Dylan Evans- Present

## **Guest:**

Brittany (Northern Forest Center)

## **Meeting start time: 1:30 PM**

## **Notes:**

1:30 Matt explains the propose of this committee

1:34 introduction from Brittany. Concern is what the plan would look like? Would we purchase the property or long term lease?

1:37 Students introduce themselves.

1:41 ideas for the community center; possible area for sports? Boxing area safe for kids? Exercise equipment for practice? Magic the Gathering, Pokémon cards etc. A more comfortable feeling rather than a “corporate” feeling. Fuse ball tables. Video game station? Student run bar or areas in the community center. Inside and outside area (Like the sports area mentioned above). Wi-Fi is a needed.

1:48 Want to see more activities in town. Want to see more events or stuff to do in the wintertime. (Community center would be a great factor)

1:52 Want to see an academic support area? Possibly student led?

1:53 More lights on the Michaud trail. No lights to walk. Want to see more lights in neighborhoods.

1:57 Possible transportation to Baxter for students (or anyone) from town.

1:58 End of Meeting
