

To the residents of Millinocket:

Millinocket is a great town with many fine, outstanding citizens, but we have some that are a little lax in maintaining their properties. This creates hardship on their neighbors; therefore, the town must write ordinances to protect everyone. As your new code enforcement officer, I want you to know that I will be driving around town and will be citing properties that are in violation of the codes for the Town of Millinocket and State of Maine. I took an oath to enforce the codes for the Town and stand firm in doing so.

My one request is that everyone work together to maintain their yards and properties. An example is the Property Maintenance Ordinance, which states that all premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. This means everyone needs to keep his or her lawns mowed. This does not include flower gardens or shrubs. Another section states that you can have no more than ONE unregistered vehicle on the premises. Now, I am also guilty of not caring for my property, but I am working on rectifying that situation. We are trying to bring Millinocket up to a standard that everyone can be proud of. Some of you may have already received a letter. If you do get a letter, please read it and correct the deficiency. Should you have any questions, please feel free to contact me. I would be happy to answer your questions.

As I move forward in this new job, I look forward to meeting the new members and visiting with the settled members of our fine community.
Together we can put the Magic back in Millinocket

Richard Angotti

Town of Millinocket
