SECTION I - DOWNTOWN REVITALIZATION GRANT APPLICATION OVERVIEW

A. Introduction

The Downtown Revitalization Program (DR) will provide funds to communities to implement comprehensive, integrated, and innovative solutions to the problems facing their downtown districts. These community revitalization projects must be part of a strategy that targets downtown service and business districts and will lead to future public and private investment. Qualified applicant communities must have a downtown district meeting the definition of 30-A M.R.S.A. Section 4301(5-A), and proposed activities must be consistent with PL 776 enacted by the 119th legislature. Multi-jurisdictional applications from two or more communities must designate a lead community.

B. Letter of Intent as DR Application Eligibility Requirement

Eligible applicants for DR funding are limited to those communities receiving prior written OCD approval of their Letter of Intent to Apply. Applicants submitting a DR application without OCD approval of their Letter of Intent will have the application returned un-scored.

C. Public Hearing Requirements

Each applicant is required to hold a duly authorized public hearing during the Application process with a minimum of 10 days prior notice. The hearing must be advertised in local newspapers and posted according to local requirements. The published notice must meet the Title VI requirements set forth in the sample notice contained on Page 20 of this application package. **Any applicant submitting a non-compliant public hearing notice will have five points deducted from their final application score.** Applicants must attach a copy of the published hearing notice, attested copy of the minutes and attendance list to the original and all four copies of the Application.

D. Matching Funds Requirements

Communities applying for DR funds must demonstrate they will provide a direct cash match of **at least 25% of the total CDBG grant award.** The minimum 25% may come from any source public and/or private. This must be reflected on the Matching Funds Table contained on Page 13 of this Application Package. Firm letters of commitment for all cash matching funds must be attached to the table.

E. Financial Commitments as a Threshold Requirement:

Applications for projects not demonstrating a firm financial commitment as required in the application materials will be removed from the scoring process during the threshold review.

F. Maximum DR Grant Amount: **\$300,000**

G. Applicant Prohibitions

Units of local government may not apply for more than one DR program per grant year. Units of local government that benefited from a 2018 DR may not apply for a 2020 DR. In addition, all DR applicants must meet the past performance criteria contained in the 2020 Program Statement on page 8, Section 2 (d), (e), and (f). Eligible units of general local government as defined above may apply for CDBG assistance on behalf of the five Maine Indian Tribes. Maine Indian Tribes are not themselves eligible.

(i) Multiple Year Award Prohibition - Communities may not submit a DR application if they have received or benefited from two (2) DR awards within the five (5) year period prior to the CDBG program year for which applications are being accepted.

H. Multi-Jurisdictional Applications

A multi-jurisdictional application is one submitted from two or more communities joining together to create a single DR program to meet shared problems in the respective communities.

I. Application Process

The selection process for the DR Program consists of two phases - an Application Phase and a Project Development Phase.

1. Competitive Application

The application must provide a narrative description of the Impact, Development Strategy, and Citizen Participation relating to downtown revitalization activities proposed in the application.

The applicant must complete the Application form and may only attach additional information if specifically requested. Please remember to answer briefly and as completely as possible within the allotted space. The focus of the review is to assess the readiness, feasibility, LMI impact, health and safety issues and need for funding from the basic facts of the situation and proposed solution. Reviewing and scoring of applications will begin following the application deadline. Each application will be rated on its own merit and in relation to all other applications. After the scoring process is completed, successful communities will be invited into the project development phase.

2. Project Development

An invitation into the Project Development Phase reserves funds for the project. Program funding is contingent upon the Office of Community Development's (OCD) receipt of funds from HUD and successful completion of Project Development criteria. All aspects of the Project Development Phase must be completed prior to the execution of a contract with OCD and include:

- 1) environmental review;
- 2) cost analysis and justification;
- 3) non CDBG project funds commitments;
- 4) management plan development; and
- 5) specific state and federal requirements.

The emphasis during the Project Development Phase is on development of the best project to meet the community's DR needs. A Development Program Manager will be assigned to work with each community to assist in the finalization of their project. **Applicants have six months to complete the project development phase process or notice of award may be rescinded.**

3. Project Implementation

Following contract execution, the community will be awarded DR funds and will begin to implement their project. The Development Program Manager will remain involved with the community throughout project implementation providing technical assistance and to monitor for compliance with federal and state regulations.
