR, ME | AUGUST 21
Celebrating the history of Maine Basketball and those who have played a role in it
The Town of Millinocket wants to congratulate all the inductees to the 2014 Maine Basketball Hall of Fame for being recognized as outstanding athletes, coaches or officials for the sport of high school and college basketball.

The Town Millinocket is especially proud to have Players Jon MacDonald and Steve Pound, Coach George Wentworth and Referee Jim DiFrederico recognized and inducted into this inaugural ceremony. Basketball in Maine and especially in Millinocket has been a tradition from generation to generation and a source of uplifting community spirit. Millinocket has always held these individuals in high regard and respect.

Congratulations and continued best wishes to the Maine Basketball Hall of Fame and its Inductees.

John, here are the (4) paving bids: Can we put this in an order to award B+B Paving the job for street paving this year?

They came in the lowest per ton. I think I will have room to add a couple more areas since the price is so low.

ORDER #190-2017

PROVIDING FOR: Approval for the Town Manager to sign the necessary paperwork for the Airport Improvement Grant.

IT IS ORDERED that the Millinocket Town Council authorizes the Town Manager to sign all the necessary paperwork to complete the execution of the Airport Improvement Program (AIP) Project No. 3-23-0030- O19-2017, at the Millinocket Municipal Airport in Millinocket, Maine.

PASSED BY THE COUNCIL: __________________________

ATTEST: __________________________
JUN 21 2017

Mr. Harold Davis  
Town Manager  
Town of Millinocket  
197 Penobscot Avenue  
Millinocket, Maine 04462

Dear Mr. Davis:

We are enclosing the original and one copy of the Grant Offer for Airport Improvement Program (AIP) Project No. 3-23-0030-019-2017 at Millinocket Municipal Airport in Millinocket, Maine. This letter outlines expectations for success. Please read the conditions and assurances carefully.

To properly enter into this agreement, you must do the following:

a. The governing body must provide authority to execute the grant to the individual signing the grant; i.e. the sponsor’s authorized representative.

b. The sponsor’s authorized representative must execute the grant, followed by the attorney’s certification, prior to July 27, 2017, in order for the grant to be valid.
   - The date of the attorney’s signature must be on or after the date of the sponsor’s authorized representative’s signature.
   - All signatures must be made with blue or black ink; Signature stamps will not be accepted.

c. You or your representative may not make any modification to the text, terms or conditions of the grant offer.

d. After you properly execute the grant agreement:
   - Return the executed Grant Offer Agreement marked “Original” to us (attn: Jean LoGiudice) by overnight mail or regular mail, so that we receive it on or before 12:00 (noon) on Fri, July 28, 2017.
   - Retain executed Grant Offer Agreement marked “Sponsor” for your records.

Subject to the requirements in 2 CFR §200.305, each payment request for reimbursement under this grant must be made electronically via the Delphie invoicing System. Please see the attached Grant Agreement for more information regarding the use of this System.

The terms and conditions of this agreement require you to complete the project without undue delay. We will be monitoring your progress to ensure proper stewardship of these
Federal funds. **We expect you to submit payment requests for reimbursement of allowable incurred project expenses consistent with project progress.** Should you fail to make draws on a regular basis, your grant may be placed in “inactive” status, which will affect your ability to receive future grant offers.

Until the grant is completed and closed, you are responsible for submitting formal reports as follows:

- A signed/dated SF-270 (non-construction projects) or SF-271 or equivalent (construction projects) and SF-425 annually, due 90 days after the end of each federal fiscal year in which this grant is open (due December 15 of each year this grant is open); and
- Performance Reports, which are due within 30 days of the end of a reporting period as follows:
  1. Non-construction project: Due annually at end of the Federal fiscal year.
  2. Construction project: Submit FAA form 5370-1, Construction Progress and Inspection Report at the end of each fiscal quarter.

As a condition of receiving Federal assistance under this award, you must comply with audit requirements as established under 2 CFR part 200. Subpart F requires non-Federal entities that expend $750,000 or more in Federal awards to conduct a single or program specific audit for that year. Note that this includes Federal expenditures made under other Federal-assistance programs. Please take appropriate and necessary action to assure your organization will comply with applicable audit requirements and standards.

Once the project(s) is completed and all costs are determined, we ask that you close the project without delay and submit the necessary final closeout documentation as required by your Airports Regional Office.

Luke Garrison, 781-238-7622, is the assigned program manager for this grant and is readily available to assist you and your designated representative with the requirements stated herein. We sincerely value your cooperation in these efforts and look forward to working with you to complete this important project.

Sincerely,

Mary T. Walsh
Manager, Airports Division

Subject: PWD Underground Gas Tank

John, can we get an order for next council meeting to award the job of replacing our gasoline tank here at Public Works?

I have two estimates from licensed tank installers:

GafTek and Dave Beaumont which I recommend. Dave Beaumont who came in with the lowest estimate of just under 50K. (see attached estimates.)

We have 50K in our 5-year capital plan FY 2018. If the total cost becomes higher than that, the other Departments that use this fuel could contribute if necessary.

I would like to get this process moving now so we can meet the DEP’s deadline to get our existing underground tank removed.

Thanks,

Deadline for Removal of Underground Oil Storage Tanks

December 1, 2016

Ralph Soucy
Town of Millinocket
197 Penobscot Avenue
Millinocket, Maine 04462

RE: Millinocket Public Works Department (Registration # 1900)

Dear Mr. Soucy,

We are contacting you because you own an underground oil storage facility that includes one or more underground oil storage tanks (USTs) with a manufacturer's warranty that will expire in 2018. A list of the affected facilities and tanks is enclosed with this letter.

State law and the Department's Rules for Underground Oil Storage Facilities (96-036 CMR 694 (3)(F)) require that underground oil storage tanks and associated piping (facility) be removed from service and properly abandoned when the manufacturer's warranty expires. For the purpose of implementing this requirement, the Department considers the date the tank was installed to be the start of the warranty period.

The rules include a provision for extending the life of a single walled tank by retrofitting the tank with secondary containment.

The full text from the law and rule are enclosed at the end of this letter and may be found on the Department's website at http://www.maine.gov/epa/ust and www.epa.maine.gov/cmr/694-3-f-r.php, respectively.

The Department recommends that you contact a Maine Certified Underground Storage Tank Installer as soon as possible to begin making arrangements for removal of your tank(s). Many CTIs, tank manufacturers and other industry professionals are reporting increasing delays due to equipment and CTI availability. A link to a list of CTIs is here.

Instructions for UST facility removals including the removal notification form ("removal notice") are located here. The information in the enclosure is an HTML file that may be opened and read completely.

Sincerely,

[Signature]

[Organization]
If contaminated soil or groundwater is discovered during removal of your underground oil storage facility, you must notify the Department as soon as possible but no more than two (2) hours from discovery to be exempt from penalties under Maine law. To report a release, call the Department's statewide spill reporting number at 1-800-482-0777.

Unless you plan to retrofit the tanks with secondary containment in accordance with the requirements in the rules, the underground oil storage tank(s) must be permanently taken out of service no later than 30 years from the date of installation and must be properly abandoned (removed) within 60 days thereafter.

Please contact me if you have any questions about this letter or need assistance. I can be reached by phone at (207) 287-7836, at the email address below, or at the Department's letterhead mailing address in Augusta. Thank you for your attention to this important matter.

John Davis, Town Manager  
Town of Millinocket  
197 Penobscot Ave  
Millinocket, ME 04462-1472

Dear Mr. Davis:

As you are aware I purchased the Tanous Building at 215 Penobscot Avenue last year to renovate and develop in the same manner as I did the Fruit Store at 158 Penobscot Ave which was completed and leased three years ago to Living Innovations Support Services, Inc. which presently has 48 employees.

The renovation plans at 215 Penobscot Ave are based on my conversations with potential tenants and their needs for employee and client parking in the back and a handicapped accessible entrance in the front. This project will depend on us acquiring the so-called Magic Kingdom Lot on Aroostook Avenue.

Therefore I hereby request and offer to purchase the Magic Kingdom Lot on Aroostook Avenue as is for the sum Five Thousand Dollars ($5,000.00).

Very truly yours

ATTEST: __________________________
RECREATION SERVICES AGREEMENT

THIS AGREEMENT, made as of the ___ day of ___ July ___________, 2017,
by and between the towns of MILLINOCKET and EAST MILLINOCKET, municipal
corporations organized and existing under and by virtue of Maine law,

WITNESSETH:

Recitals:

1. East Millinocket currently provides a recreation services program for its municipal residents and employs a full-time Recreation Department Director for that purpose.

2. Millinocket wishes to expand recreation services for its residents, in the most cost-effective and efficient manner.

3. For the purpose of expanding recreation program services available to their respective residents and to achieve a mutual cost savings, and in consideration of the respective payment obligation and undertakings set forth below, Millinocket and East Millinocket hereby agree as follows:

Agreement

1. Services. East Millinocket hereby agrees to provide the services of its Recreation Director (incumbent Jody Nelson) (hereinafter “Director”), together with the services of the Town of Medway’s recreation staff employee as provided under a separate agreement between those parties as Assistant Recreation Director (hereinafter “Assistant”), to plan, implement, administer and oversee a program of recreation services in the Town of Millinocket, during the term of this Agreement. Subject to the additional specific provisions below, duties to be performed by the Director and Assistant shall include the
following:

Program design and planning
Program scheduling and record-keeping
Staff Training
Volunteer recruitment and training
Staff and volunteer oversight and supervision
Program fee collection and accounting
Joint purchasing

2. **Effective Date and Term of Agreement: Renewal.** Subject to prior approval by the parties’ respective boards of selectmen and budget authorization by the two towns, this Agreement shall take effect July 1st, 2017 and shall remain in effect for a period of one (1) years thereafter. Either party may withdraw from the agreement at anytime with a given notice in writing at least (3) months in advance.

3. **Annual Fee.** For all services to be provided under this Agreement, Millinocket shall pay an annual fee to East Millinocket. The fee for the this year of this agreement is $38,803.00 increased by the aggregate dollar increase, if any, in the salary and benefits of the Director and Assistant Director. The annual fee shall be paid in two equal installments, one each, on the semi-annual fee payments dates of September 15th and March 15th of each year. The annual fee shall be subject to review and amendment as provided in section 5 of this Agreement relating to annual review.

4. **Annual Review.** Unless a notice of termination has been given as provided in section 2 above, the parties, by their respective recreation committees, shall meet in May and annually thereafter, for the purpose of reviewing operations under this Agreement and recommending any necessary changes hereto to their respective boards of selectman.

a. Office Equipment. Millinocket shall make its existing recreation office equipment available for use by East Millinocket at the Director's office in East Millinocket. Such equipment shall be used in connection with Millinocket recreation programs or common recreation programs of Millinocket, East Millinocket, and Medway. In the event it becomes necessary during the term of this Agreement (including extensions hereof) to replace any such equipment or other office equipment used for Millinocket or common recreation program purposes, Millinocket agrees to pay 59.1% of the cost of such replacements.

b. Office Location and Schedule. All recreation programs to be provided under this Agreement shall be administered from the Director's existing recreation office in East Millinocket. The Director shall establish additional office hours in Millinocket, at a location agreeable to the parties, as needed.

c. Programs. The Director shall meet with the Millinocket recreation advisory committee on a monthly basis to review program operations. The Director shall consult with the Millinocket recreation advisory committee prior to establishing or implementing new recreation programs in Millinocket. However, in the event of a disagreement, the Director shall have final authority with respect to design and implementation of new programs.

d. Program Locations. All recreation programs to be provided to Millinocket under this Agreement shall be conducted on municipal property of the Town of Millinocket, and not on private property, unless special permission is given by Millinocket's recreation advisory committee. All recreation programs involving travel to locations outside of Millinocket must be approved in advance by the Millinocket recreation advisory committee.

e. Program Fees. It is the parties' intention that recreation programs to be conducted in Millinocket, East Millinocket and Medway during the term of this Agreement (including extensions hereof) shall be open to residents of all three
municipalities, without payment of a fee. While this Agreement and a related agreement between East Millinocket and Medway shall both remain in effect, neither party shall charge any non-resident or additional program fee to residents of Millinocket, East Millinocket, or Medway participating in such programs. From time to time, special programs may be established that require payment of a fee to cover that program’s special or additional cost. All such special program fees shall be collected by the Director and paid over to the municipality in which the programs concerned originates or is being conducted.

f. *Program Expenses.* All recreation programs expenses including recreation equipment purchases, athletic field maintenance, etc., except compensation and benefit expenses for the Director and Assistant, shall be billed to and paid directly by the municipality where the recreation program is conducted. When the recreation program concerned consists of a team activity with games in multiple municipalities, the municipalities where the “home” field for a team is located shall be responsible for payment of that team’s program expenses.

In the event the Director determines that certain equipment or supplies (e.g. pool chemicals) may be purchased more conveniently or at a lower price in bulk, the Director may make such purchases and prorate the cost between the parties, based on their respective percentage utilization of the equipment or supplies concerned.

g. *Staff and Volunteer Selection and Training.* The Director, following the policies of the three communities will have authority to recruit, select, train, supervise and terminate all recreation program staff and volunteers. The Director shall develop written policies as needed for this purpose. Prior to beginning duties involving direct contact with recreation programs participant, all recreation staff and volunteers must successfully complete a criminal background check. Criminal background checks for this purpose shall be conducted by the police department of the municipality in which the staff member or volunteer resides. If a prospective staff member or volunteer resides outside of the area, the Police Department of the prospective town shall conduct the criminal background check. If a fee is charged for the background check the municipality which has requested the background check shall be responsible for paying the fee.
6. Insurance and Indemnification. During the term of this Agreement (including any extensions hereof), Millinocket and East Millinocket shall each maintain in force comprehensive general liability insurance in a minimum coverage amount of $1 million per occurrence / annual aggregate combined single limit, to insure against all claims of any person for personal injury or property damage arising out of operation of recreation programs within that municipality. Each municipality shall defend, indemnify and hold harmless the other party to this Agreement against all such claims arising within the indemnifying municipality.

   a. Choice of Law; Venue for Suits. This Agreement is made under and shall be construed and enforced in accordance with the laws of the State of Maine. No action between the parties to this Agreement to construe or enforce its terms shall be valid unless filed in the District or Superior Courts of Penobscot County, Maine, and otherwise shall be barred.

   b. No Waiver of Immunities. Except as expressly provided herein, nothing in this Agreement shall be deemed to waive or modify any immunity from judgment or suit, including limitations on damages, enjoyed by the respective parties under provisions of the Maine Tort Claims Act, 14 MRSA sec. 8101 et seq. or other provisions of law.

c. No Private Benefit. Nothing in this Agreement shall be construed as creating any private right, benefit, claim or cause of action on the part of any private person or organization, it being the parties’ intention that this Agreement is for the sole and exclusive benefit of the parties hereto.

d. Status of Director and Assistant. Throughout the term of this Agreement (including extensions hereof), except as to the parties’ respective indemnification obligations under section 7 above, the Director shall for all purposes be deemed to be
an employee of East Millinocket, which shall be solely responsible for selection, hiring, compensation, evaluation, promotion, disciplining, and termination of the Director. Throughout the term of this Agreement (including extensions hereof, the Assistant, insofar as performing recreation duties for Millinocket or East Millinocket under the supervision of the Director, shall be deemed to be an employee of the Town of Medway for administrative and compensation purposes, and to be under the supervision of the Director for the purpose of work assignments and oversight.

e. Status of Agreement. This Agreement shall be deemed to be a contractual agreement for the purchase and provision of municipal recreation services between the respective parties hereto. This Agreement shall not be deemed to constitute a joint exercise of powers agreement under 30-A MRSA sec. 2101 et seq. or to constitute a delegation of governmental powers between parties. Notwithstanding provisions in this Agreement regarding consultation for various purposes, East Millinocket, as the services provider, shall have final authority in the event of any dispute to determine all operational questions related to the provisions of services contemplated herein.

8. Amendments. This Agreement may be amended only in writing, approved by majority vote of each of the parties’ respective town council and board of selectmen, and duly executed on their respective behalves.
