HOST FAMILIES NEEDED

The Millinocket School Department's International Program is seeking housing for international students who need homestays. We have several potential students from Europe who are looking to apply to Stearns for the fall and spring 2019-2020 academic school year.

Students are looking to live with an American family so they can experience our culture and expand their English language skills before moving on to university studies. This is a great opportunity not only for the student, but also the host family to learn about another culture.

The school, the international student's family and the student all appreciate your generosity.

Home stay families receive a \$500.00 monthly stipend designed to offset the cost of food and transportation expenses.

It is not a requirement that the homestay family be a Stearns Junior-Senior High School family, but rather area families who know the school well may have an easier time acting as a liaison between the student and the school.

All U.S. schools are required to do a background check on the adults living in the host family home. There is no expense to you.

If you're interested in hosting a student for one month, two months, and a semester or for the year, please contact me.

If you have any questions or need additional information about our international program please don't hesitate to contact me.

Thank you in advance for your help.
