## **Meeting start time: 1:30 PM**

## **Notes:**

Discussed possible locations, including the comparison of leasing space versus owning. Possible benefit in leasing as it wouldn't require significant upfront capital, whether via bonding or fundraising.

Discussed the potential of renovating the Research building on the mill site-- potentially creating a "campus" with an outdoor area along the river with lawns, picnic tables, etc. Costs are in the millions for rehabbing as the building is in very bad condition (remediating mold and other harmful chemicals/toxins).

Discussed creating social media accounts on instagram and snapchat to engage with the youth of the town-- will be put together by next meeting. Discussion on the potential account name.

ATE PIZZA!!! From Katahdin General (delivered).
