6. 4<sup>th</sup> of July 2020: Discussion was held on events and other things that might be happening, Mike Crowley spoke about things the Alumni Association may want to do and will provide more info as they start to plan as well. Discussion was held on trying to get the bankings cleared so we could place the fireworks back up on the Golf Course. Tom will check and see what would have to happen to make that a possibility. Parade is coming along great and units from Anah Temple as set.
7. Other Events or Projects: Ben Barr spoke of the Churches not doing a Christmas Cantata this year and he would like to put on a Christmas Music Event much talk on when and where was held and the Committee asked Ben to look into it and get back to us, sounds like a great event to help with. Proceeds from this event would go to the local fuel assistance program. Mike Crowley asked if committee was aware of the Bike Maine event that they are looking to have in Millinocket and we are the Town is working with

them on this now and we will stay in the loop for things that we could do to help with it.

8. Event Planner/Calendar: Tom read e-mail that he had received from Cody about the goggle calendar and asked if anyone would be interested in working or looking into this. Committee felt this is something that we should be looking at and had spoken with Sam about and she had a draft of one for us to check out. Mike Crowley is interested in looking into this and will do so and get back to the committee.
