TOWN OF MILLINOCKET

ANNUAL REPORT OF THE

MUNICIPAL OFFICERS FISCAL

YEAR

2019-2020

(JULY 1, 2019, TO JUNE 30, 2020)

TOWN OF MILLINOCKET

Richard Angotti, Town Manager
197 Penobscot Avenue, Millinocket, Maine 04462
Telephone 207-723-7000 FAX 207-723-7002
E-Mail manager@millinocket.org Web Site www.millinocket.org

To the Taxpayers and Residents of Millinocket:

I respectfully submit the annual report to you on the condition of the Town of Millinocket for Fiscal Year 2019 (July 1, 2019, to June 30, 2020). The year was challenging and had several highlights, some of which are noted below.

We lost our Assessor and code Enforcement officer in January for greener pastures which left us without anyone in that office. We were lucky to acquire the talents of Lorna Thompson who had worked for the town before as a young assessor. Now as a seasoned assessor she brings a wealth of knowledge on assessing and all the legal aspects of it. We are fortunate to have her on our staff. We also hired Richard Angotti as our new Code Enforcement Officer. Richard is a life-long resident of Millinocket and has a passion for helping his community.

Our Katahdin a non-profit group who purchased the old GNP mill site are developing a plan to redevelop it which will also revitalize the region. They have many hurtles to overcome and we will work with them with the fortitude and vigor to bring the Magic City back to life again.

During this year we saw Covid-19 hit and start to weave its way through our country like a serpent devouring its pray and bringing this country almost to a standstill. Our schools had to develop a plan for remote learning that drove or educators to rethink how to teach and educate our students. This showed us the fortitude and determination of the outstanding staff and educators we have in our schools.

With the governor declaring a state of civil emergency in March of 2020 and shutting everything down, we took to the digital platform both in school and in government. We learned how to ZOOM and developed ways to work from home as well as having team meetings weekly to keep everyone informed on what was happening. We created ways to keep the staff safe while working around the illness that had blanketed our country, State, and community. We got creative in ways to run government that kept both the staff and residents safe with social distancing and many other ways. With all that we survived, learned, and continue to learn while we wait for a vaccine to be developed.

We need to continue to communicate with each other to survive. Our churches are shut down and praying remotely seems the best we can hope for. Our community is devastated but we will emerge from under this dark cloud, and we will flourish and bloom again. Together we can make it happen. The magic will come back to Millinocket.

I want to thank the Citizens, the Staff, and the Town Council, for their support in keeping the faith and continuing to believe in us during this time of trouble we are in.

Interim Town Manager Richard Angotti

Dear Friends,

As 2019 ends and 2020 begins, I am pleased to report that Congress made progress on a number of issues important to Maine families despite the polarization in our country.

In a major win for surviving military and retiree spouses to whom we are deeply indebted, I was proud to co-lead the repeal of what is often referred to as the "Military Widow's Tax," an unfair offset of survivor benefits that has prevented as many as 67,000 surviving spouses—including more than 260 from Maine—from receiving the full benefits they deserve.

The high cost of health care and prescription drugs continues to be a top issue for families and seniors. To provide continued relief for more lower- and middle-income individuals, I led the charge to extend for another two years the medical expense tax deduction that I included in the 2017 tax law. Without this extension, nearly 20,000 Mainers and millions of Americans with high medical expenses, including many with preexisting conditions, would have faced an increased tax burden. In other good news, the CREATES Act I cosponsored became law. It will prevent pharmaceutical companies from blocking access to a sufficient supply of brand-name drugs needed for the studies that allow less expensive alternatives to enter the marketplace.

Improving people's health and wellbeing remains my priority. On a per capita basis, Maine has the highest incidence of Lyme disease in the country. In August, I held a Senate hearing at the University of Maine's Tick Lab on this growing public health crisis. A comprehensive public health strategy to combat this epidemic is needed, and the new law I authored will do just that.

In addition, I helped champion another \$2.6 billion increase for the National Institutes of Health, our nation's premiere biomedical research institution, including significant boosts for Alzheimer's disease and diabetes research. Last year, NIH funded more than \$111 million for research at 14 Maine institutions.

To help prepare the graduates of Maine Maritime Academy, I secured \$300 million for a new training ship, which will ensure rigorous instruction for MMA students for decades to come.

Significant federal funding was approved for work at Bath Iron Works and Portsmouth Naval Shipyard. Funding appropriated by Congress will pay for three new destroyers, make a down payment on an additional ship, and finance infrastructure improvements at PNSY.

As Chairman of the Transportation and Housing Appropriations Subcommittee, I have led efforts to improve our nation's crumbling infrastructure and ensure that Maine's housing needs are addressed. For Maine's roads, bridges, airports, and seaports, tens of millions in federal funding will help make urgently needed upgrades and improve safety. Funding will also support housing assistance to low-income families and seniors and aid communities in reducing homelessness among our youth. The Community Development Block Grant program will assist numerous towns and cities in our State.

The Aging Committee I chair has continued its focus on financial security for our seniors. A new law I authored will make it easier for small businesses to offer retirement plans to their employees. Our Aging Committee's Fraud Hotline fielded more than 1,200 calls this year. Congress passed a new law to crack down on robocallers who are often the perpetrators of these scams. And a new law I authored will expand the IRS' Identity Protection PIN program nationwide to prevent identity theft tax refund fraud.

At the end of 2019, I cast my 7,262nd consecutive vote. In the New Year, I will keep working to deliver bipartisan solutions to the challenges facing Maine and the nation. If ever I can be of assistance to you, please contact one of my state offices or visit my website at www.collins.senate.gov. May 2020 be a good year for you, your family, your community, and our state.

Sincerely,

Susan M. Collins United States Senator

Lucan M Collins

Town Clerk

REPORT OF THE REGISTRAR OF VOTERS

Voter enrollments were accepted during regular business hours as well as when the polls were open.

Three elections were held during FY19/20. The School Budget Validation Referendum Election was held July 16th, 2019, the General/Referendum and Municipal Elections were held on November 5th, 2019, and the Presidential Primary Special Referendum was held on March 3rd, 2020. The breakdown as of June 30, 2020 of the total number of Registered Voters for the Town of Millinocket and the Penobscot and Piscataquis Unorganized Territories is as follows:

| RESIDENTS OF: | TOWN OF MILLINOCKET | UNORGANIZED TOWNSHIPS |
|-------------------------|------------------------|-----------------------|
| Democratic Party | 1090 | 103 |
| Republican Party | 898 | 93 |
| Green Independent | 82 | 3 |
| Un-enrolled Voters | 1064 | 116 |
| | | |
| Total Registered Voters | 3134 | 315 |

Respectfully submitted,

Diana M. Lakeman

Town Clerk

GENERAL ASSISTANCE

Office of Town Manager/Treasurer (207)723-7000

NOTE/STATEMENT **

The General Assistance Program is an emergency service administered by the Town. The program is to provide aid to eligible persons who are unable to provide the basic necessities essential to maintaining themselves and their families. The requirements of the program are eligibility standards and levels of assistance pursuant to applicable State of Maine statutes, and the Town of Millinocket General Assistance Ordinance as ordered by the Town Council. The General Assistance program is reimbursed by the State of Maine at 70% for its expenditures. The program is confidential therefore aggregate numbers are used.

In fiscal year 2019-2020, \$26,800 was appropriated for General Assistance, \$6,834.17 was expended and \$4,783.92 was received in reimbursement from the State of Maine.

In fiscal year 2019- 2020, the General Assistance Program financially assisting 30 households. These households consisted of 53 individuals. The number of appointments for 2019-2020 was 38.

Aspire, a state-run program, has assisted in helping individuals become employed and more self sufficient. The program requires TANF clients, to work as a volunteer in their community a certain number of hours as an eligibility requirement for their TANF checks. This has increased the amount of people actually going out and becoming employed, which will help decreased their need for General Assistance. This office continues to assist individuals in applying for Social Security, Temporary Aid to Needy Families, Women Infants Children Program, Fuel Assistance Program, Food Stamps, Rent/Tax Rebate Forms and other programs. The office has a Workfare program, which is an eligibility requirement for applicants to receive General Assistance. Applicants are assigned to work at one of the Towns Department sites.

**The Millinocket Public Welfare Department's goal is to help more clients to become self sufficient, therefore decreasing the need for public assistance.

Respectfully Submitted,

Welfare Director

TOWN OF MILLINOCKET

197 Penobscot Avenue Millinocket, Maine 04462

Office of Town Manager/Treasurer (207)723-7000

PERSONNEL OFFICE

NOTE/STATEMENT**

The Personnel Office oversees monitors and participates in the application and employment process for all Town of Millinocket personnel. The Personnel officer also implements and review's the Affirmative Action Plan of the Town and other duties as designated by the Town Manager.

The office is responsible for updating all job descriptions annually and preparation of all advertisements for positions within the Town of Millinocket. Screening of applications, scheduling and administration of all testing used in the selection process. Participation in interviews with appropriate department heads assist in the determination of the best-qualified applicant according to the criteria set forth.

Personnel is responsible for all personnel records and prepares monthly reports of vacations, personal time off and sick leave taken. Participates in the Grievance Procedure as outline in Personnel Policy. Responsible for preparation and presentation of annual budget.

Daily written and oral communication with Maine State Retirement System, Maine Municipal Employee Health Trust, Workers' Compensation, Unum, Vendors, Community Service Organization and Town employees to inquiry or to retrieve information essential to the Town of Millinocket or its employee's.

**The Personnel Offices goal is to continue to service the employee's and correspondence in a courteous and efficient manner.

Respectfully, Submitted,

Personnel Director

TOWN OF MILLINOCKET PUBLIC WORKS DEPARTMENT

20 Cedar Street Millinocket, Maine

Tel. (207)723-7030 Fax (207)723-7029

E-Mail: publicworks@millinocket.org Wcb Site: www.millinocket.org

March 8, 2021

To the Citizens of Millinocket:

I would like to thank the citizens of Millinocket for their cooperation while the departments worked to serve their needs. I recognize the inconvenience we create in the roadway while doing line painting, storm drain repair, and sewer line repair work. We truly try to minimize any confusion. Please consider our safety when driving by our work zones. Several MDOT workers are struck and killed each year by vehicles on the highways in Maine.

The Public Works Department was kept busy this year with mowing and trimming roadside, parks, and many other areas around town including the Airport. The department also repaired many deteriorated drainage basins, flushed sewer lines, replaced culverts, and kept up with equipment maintenance. We were able to repair several roads last year milling and paving the worst areas that have high traffic. We received a grant to cover \$125,000 dollars from the Maine DEP to replace the steel culvert that spans Little Smith Brook near the Pines are of Town. It was installed back in 1970. We also have been awarded grant money to help in sewer collection system upgrades as well. The "Sand Buckets for Seniors" project headed up by the Age-Friendly has worked out very well this winter. This is a great service for the elderly. Thanks to all involved.

The solid waste department has stopped some of the recycling that takes place in the Recycle Building baling paper and cardboard items due to Covid-19. The market pricing has also fallen way down causing Towns to have to pay to market the products instead of receive revenue. We will continue to monitor Covid-19 progress, and the recycle market conditions as they may improve hopefully as time goes on.

The Town's Cemetery was busy this past season with approximately 65 burials. Revenue has been strong and balances out the operating costs. We were able to apply Weed Control and Fertilizer this past spring which has make a big difference in the grass appearance. We stopped Grub Control Application and have not noticed any infestation last summer.

We received an Airport FAA grant, and were able to purchase new piece of snow removal equipment. Our old equipment was purchased back in 1994. The Airport Master Plan is now being done to determine the future and needs of our Airport into the next 20 years.

I can't thank the members of my four departments enough for the job they do all year long working together to serve our community. These are very experienced employees and take pride in what they do.

For further information please refer to the Town's Web Site at www.millinocket.org Respectfully,

Ralph Soucier, Director of Public Works

l.T. Somes

Annual Report MILLINOCKET WASTEWATER TREATMENT FACILITY 2019-2020

To The Rate Payers of Millinocket:

In the past year, the Wastewater Treatment Facility collected and effectively treated 252,225,000 million gallons of wastewater. Removal rates of 93 percent for BOD (Biochemical Oxygen Demand) and 91 percent for TSS (Total Suspended Solids) were achieved.

The second phase of the States Streets sewer upgrade project started at the intersection of Cottage Road and New York Street. Only a small section was completed from Cottage Road to Rhode Island Ave. We are hoping to complete this project in the summer of 2021. With continued collection system upgrades, we are reducing inflow and infiltration which helps to better treat the town's wastewater

The Wastewater Treatment Facility continues to provide adequate treatment for our community's sewerage. The percentage of removal at the treatment facility continues to show the dedication of the three person staff along with their commitment of excellence in the preservation of our waterways.

Respectfully Submitted,

sines R. Charotte

James R Charette

Chief Operator, Millinocket Wastewater Treatment Facility

TOWN OF MILLINOCKET FIRE DEPARTMENT

Mission Statement

The Men and Women of the Millinocket Fire Department, a combination department, are committed to providing fire prevention, community education, fire suppression, emergency medical care, natural & man-made disasters response to our community and its visitors through quality improvement, state-of-the-art equipment, proactive strategic planning, and sound resource management.

During fiscal year 2019/2020, the Millinocket Fire and Ambulance Service handled 848 calls for service. The Department responded to 766 Ambulance calls and 82 Fire calls in 2019/2020. The following is the breakdown of the calls for 2019/2020:

FY 2019/2020

AMBULANCE

LOCAL CALLS: 458 TRANSFERS: 143

NON-BILLABLE CALLS: 158 (11 WERE POLICE ASSISTS)

ACLS INTERCEPTS: 7

TOTAL CALLS: 766

FIRE:

ELECTRICAL: 19

ALARM ACTIVATIONS: 12

RESCUES: 10 PUBLIC ASSIST: 6

10-55: 6

MUTUAL AID: 4 SMOKE CHECKS: 4 CO ALARM: 4 VEHICLE FIRE: 4 ILLEGAL BURN: 3 HEATING SOURCE: 2

BBQ GRILL: 2 PD STANDOFF: 2 CHIMNEY: 1 HAZ-MAT: 1 COOKING: 1 FIRE PIT: 1

TOTAL: 82

The Millinocket Fire Department consists of a Fire/EMS Chief, 1 Assistant Chief, and 4 FF/EMT'S The Department is also supplemented with 20 dedicated call Firefighters/EMT/Spare Drivers. In addition, the Department has 4 transfer nurses. Full time staff consists of Chief Thomas Malcolm, Asst. Chief/A EMT Matthew Farrington, FF/Paramedic Addison Matthews, FF/CC Paramedic Mark Evers, FF/B EMT Kevin McAdam, and FF/Paramedic Katie Cullen.

Training is ongoing for all Firefighters and Emergency Medical Technicians.

We hold fire extinguisher and safety inspections for various business as well as for the citizens of our community. We also do alternative heating sources inspections and chimney inspections for the citizens and businesses within our community and provide LSC inspections upon requests and with the Town of Millinocket Assistance Program.

New equipment purchased consisted of a 2020 Ski Doo 900 Expedition Rescue Sled which replaced our 1997 Ski Doo Rescue Sled, also a new Rescue Trailer for the sled. Our current equipment consists of a 2012 Metalfab 1500-gallon pumper, a 2002 KME 750-gallon pumper, a Rescue Boogan to go with the Rescue Sled, a Rescue Boogan on wheels that can be used with the 4-wheeler, a 16 Ft Rescue Boat equipped with a 30HP motor, a 2018 Chevrolet 4X4 extra cab equipped with a fiberglass cap. This equipment is maintained and tested annually and is in excellent condition.

Were able to replace the Fire Station Generator with a new 100,000 KW unit this supplies the Fire Station with power during outages and also supplies power to the Municipal Bldg., we also were able to replace 5 of our outdated Scott 2.2 Air Packs with 5 new Scott 4.5 Air Packs and 10 new air bottles for these packs.

We would like to thank the other Town Departments for their assistance during this past two years and look forward to working with them in the future. Finally, I would like to thank the citizens, Town Manager, and Town Council for their continued support of the department. And a Thank You to the full time and part time members of this department for their continued support and dedication to the Town of Millinocket.

Respectfully Submitted. Chief Thomas Malcolm

RECREATION DEPARTMENT

East Millinocket, Medway, Millinocket, Woodville 53 Main St., East Millinocket, Maine 04430 (207) 746-3553

Dear Residents,

The 2019 and 2020 season was successful. We ran all our programs with great attendance. Our summer is always very busy. The pool averages around 75 swimmers per day and some days we have had over 100 swimmers. We take two playground trips each summer, one to the movies and the other to the water park in Trenton. We also take a movie trip during February vacation week.

We have been awarded a Gloria C. Mackenzie Foundation grant to make some renovations to the Recreation Complex. The renovations include new dugouts, fence repairs and infield work on the Delahanty Softball Field, new fence and infield repairs for the Girls Softball Field, fence work and infield work on the Boys Baseball Field.

We continue to offer a variety of programs for the three communities. We want to thank all the individuals who have volunteered for us; they donate countless hours and without these wonderful people we would not be able to accomplish what we do. The Recreation Commission has contributed many hours of their time and has been a considerable help. It is our goal to keep the Recreation Department as a vital part of the Katahdin Region. We are looking forward to a strong 2021 season and as always, we appreciate your support.

Sincerely Yours,

Jody Nelson

Director of Recreation

Independent Auditor's Report

Town Council
Town of Millinocket, Maine

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Millinocket, Maine, as of and for the year ended June 30, 2020, and the related notes to the financial statements. We were not engaged to audit the financial statements of the discretely presented component unit. These financial statements collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. Because of the matter described in the "Basis for Disclaimer of Opinion" paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the discretely presented component unit.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Town Council Page 2

Except for the matter described in the Basis for Disclaimer of Opinion on the discretely presented component unit paragraph, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Disclaimer of Opinion on the Discretely Presented Component Unit

The financial statements of the Millinocket Memorial Library have not been audited, and we were not engaged to audit the Millinocket Memorial Library financial statements as part of our audit of the Town's basic financial statements. Millinocket Memorial Library's financial activities are included in the Town's basic financial statements as a discretely presented component unit and represented 12.29%, 15.18%, and 3.51% of the assets, net position, and revenues, respectively, of the Town's discretely presented component unit.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the discretely presented component unit paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements of the discretely presented component unit of the Town of Millinocket, Maine. Accordingly, we do not express an opinion on these financial statements.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Millinocket, Maine, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Town Council Page 3

Accounting principles generally accepted in the United States of America require that the pension and OPEB schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Millinocket, Maine's basic financial statements. The combining and individual fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

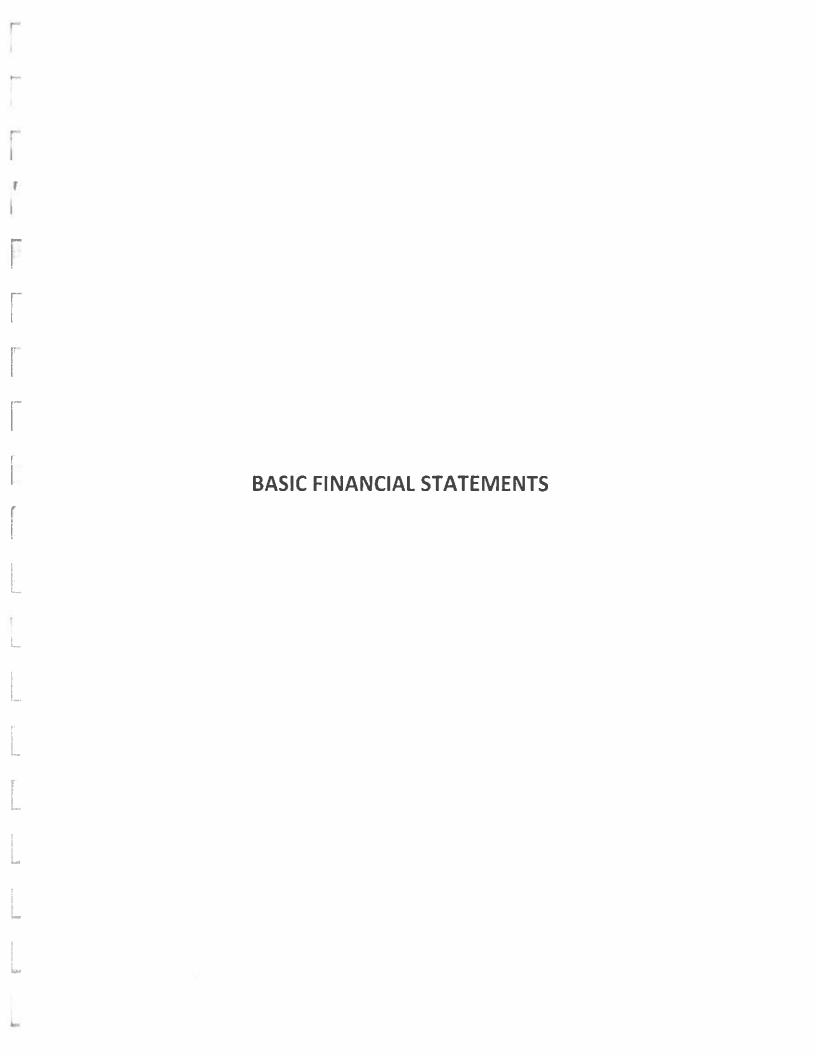

In accordance with Government Auditing Standards, we have also issued our report dated March 23, 2021 on our consideration of the Town of Millinocket, Maine's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to solely describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Millinocket, Maine's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Town of Millinocket, Maine's internal control over financial reporting and compliance.

TOWN OF MILLINOCKET, MAINE Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the year ended June 30, 2020

| For the year ended June 30, 2020 | | |
|---|-----------|-----------|
| Net change in fund balances - total governmental funds (from Statement 4) | \$ | 286,269 |
| Amounts reported for governmental activities in the statement of | | |
| activities (Statement 2) are different because: | | |
| Governmental funds report capital outlays as expenditures. | | |
| However, in the statement of activities, the cost of those assets | | |
| is allocated over their estimated useful lives as depreciation expense. | | |
| The following are changes related to capital assets: | | |
| capital outlay | 667,041 | |
| depreciation expense | (674,583) | |
| loss on disposal of assets | (232,379) | (239,921) |
| Revenues in the statement of activities that do not provide | | |
| current financial resources are not reported as revenues in | | |
| the funds. This is the change in unavailable revenue - property | | |
| taxes, | | (225,600) |
| Some expenses reported in the statement of activities do not require | | |
| the use of current financial resources and, therefore, are not reported | | |
| as expenditures in governmental funds. | | |
| Accrued interest | (9,425) | |
| Accrued compensated absences | (7,201) | |
| Legal judgements against the Town | (45,000) | |
| Net pension liability | 164,681 | |
| OPEB liability | 1,099,470 | |
| Deferred inflows/outflows of resources related to pensions | (106,519) | |
| Deferred inflows/outflows of resources related to OPEB | 474,079 | 1,570,085 |
| Debt proceeds provide current financial resources to | | |
| governmental funds, but issuing debt increases long-term | | |
| liabilities in the statement of net position. Repayment of debt | | |
| principal is an expenditure in the governmental funds, but the | | |
| repayment reduces long-term liabilities in the statement of net | | |
| position. The following are changes in long term debt balances: | | |
| proceeds from debt issuance | (450,000) | |
| principal payments on bonds and note | 250,322 | |
| principal payments on financed purchases | 14,943 | (184,735) |
| Change in net position of governmental activities (see Statement 2) | \$ | 1,206,098 |
| animide in the basinan at Passitinistical assistings (see statement t) | · · | 1,400,030 |

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Millinocket, Maine was incorporated as a Town in 1901 under the laws of the State of Maine. The Town operates under a council-manager form of government.

A. Reporting Entity

As required by accounting principles generally accepted in the United States of America, the financial statements of the reporting entity include those of the Town of Millinocket, Maine (the primary government) and its component units. The decision to include a potential component unit was made by applying the criteria set forth in accounting principles generally accepted in the United States of America which defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government. Application of this criterion and determination of type of presentation involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. Additionally, certain organizations warrant inclusion as part of the financial reporting entity because of the nature and significance of their relationship with the primary government, including their ongoing financial support of the primary government or component unit. Based on the application of these criteria, the Town has reported the following component unit:

Millinocket Memorial Library is a component unit of the Town. Its sole purpose is to provide library services to the Town of Millinocket and is fiscally dependent on the Town. As a result, it is presented in the Town's financial statements as a discretely presented component unit. Separately issued compiled financial statements of the Library can be obtained at Millinocket Memorial Library, 5 Maine Avenue, Millinocket, ME 04462.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The Town has elected not to allocate indirect costs among the programs, functions, and segments. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

C. Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period for property taxes and one year for all other revenues. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as certain compensated absences and claims and judgments, are recorded only when the payment is due.

Those revenues susceptible to accrual are property taxes, interest, and charges for services. Other receipts and taxes become measurable and available when cash is received by the Town and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The Town reports the following major governmental funds:

The General Fund is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Capital Reserve Fund is used to account for transactions related to capital reserves held by the Town.

The Town reports the following major proprietary fund:

The Wastewater Treatment Plant Fund accounts for the operation of a sewer system in Millinocket.

Additionally, the Town reports the following fund type:

Fiduciary funds account for assets held by the Town in a trustee capacity or as an agent on behalf of others. The Town's fiduciary funds include the following fund type:

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. Agency funds are accounted for using the modified accrual basis of accounting. The funds are used to account for assets that the Town holds for others in an agency capacity.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's proprietary fund is charges to customers for sales and services; operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Cash, Cash Equivalents, and Investments

Cash and cash equivalents include amounts in demand deposits as well as time deposits and certificates of deposit owned by the Town. State statutes authorize the Town to invest in obligations of the U. S. Treasury, commercial paper, corporate bonds, and repurchase agreements.

Investments are stated at fair value, unless otherwise indicated. For purposes of the statement of cash flows, all highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents.

Investments of the permanent funds, Wastewater Treatment Plant Fund and Capital Reserve Fund are pooled on a cost basis, with each individual fund subscribing to or disposing of interest in the investment pool on the basis of cost value at the beginning of the fiscal year. As such, investment income, investment expense, and gains and losses on sales of investments are allocated to each fund based on its proportionate interest in the investment pool.

E. Inventory

Inventory consists of airport fuel and supplies and School Lunch Program food, supplies and donated commodities and is recorded at the lower of cost or market on the first-in, first-out basis.

F. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

For the primary government, the following estimated useful lives are used to compute depreciation:

| Buildings and improvements | 10-50 years |
|----------------------------|--------------|
| Interceptors | 35 years |
| Sewer lines | 35-100 years |
| Equipment and vehicles | 5-50 years |
| Infrastructure | 40 years |

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

G. Deferred Inflows and Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources and deferred inflows of resources. These separate financial statement elements, deferred outflows of resources and deferred inflows of resources, represent a consumption or acquisition of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) or inflow of resources (revenue) until that time. The governmental funds report one type of deferred inflow of resources: unavailable revenue from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The governmental activities have deferred outflows and inflows that relate to the net pension liability, and OPEB liabilities, which include the Town's contributions subsequent to the measurement date, which is recognized as a reduction of the net pension liability in the subsequent year. They also include changes in assumptions, differences between expected and actual experience, and changes in proportion and differences between Town contributions and proportionate share of contributions, which are deferred and amortized over the average expected remaining service lives of active and inactive members in the plan. They also include the net difference between projected and actual earnings on pension plan investments, which is deferred and amortized over a five-year period.

H. Compensated Absences

Under the terms of personnel policies and union contracts, vacation and sick leave are granted in varying amounts according to length of service. All compensated absences are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations or retirements.

I. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, if material to government-wide financial statements, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

J. Interfund Transactions

During the course of normal operations, the Town has numerous transactions between funds including expenditures and transfers of resources to provide services, construct assets and service debt. These transactions are reported as transfers.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

K. Fund Equity

Governmental Fund fund balance is reported in five classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which those funds can be spent. The five classifications of fund balance for the Governmental Funds are as follows:

- Nonspendable resources which cannot be spent because they are either a) not in spendable form or; b) legally or contractually required to be maintained intact.
- Restricted resources with constraints placed on the use of resources which are either a) externally
 imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of
 other governments or; b) imposed by law through constitutional provisions or enabling legislation.
- Committed resources which are subject to limitations the government imposes on itself at its highest level of decision making authority, and that remain binding unless removed in the same manner.
- Assigned resources that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed.
- Unassigned resources which have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount.

Generally, all unexpended budgetary accounts lapse at the close of the fiscal year. The Town Council has the responsibility for committing fund balance amounts and likewise would be required to modify or rescind those commitments. The Town Council has designated the responsibility for assigning fund balance to the Town Manager.

Although not a formal policy, when both restricted and unrestricted resources are available for use, it is the Town's intent to use restricted resources first, then unrestricted resources as they are needed. When committed, assigned, and unassigned resources are available for use, it is the Town's practice to use committed or assigned resources first, and then unassigned resources as they are needed.

L. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriations, is employed by the School Department. Encumbrances, if any, have been shown as restricted fund balance at year-end.

M. Use of Estimates

Preparation of the Town's financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent items at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

N. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Maine Public Employees Retirement System Consolidated Plan for Participating Local Districts (PLD Plan) and Maine Public Employees Retirement System State Employee and Teacher Plan (SET Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

O. Other Post-Employment Benefits (OPEB)

For purposes of measuring the OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OPEB Plan and additions to/deductions from the OPEB Plan's fiduciary net position have been determined based on actuary reports prepared by the OPEB Plan's actuary. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

P. Comparative Data/Reclassifications

Comparative data for the prior year have been presented only for certain funds in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds.

STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary vs. GAAP Basis of Accounting

As required by accounting principles generally accepted in the United States of America (GAAP), the Town has recorded a revenue and expenditure for Maine Public Employees Retirement contributions made by the State of Maine on behalf of the Town of Millinocket School Department. These amounts have not been budgeted and result in a difference in reporting on a budgetary basis of accounting vs. reporting under accounting principles generally accepted in the United States of America of \$452,355. These amounts have been included as an intergovernmental revenue and an education expenditure/expense in the General Fund on Statement 4 (GAAP basis) and on the Statement of Activities (Statement 2). There is no effect on the fund balance/net position at the end of the year.

Budget Information

The Town utilizes a formal budgetary accounting system to control revenues and expenditures accounted for in the General Fund. These budgets are established in accordance with the various laws of the State of Maine which govern the Town's operations. The budget has been prepared consistent with the modified accrual basis of accounting. Generally, all unexpended appropriations lapse at the close of the fiscal year.

STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY, CONTINUED

Excess of Expenditures over Appropriations

For the year ended June 30, 2020, expenditures exceeded appropriations in the following categories:

Legal services

\$ 18,155

Public works administration

505

Deficit Fund Balances - For the year ended June 30, 2020, the following funds had a deficit fund balance:

| Adult Education | \$ 4,560 |
|-----------------|----------|
| Title IA - SIG | 65 |
| Preschool Grant | 2,358 |

These deficits will be funded with anticipated future revenues and assessments.

DEPOSITS AND INVESTMENTS

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

As of June 30, 2020, the Town reported the following cash and investments:

| | Governmental <u>Activities</u> | Business-type <u>Activities</u> | Fiduciary Funds | Component <u>Unit</u> | <u>Total</u> |
|---------------------|-----------------------------------|------------------------------------|--------------------|--------------------------|------------------------|
| Cash Investments | \$ 5,465,819 248,909 | 688,276 945,398 | 130,105 | 1,499,661 | 7,783,861 1,194,307 |
| Total | \$ 5,714,728 | 1,633,674 | 130,105 | 1,499,661 | 8,978,168 |

Custodial credit risk - deposits - In the case of deposits, this is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town currently does not have a deposit policy for custodial credit risk. As of June 30, 2020, all of the Town's bank balance of \$6,178,447 was insured and/or collateralized. The Town's component unit, Millinocket Memorial Library, reported deposits of \$1,499,661, of which \$1,249,661 was uncollateralized and uninsured.

Custodial credit risk - investments – For investments, this is the risk that in the event of failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The Town currently does not have an investment policy for custodial credit risk. As of June 30, 2020, all of the Town's investment in money market accounts of \$1,194,307 was insured, which are all considered Level 1 inputs.

DEPOSITS AND INVESTMENTS, CONTINUED

Credit risk – Maine statutes authorize the Town to invest in obligations of the U.S. Treasury and U.S. agencies, repurchase agreements and certain corporate stocks and bonds. The Town currently does not have an investment policy for credit risk.

Interest rate risk – The Town does not have a deposit policy for interest rate risk.

The above funds include \$135,280 (bank balance) related to school activity and school lunch checking accounts. No School Board or Town Council Order has been provided regarding the original setup of these bank accounts. These funds are not under the Town Treasurer's control and most likely not covered under the Treasurer's bond. Legal council would be needed to determine where the fiduciary responsibility ultimately lies for these accounts. It should also be noted that any reference made to the Town's bank balance includes the above-mentioned funds, as they are part of the audit.

PROPERTY TAX

Property taxes for the current period were committed on September 3, 2019, on the assessed value listed as of April 1, 2019, for all real and personal property located in the Town. Payments of taxes were due in equal installments on October 3, 2019 and January 3, 2020. Interest at the rate of 8% per annum was charged on any amounts remaining unpaid after these dates. Assessed values are periodically established by the Assessor's agent at 100% of assumed market value. The 2020 assessed value was 100% of the estimated market value and 94.52% of the 2020 state valuation of \$170,750,000.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$30,967 for the period ended June 30, 2020.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

Property taxes levied during the period were recorded as receivables at the time the levy was made. The receivables collected during the period and in the first sixty days following the end of the fiscal period have been recorded as revenues. The remaining receivables have been recorded as deferred inflows of resources.

The following summarizes the tax levies:

| _ | <u>2020</u> | 2019 |
|-----------------------------|----------------|-------------|
| Assessed value | \$ 161,387,360 | 163,389,000 |
| Tax rate (per \$1,000) | 33.00 | 32.50 |
| Commitment | 5,325,783 | 5,310,143 |
| Supplemental taxes assessed | 3,903 | 10,949 |
| | 5,329,686 | 5,321,092 |
| Less: | | |
| Collections and abatements | 4,975,566 | 5,063,894 |
| | | |
| Receivable at end of period | \$ 354,120 | 257,198 |
| | | |
| Collection rate | 96.40% | 95.17% |

CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2020 was as follows:

| | Balance June 30, <u>2019</u> | Increases | Decreases | Balance June 30, <u>2020</u> |
|--|------------------------------------|------------------|-----------|------------------------------------|
| Governmental activities: | | | | |

| Total business-type activities | | | | | <u>\$ 465,375</u> |

- (1) The Town has entered into an agreement with the bank to fund the retirement of the 2011 General Obligation Bond with annual payments to a trust account. The payments deposited into the trust account are invested and it is anticipated that earnings on the deposit will fund a significant portion of the debt retirement obligation. As such, the payments made into the trust are less than what would be required under a traditional payment schedule. When the bond matures, there is a possibility that the deposits made plus the investment earnings will not be sufficient to retire the entire principal and interest obligation. In that scenario, the Town would be obligated to make a payment to retire any remaining principal or interest due. As of June 30, 2020, the value of the trust account equaled \$883,503.
- (2) On July 29, 2019 the Town entered in a loan agreement with a bank to provide assistance for economic development initiatives at the former GNP mill site. The total amount of the loan is in the amount of \$1,500,000, at a fixed interest rate of 4.65%, payable over 10 years. The loan permits revolving advances and principal payment on an as needed basis during the first 18 months, which expired on January 25, 2021. As of June 30, 2020, the Town drew down \$450,000. The Town did not draw down additional funds subsequent to year end.

On October 11, 2019 the Town loaned Our Katahdin and GNP West, Inc. \$450,000 for development initiatives at the form GNP mill site. Our Katahdin and GNP West, Inc. will reimburse the Town of Millinocket for the debt service payments when they are due. The Town of Millinocket has recorded a receivable for \$450,000, which is the outstanding amount of the note.

LONG-TERM DEBT, CONTINUED

The annual requirements to amortize all general obligation bonds and notes from direct borrowings as of June 30, 2020 are as follows:

| Gove | rnm | ental activities: | Business-type activitie | | |
|-------------|-----|-------------------|-------------------------|------------------|-----------------|
| Year ending | | | | | |
| June 30, | | <u>Principal</u> | <u>Interest</u> | <u>Principal</u> | <u>Interest</u> |
| | | | | | |
| 2021 | | \$ 198,917 | 28,497 | 54,605 | 11,526 |
| 2022 | | 218,777 | 19,857 | 55,588 | 10,543 |
| 2023 | | 139,828 | 17,713 | 56,588 | 9,542 |
| 2024 | | 140,903 | 15,520 | 57,608 | 8,524 |
| 2025 | | 141,963 | 13,317 | 58,644 | 7,487 |
| 2026-2029 | | 514,658 | 30,900 | 182,342 | 16,051 |
| | | | | | |
| Total | | \$ 1,355,046 | 125,804 | 465,375 | 63,673 |

The Town is subject to a statutory limitation, by the State of Maine, of its general long-term debt equal to 15% of the State's valuation of the Town. The Town's outstanding long-term debt of \$1,355,046 at June 30, 2020 was within the statutory limit.

SHORT-TERM DEBT

The Town issued a bond anticipation note within the Wastewater Fund for interim financing until long-term bonds are issued. The bond anticipation note was for \$3,005,000 with an interest rate of 1.15%. Bond anticipation note activity for the year ended June 30, 2020 was as follows:

| | Beginning balance | <u>Deletions</u> | Ending balance | |
|------------------------|-------------------|------------------|----------------|---------|
| Bond anticipation note | \$ 846.274 | 141.494 | - | 987,768 |

FINANCED PURCHASES

The Town and School Department have entered into several financed purchase agreements. These agreements qualify as financed purchases for accounting purposes, and therefore have been recorded in the government-wide financial statements at the present value of future minimum payments as of the date of inception. These assets are recorded as capital assets in the government-wide financial statements.

The following items have been capitalized under financed purchases as of June 30, 2020:

| Copiers \$ 7 | 7,988 |
|--------------|-------|
|--------------|-------|

Minimum future payments under financed purchases are:

| Year ended June 30, | |
|-----------------------------------|-----------|
| 2021 | \$ 16,888 |
| 2022 | 14,350 |
| 2023 | 14,350 |
| Total minimum payments | 45,588 |
| Less amount representing interest | (3,150) |
| Present value of future | |
| minimum payments | \$ 42,438 |

In addition to the bonds and the financed purchases, the Town is contingently responsible for a proportionate share of overlapping debt. Overlapping debt is debt issued by a separate entity that shares the same tax base as the Town of Millinocket. As of June 30, 2020, Penobscot County had no debt outstanding.

INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

During the course of normal operations, the Town has numerous transactions between funds including expenditures and transfers. Individual fund interfund receivables and payables balances and transfers at June 30, 2020 arising from these transactions were as follows:

| | Receivables | <u>Payables</u> | Net transfers in (out) |
|---|-------------|-----------------|---------------------------|
| General Fund | \$ - | 221,895 | 178,548 |
| Capital Reserve Fund | 274,785 | 148,064 | (3,250) |
| Wastewater Treatment Plant – Proprietary Fund | 51,063 | - | (30,400) |
| Nonmajor Special Revenue Funds: | | | , , |
| CDBG Loan Fund | - | 17,099 | (3,115) |
| Recreation | 3,311 | _ | - |
| Comprehensive Plan | 10,114 | - | _ |
| School Categorical Programs | - | 4,304 | (150,000) |
| School Lunch | 60,449 | - | 5,000 |
| Adult Education | - | 4,560 | 3,217 |
| Nonmajor Permanent Funds | | 3,800 | |
| | | | |
| Totals | \$ 399,722 | 399,722 | - |

LONG-TERM RECEIVABLE

In 2001, the Town, through the U.S. Department of Housing and Urban Development, made a 30-year, no interest loan to further economic activity within the Town. As required by generally accepted accounting principles, the no-interest loan of \$360,000 was discounted to its present value of \$133,960. The note is being amortized at the Town's rate of borrowing in 2001, at 3.3% each year to reflect its future value of \$360,000. At June 30, 2020, the value of the note was:

| Year ended | | |
|-----------------|----------|--------------|
| <u>June 30,</u> | Interest | <u>Total</u> |
| Current balance | \$ 8,122 | 250,536 |
| 2020 | 8,394 | 258,930 |
| 2021 | 8,675 | 267,605 |
| 2022 | 8,966 | 276,571 |
| 2023 | 9,266 | 285,837 |
| 2024 | 9,577 | 295,414 |
| Thereafter | 64,586 | 360,000 |
| | | |

NET POSITION

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds and financed purchases and adding back any unspent proceeds. The Town's net investment in capital assets was calculated as follows at June 30, 2020:

| | Governmental | Business-type |
|---|---------------|---------------|
| Capital assets | \$ 24,910,156 | 15,170,668 |
| Accumulated depreciation | (15,265,840) | (9,506,658) |
| Bonds and notes from direct borrowings | (1,355,046) | (465,375) |
| Bond anticipation note payable | - | (987,768) |
| Debt issued on behalf of other entities | 450,000 | - |
| Financed purchases | (42,438) | |
| Total net investment in capital assets | \$ 8,696,832 | 4,210,867 |

FUND BALANCE

The General Fund unassigned fund balance total of \$3,420,275 represents fund balance for the Town that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. Unassigned fund balances totaling (\$6,983) are also reported for the Adult Education Fund and two School Categorical programs that have negative fund balances as of June 30, 2020 as shown on Statement 3.

As of June 30, 2020, other fund balance components consisted of the following:

| | General Fund | | |
|--|--------------|-------------|--------------|
| Assigned for subsequent years' expenditures: | | | |
| Recreation pickup | \$ 270 | | |
| Revaluation | 27,745 | | |

RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets, errors and omissions, and natural disasters for which the Town either carries commercial insurance or participates in a public entity risk pool. Currently, the Town participates in a public entity risk pool sponsored by the Maine Municipal Association and the School Department participates in a public entity risk pool sponsored by the Maine School Management Association for workers' compensation coverage. Based on the coverage provided by the pools, as well as coverage provided by commercial insurance purchased, the Town is not aware of any material actual or potential claim liabilities which should be recorded at June 30, 2020.

CONTINGENCIES

In 2020 there was litigation filed against the Town over the termination of a former employee. This case was settled during mediation in July 2020 and the Town is required to pay the former employee a total of \$90,000 prior to July 31, 2021. \$45,000 of the settlement will be paid in July of 2020 and therefore, has been accrued as a liability at June 30, 2020. It is expected that \$40,000 of that payment will be reimbursed by the Town's insurance company. The remaining amount will be paid prior to July 31, 2021. The Town maintains insurance for such events and utilizes such proceeds as well as savings achieved in other areas to cover the cost of the required payment.

Subsequent to year end, there was litigation filed against the Town over the discrimination of a Town employee. This case was settled and a settlement agreement was reached on February 12, 2021 for a total of \$150,000. On March 12, 2021, a payment of \$75,000 was made to the former employee and their attorney by the Town's insurance company. The Town's insurance company will make the second payment of \$75,000 by January, 2022.

Grant Funds - Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Town expects such amounts, if any, to be immaterial.

SIGNIFICANT TAXPAYERS

For the year ended June 30, 2020, the Town of Millinocket committed taxes of \$1,610,014 from Great Lakes Hydro in real estate and personal property tax revenue. These commitments represent approximately 30% of total property taxes assessed.

DEFERRED COMPENSATION PLAN

The Town offers all its employees a deferred compensation plan created in accordance with Internal Revenue (IRC) Section 457. The plan permits participating employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Assets of the plan are placed in trust for the exclusive benefit of participants and their beneficiaries. Accordingly, the assets and the liability for the compensation deferred by plan participants, including earnings on plan assets are not included in the Town's financial statements.

NET PENSION LIABILITY

General Information about the Pension Plan

Plan Description - Employees of the Town are provided with pensions through the Maine Public Employees Retirement System Consolidated Plan for Local Participating Districts (PLD Plan) and teaching-certified employees of the School Department are provided with pensions through the Maine Public Employees Retirement System State Employee and Teacher Plan (SET Plan), cost-sharing multiple-employer defined benefit pension plans, administered by the Maine Public Employees Retirement System (MPERS). Benefit terms are established in Maine statute. MPERS issues a publicly available financial report that can be obtained at www.mainepers.org.

Benefits Provided - The PLD and SET Plans provide defined retirement benefits based on members' average final compensation and service credit earned as of retirement. Vesting (i.e. eligibility for benefits upon reaching qualification) occurs upon the earning of five years of service credit. In some cases, vesting occurs on the earning of one year of service credit immediately preceding retirement at or after normal retirement age. For PLD members, normal retirement age is 60 (65 for new members to the PLD Plan on or after July 1, 2014). For SET members, normal retirement age is 60, 62, or 65. The normal retirement age is determined by whether a member had met certain creditable service requirements on specific dates, as established by statute. The monthly benefit of members who retire before normal retirement age by virtue of having at least 25 years of service credit is reduced by a statutorily prescribed factor for each year of age that a member is below her/his normal retirement age at retirement. MPERS also provides disability and death benefits, which are established by contract under applicable statutory provisions (PLD Plan) or by statute (SET Plan).

Contributions - Employee contribution rates are defined by law or Board rule and depend on the terms of the plan under which an employee is covered. Employer contributions are determined by actuarial valuations. The contractually required contribution rates are actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

PLD Plan - Employees in the regular health plan are required to contribute 8.1% of their annual pay. Police and fire employees are required to contribute 9.5% and 8.9%, respectively, of their annual payroll. The Town's contractually required contribution rate for the year ended June 30, 2020 was 10.0% of annual payroll for regular employees, 12.8% for police employees, and 8.9% for fire employees. Contributions to the pension plan from the Town were \$167,160 for the year ended June 30, 2020.

SET Plan - Maine statute requires the State to contribute a portion of the School Department's contractually required contributions. Employees are required to contribute 7.65% of their annual pay. The School Department's contractually required contribution rate for the year ended June 30, 2020, was 18.49% of annual payroll of which 4.16% of payroll was required from the School Department and 14.33% was required from the State. Contributions to the pension plan from the School Department were \$103,794 for the year ended June 30, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

The net pension liabilities were measured as of June 30, 2019, and the total pension liabilities used to calculate the net pension liabilities were determined by actuarial valuations as of that date. The Town's proportion of the net pension liabilities were based on projections of the Town's long-term share of contributions to the pension plans relative to the projected contributions of all participating local districts (PLD Plan) and of all participating School Administrative Units and the State (SET Plan), actuarially determined.

NET PENSION LIABILITY, CONTINUED

PLD Plan - At June 30, 2020, the Town reported a liability of \$1,007,085 for its proportionate share of the net pension liability. At June 30, 2019, the Town's proportion of the PLD Plan was 0.32948%.

SET Plan - At June 30, 2020, the School Department reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the School Department. The amount recognized by the School Department as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the School Department were as follows:

| Total | \$ 2,794,392 |
|--|-----------------|
| associated with the School Department | 2,313,400 |
| | 2.515.406 |
| State's proportionate share of the net pension liability | |
| School Department's proportionate share of the net pension liability | \$ 278,986 |

At June 30, 2019, the School Department's proportion of the SET Plan was 0.0190%.

For the year ended June 30, 2020, the Town recognized a pension expense of \$180,240 for the PLD Plan and the School Department recognized a pension expense of \$390,093 for the SET plan and revenue of \$357,541 for support provided by the State for the SET Plan. At June 30, 2020, the Town and School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | PLD Plan | | <u>SET Plan</u> | |
|--|--------------|--------------|-----------------|--------------|
| | Deferred | Deferred | Deferred | Deferred |
| | Outflows | Inflows | Outflows | Inflows |
| | of Resources | of Resources | of Resources | of Resources |
| Differences between expected and | | | | |
| actual experience | \$ 119,242 | • | 21,701 | - |
| Changes of assumptions | 51,002 | • | 8,078 | - |
| Net difference between projected and actual earnings on pension | | | | |
| plan investments | - | 252,250 | ~ | 39,380 |
| Changes in proportion and differences between Town/School Department contributions and proportionate share | | | | |
| of contributions | - | 34,897 | - | 211,139 |
| Town/School Department contributions | | | | |
| subsequent to the measurement date | 167,160 | _ | 103,794 | - |
| Total | \$ 337,404 | 287,147 | 133,573 | 250,519 |

NET PENSION LIABILITY, CONTINUED

An amount of \$270,954 is reported as deferred outflows of resources related to pensions resulting from Town/School Department contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liabilities in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense (revenue) as follows:

| Year ended June 30: | PLD Plan | <u>SET Plan</u> |
|---------------------|-----------|-----------------|
| 2021 | \$ 12,937 | (99,565) |
| 2022 | (110,763) | (112,447) |
| 2023 | (18,918) | (8,850) |
| 2024 | (159) | 122 |

Actuarial Assumptions - The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| | PLD Plan | SET Plan |
|---|---------------|----------------|
| Inflation | 2.75% | 2.75% |
| Salary increases, per year | 2.75% to 9.0% | 2.75% to 14.5% |
| Investment return, per annum, compounded annually | 6.75% | 6.75% |
| Cost of living benefit increases, per annum | 1.91% | 2.20% |

Mortality rates were based on the RP2014 Total Dataset Healthy Annuitant Mortality Table, for males and females.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2012 to June 30, 2015.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2019 are summarized in the following table:

| | | Long-term Expected |
|--------------------|-------------------|---------------------|
| Asset Class | Target Allocation | Real Rate of Return |
| Public equities | 30.0% | 6.0% |
| US government | 7.5% | 2.3% |
| Private equity | 15.0% | 7.6% |
| Real estate | 10.0% | 5.2% |
| Infrastructure | 10.0% | 5.3% |
| Natural resources | 5.0% | 5.0% |
| Traditional credit | 7.5% | 3.0% |
| Alternative credit | 5.0% | 4.2% |
| Diversifiers | 10.0% | 5.9% |
| | | |

NET PENSION LIABILITY, CONTINUED

Discount Rate - The discount rate used to measure the total pension liability was 6.75% for the PLD Plan and the SET Plan. The projection of cash flows used to determine the discount rates assumed that employee contributions will be made at the current contribution rate and that contributions from participating local districts will be made at contractually required rates, actuarially determined. Based on these assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liabilities.

Sensitivity of the Town and School Department's Proportionate Share of the Net Pension Liabilities to Changes in the Discount Rate - The following presents the Town/School Department's proportionate share of the net pension liability calculated using the discount rate of 6.75% for the PLD Plan and the SET Plan, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1 percentage-point higher (7.75%) than the current rate:

| PLD Plan | 1% | Current | 1% |
|------------------------------------|----------------|---------------|----------------|
| | Decrease | Discount Rate | increase |
| | <u>(5.75%)</u> | (6.75%) | (7.75%) |
| Town's proportionate share of | | | |
| the net pension liability | \$ 2,294,074 | 1,007,085 | (196,771) |
| SET Plan | 1% | Current | 1% |
| | Decrease | Discount Rate | Increase |
| | (5.75%) | (6.75%) | <u>(7.75%)</u> |
| School Department's proportionate | | | |
| share of the net pension liability | \$ 504,399 | 278,986 | 91,145 |

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in the separately issued MPERS financial report.

Payables to the Pension Plan - None as of June 30, 2020.

OTHER POSTEMPLOYMENT BENEFITS (OPEB) - SCHOOL DEPARTMENT

General Information about the OPEB Plan – Group Term Life Insurance

Plan Description - The School Department sponsors a post-retirement benefit plan providing group term life insurance to retiring teachers. The plan is a cost-sharing multiple-employer defined benefit OPEB plan administered by the Maine Public Employees Retirement System (MPERS). The MPERS Board of Trustees has the authority to establish and amend the benefit terms and financing requirements. MPERS issues a publicly available financial report that is available at www.mainepers.org.

Benefits Provided - MPERS provides basic group life insurance benefits, during retirement, to retirees who participated in the plan prior to retirement for a minimum of 10 years. The level of coverage is initially set to an amount equal to the retiree's average final compensation. The initial amount of basic life is then subsequently reduced at the rate of 15% per year to the greater of 40% of the initial amount or \$2,500.

OTHER POSTEMPLOYMENT BENEFITS (OPEB) - SCHOOL DEPARTMENT, CONTINUED

Contributions - Premium rates are determined by the MPERS Board of Trustees to be actuarially sufficient to pay anticipated claims. The State of Maine is required to remit the total dollar amount of each year's annual required contribution. Contributions to the OPEB plan by the State of Maine on-behalf of the School Department were \$5,990 for the year ended June 30, 2020. Employers and employees are not required to contribute to the OPEB plan.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2020, the School Department reported no liability related to the plan. The State of Maine's proportionate share of the net OPEB liability associated with the School Department was \$65,081 as of June 30, 2020. The net OPEB liability was measured as of June 30, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The School Department's proportion of the net OPEB liability was based on a projection of the School Department's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2019, the School Department's proportion was 0.00%.

For the year ended June 30, 2020, the School Department recognized OPEB expense of \$5,990 and also revenues of \$5,990 for support provided by the State. At June 30, 2020, the School Department reported no deferred outflows of resources nor deferred inflows of resources related to the OPEB plan.

Actuarial Assumptions - The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following assumptions, applied to all periods included in the measurement, unless otherwise specified:

| Inflation | 2.75% |
|---------------------------|----------------|
| Salary increases | 2.75% - 14.50% |
| Investment rate of return | 6.75% |

Mortality rates were based on the RP2014 Total Dataset Healthy Annuitant Mortality Table, for males and females.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study conducted for the period June 30, 2012 to June 30, 2015.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method which best estimates ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major class of assets. These ranges are combined to produce long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| | | Long-term |
|--------------------------|-------------------|--------------------|
| | | Expected Real Rate |
| Asset Class | Target Allocation | of Return |
| Public equities | 70.0% | 6.0% |
| Real estate | 5.0% | 5.2% |
| Traditional credit | 15.0% | 3.0% |
| US government securities | 10.0% | 2.3% |
| | | |

OTHER POSTEMPLOYMENT BENEFITS (OPEB) - SCHOOL DEPARTMENT, CONTINUED

Discount Rate - The rate used to measure the net OPEB liability for the plan was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at contractually required rates, actuarially determined. Based on this assumption, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

OPEB Plan Fiduciary Net Position - Detailed information about the OPEB plan's fiduciary net position is available in a separately issued MPERS financial report.

General Information about the OPEB Plan - Health Insurance

Plan Descriptions - The School Department sponsors a post-retirement benefit plan providing health insurance to retiring employees. School Department employees over the age of 55 with 20-25 years of continuous service are allowed to participate in the plan. Some retirees that are designated in a plan pay 13% to 15% of the single coverage premium and 13% to 50% of the family coverage premium while others pay nothing towards the cost of coverage. For those School Department employees eligible for Medicare (post-65 Retiree Plan), the plan is offered in conjunction with Medicare Parts A and B and the Companion Plan B.

Benefits Provided - MEABT provides postemployment benefits for health care for eligible retirees and their spouses. Active employees hired prior to September 1, 1996 are eligible for retirement benefits at the earlier of 20 years of service in the Millinocket School Department with 16 years of credible teacher service with Maine State Retirement System, or 25 years of service with 20 of those years at the Millinocket School Department with 15 years of credible teacher service with Maine State Retirement System. The Department contributes a percentage of premiums varying by individual based on their contribution at the time of retirement and employment history. Retirees are required to contribute the portion of premiums not covered by the Department's and State's explicit subsidies. Retiree health care coverage continues to surviving spouse upon death of retirees. Surviving spouses are responsible for the cost of coverage remaining after the employer and state subsidies. Subsidies vary anywhere from 0% to 100% for the cost of coverage based on employment history.

Employees Covered by Benefit Terms - At June 30, 2020, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefits | 95 |
|--|----|
| Inactive employees entitled to but not yet receiving benefits | - |
| Active employees | 4 |
| Total | 99 |

Total OPEB Liability

The School Department's total OPEB liability of \$8,966,637 was measured as of June 30, 2020, and was determined by a roll-forward of the June 30, 2019 actuarial valuation.

OTHER POSTEMPLOYMENT BENEFITS (OPEB) - SCHOOL DEPARTMENT, CONTINUED

Changes in the Total OPEB Liability

| | Total OPEB Liability |
|--|-------------------------|
| Balance at June 30, 2019 | \$ 10,087,555 |
| Changes for the year: | |
| Service cost | 27,218 |
| Interest | 345,395 |
| Changes of benefit terms | |
| Differences between expected and actual experience | (1,728,660) |
| Changes in assumptions or other inputs | 788,802 |
| Benefit payments | (553,673) |
| Net changes | (1,120,918) |
| Balance at June 30, 2020 | \$ 8,966,637 |

Change in assumptions reflects a change in the discount rate from 3.51% to 2.66%.

Actuarial Assumptions and Other Inputs - The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation | 2.75% per year |
|--|---|
| Salary increases | 2.75% per year |
| Discount rate | 2.66% |
| Healthcare cost trend rates | 7.50% for 2020, decreasing to a rate of 4.50% |
| Retirees' share of the benefit related costs | 100% of projected health insurance premiums |

The discount rate was based on a yield for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher tax-exempt, high quality 20-year municipal bonds.

Mortality rates were based on the SOA RPH-2014 Total Dataset Mortality Table fully generational using Scale MP-2015 to SOA RPH-2018.

The actuarial assumptions used in the January 1, 2020 valuation were based on the results of an actuarial experience study for the fiscal year ending June 30, 2019.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate - The following presents the School Department's total OPEB liability calculated using the discount rate of 2.66%, as well as what the School Department's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower (1.66%) or 1 percentage-point higher (3.66%) than the current rate:

| | 1% | Discount | 1% |
|----------------------|------------------|-----------|-----------|
| | Decrease | Rate | Increase |
| | (1.66%) | (2.66%) | (3.66%) |
| Total OPEB liability | \$ 10,060,961 | 8,966,637 | 8,050,247 |

OTHER POSTEMPLOYMENT BENEFITS (OPEB) - SCHOOL DEPARTMENT, CONTINUED

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates - The following presents the School Department's total OPEB liability calculated using the healthcare cost trend rates of 7.50% decreasing 0.50% per year, as well as what the School Department's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower (6.50% decreasing 0.50% per year) or 1 percentage-point higher (8.50% decreasing 0.50% per year) than the current healthcare cost trend rates:

| | | 1% Decrease | Healthcare Cost | 1% Increase |
|----------------------|------|-------------|------------------|-------------|
| | | (6.50% | Trend Rates | (8.50% |
| | | decreasing | (7.50% | decreasing |
| | | 0.50% per | decreasing 0.50% | 0.50% per |
| | | year) | per year) | year) |
| Total OPEB liability | \$. | 7,955,591 | 8,966,637 | 10,107,567 |

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the School Department recognized an OPEB gain of \$1,560,003. At June 30, 2020, the School Department reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | | Deferred | Deferred |
|--|------|-------------|------------|
| | | Outflows of | Inflows of |
| | | Resources | Resources |
| Differences between expected and actual experience | \$ | - | 1,728,660 |
| Changes of assumption or other inputs | _ | 788,802 | <u> </u> |
| Total | \$ _ | 788,802 | 1,728,660 |

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Health Plan OPEB will be recognized in OPEB expense as follows:

| Year ended June 30: | |
|---------------------|----------------|
| 2021 | \$ (67,133) |
| 2022 | (67,133) |
| 2023 | (67,133) |

| 2025 | (67,133) |
| Thereafter | (604,193) |
| | |

OTHER POSTEMPLOYMENT BENEFITS (OPEB) - TOWN

General Information about the OPEB Plan - Health Insurance

Plan Description - The Town sponsors a post-retirement benefit plan providing health insurance to retiring employees. The plan is a single-employer defined benefit OPEB plan administered by the Maine Municipal Employees Health Trust (MMEHT). The Town Council has the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.

OTHER POSTEMPLOYMENT BENEFITS (OPE8) - TOWN, CONTINUED

Benefits Provided - MMEHT provides healthcare and life insurance benefits for retirees and their dependents. Town employees over the age of 55 with 5 years of continuous service are allowed to participate in the plan. Retirees that are designated in a plan pay 100% of the single coverage premium and 100% of the family coverage premium. For those Town employees eligible for Medicare (post-65 Retiree Plan), the plan is offered in conjunction with Medicare Parts A and B and the Companion Plan B.

Employees Covered by Benefit Terms - At June 30, 2020, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefits | 9 |
|--|----|
| Inactive employees entitled to but not yet receiving benefits | - |
| Active employees | 31 |
| Total | 40 |

Actuarial Assumptions and Other Inputs - The total OPEB liability in the January 1, 2020 actuarial valuation was determined using the following assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation | 2.00% per year |
|--|---|
| Salary increases | 2.75% per year |
| Discount rate | 2.74% per year |
| Healthcare cost trend rates | 8.50% for 2020, decreasing 3.53% for 2040 |
| Retirees' share of the benefit related costs | 100% of projected health insurance premiums |

The discount rate was based upon high quality AA/Aa or higher bond yields in effect for 20 years, tax-exempt general obligation municipal bonds using the Bond Buyer 20-Bond GO Index.

Mortality rates were based on the RP2014 Total Dataset Healthy Annuitant Mortality Table, for males and females.

The actuarial assumptions used in the January 1, 2018 valuation were based on the results of an actuarial experience study for the period June 30, 2012 through June 30, 2015.

Total OPEB Liability

The Town's total OPEB liability of \$648,074 was measured as of January 1, 2018, and was determined by an actuarial valuation as of that date.

OTHER POSTEMPLOYMENT BENEFITS (OPEB) - TOWN, CONTINUED

Changes in the Total OPEB Liability

| | Total OPEB |
|--|------------------|
| | <u>Liability</u> |
| Balance at June 30, 2019 | \$ 626,626 |
| Changes for the year: | |
| Service cost | 12,679 |
| Interest | 25,453 |
| Changes of benefit terms | (13,578) |
| Differences between expected and actual experience | (70,696) |
| Changes in assumptions or other inputs | 104,968 |
| Benefit payments | (37,378) |
| Net changes | 21,448 |
| Balance at June 30, 2020 | \$ 648,074 |

Change in assumptions reflects a change in the discount rate from 4.10% to 2.74%.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate - The following presents the Town's total OPEB liability calculated using the discount rate of 2.74%, as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower (1.74%) or 1 percentage-point higher (3.74%) than the current rate:

| | 1% | Discount | 1% |
|----------------------|------------|----------|----------|
| | Decrease | Rate | Increase |
| | (1.74%) | (2.74%) | (3.74%) |

TOWN OF MILLINOCKET, MAINE Notes to Required Supplementary Information

Changes of Benefit Terms (Pension) - None

Changes of Assumptions (Pension) - The following are changes in actuarial assumptions used in the most recent valuations:

| | 2018 | 2016 | 2015 | 2014 | 2013 |
|--------------------------------|-------------|-------------|-------------|-------------|-------------|
| Discount rate - PLD | 6.750% | 6.875% | 7.125% | 7.250% | 7.250% |
| Discount rate - SET | 6.750% | 6.875% | 7.125% | 7.125% | 7.250% |
| Inflation rate | 2.75% | 2.75% | 3.50% | 3.50% | 3.50% |
| Salary increases - PLD | 2.75-9.00% | 2.75-9.00% | 3.50-9.50% | 3.50-9.50% | 3.50-9.50% |
| Salary increases - SET | 2.75-14.50% | 2.75-14.50% | 3.50-13.50% | 3.50-13.50% | 3.50-13.50% |
| Cost of living increases - PLD | 1.91% | 2.20% | 2.55% | 3.12% | 3.12% |
| Cost of living increases – SET | 2.20% | 2.20% | 2.55% | 2,55% | 2.55% |

Mortality rates:

In 2015, mortality rates were based on the RP2000 Combined Mortality Table projected forward to 2015 using Scale AA. In 2016 and going forward, mortality rates were based on the RP2014 Total Data Set Health Annuitant Mortality Table.

Net OPEB Liability - Group Term Life Insurance

Changes of Benefit Terms - None

Changes of Assumptions (OPEB) - The following are changes in actuarial assumptions used in the most recent valuations regarding the MPERS life insurance plans:

| | <u>2018</u> | <u>2017</u> |
|---------------------|-------------|-------------|
| Discount rate - SET | 6.75% | 6.875% |

Additionally, the valuation method was changed from the Projected Unit Credit funding method in 2017 to the Entry Age Normal funding method in 2018.

Net OPEB Liability - Health Insurance (School Department & Town)

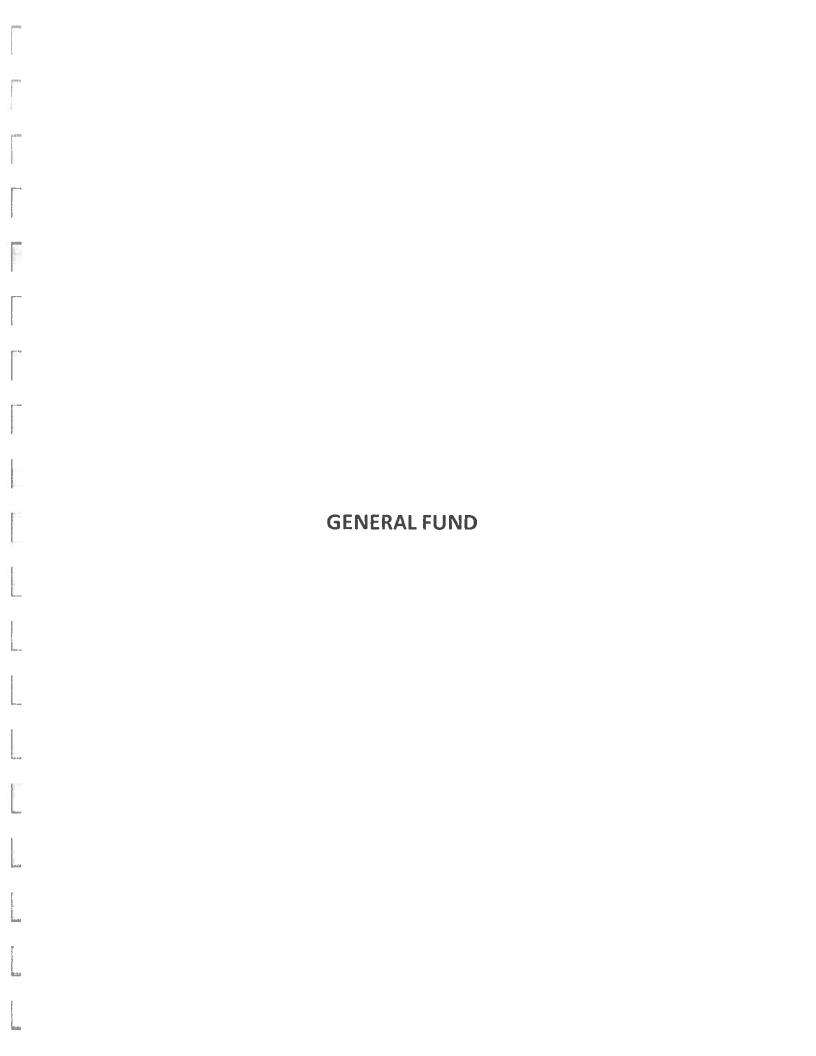

Changes of Benefit Terms - None

Changes of Assumptions - Changes of assumptions and other inputs reflects the changes in the discount rate each period. The following are the discount rates used in each period:

| | School | School | School | Town | Town |
|-------------|----------|-----------|------------|----------|-----------|
| | Discount | Inflation | Healthcare | Discount | Inflation |
| Fiscal Year | Rate | Rate | Trend Rate | Rate | Rate |
| 2020 | 2.66% | 2.75% | 7.50% | 2.74% | 2.00% |
| 2019 | 3.51% | 2.75% | 8.00% | 4.10% | 3.00% |
| 2018 | 3.87% | 3.00% | 8.50% | 3.44% | 3.00% |
| 2017 | 3.56% | 2.75% | 9.00% | 3.78% | 2.75% |

Additionally, for the Town only, the valuation method was changed from the Projected Unit Credit funding method in 2017 to the Entry Age Normal funding method in 2018.

^{*} This schedule is intended to show information for ten years, but only the years in which changes occurred have been displayed. Additional years' information will be displayed as it becomes available.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH MAINE STATE STATUTE REQUIREMENTS

School Committee and Management Millinocket School Department

We have audited the financial statements of each major fund and the aggregate remaining fund information of Millinocket School Department as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Millinocket School Department's basic financial statements. We issued our report thereon dated March 23, 2021, which contained unmodified opinions on those financial statements.

As part of obtaining reasonable assurance about whether Millinocket School Department's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

In connection with that audit we:

- 1. Considered whether the School Department has complied with budget content requirements of section 15693.
- 2. Considered whether the School Department has complied with transfer limitations between budget cost centers pursuant to section 1485.
- 3. Considered whether the School Department has exceeded its authority to expend funds.
- 4. Considered whether the School Department has complied with the applicable provisions of the unexpended balances requirements established under section 15004.
- 5. Reviewed the annual financial data submitted to the Maine Department of Education and reconciled it to the audited financial statement totals (see attached Schedule of Reconciliation of NEO Financial System to the Audited Financial Statements).
- 6. Considered whether the School Department was in compliance with applicable provisions of the Essential Programs and Services Funding Act.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. Nothing came to our attention to indicate the School Department had not complied with the above listed items (items #1 = #6).

School Committee and Management Millinocket School Department Page 2

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Reconciliation of the NEO Financial System with Audited Financial Statements is presented for purposes of additional analysis as required by regulation of the Maine Department of Education and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and regulations of the Maine Department of Education in considering the entity's compliance. Accordingly, this communication is not suitable for any other purpose.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund, and the aggregate remaining fund information of the Millinocket School Department, as of June 30, 2020, and the respective changes in financial position, thereof and the budgetary comparison for the School General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in the notes to the financial statements, the financial statements of the Millinocket School Department are intended to present the financial position and the changes in financial position of only that portion of each major fund and the aggregate remaining fund information of the Town of Millinocket, Maine that is attributable to the transactions of the Millinocket School Department. They do not purport to, and do not present fairly the financial position of the Town of Millinocket, Maine as of June 30, 2020, the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the schedules relating to the net pension and OPEB liabilities, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Millinocket School Department's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Millinocket School Committee Page 3

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

Kungen Kusten Ouellitte

In accordance with Government Auditing Standards, we have also issued our report dated March 23, 2021, on our consideration of the Town of Millinocket Maine's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to solely describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Millinocket Maine's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Town of Millinocket Maine's internal control over financial reporting and compliance.

TOWN OF MILLINOCKET SCHOOL DEPARTMENT Notes to Financial Statements

THE REPORTING ENTITY

The Town of Millinocket School Department operates as a department of the Town of Millinocket, Maine, the basic financial statements of which have been issued in a separate report dated March 23, 2021 for the year ended June 30, 2020.

The accompanying financial statements present only the Millinocket School Department's operations and are not intended to present fairly the financial position and results of operations of the Town of Millinocket, Maine in conformity with accounting principles generally accepted in the United States of America.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Millinocket School Department conform to accounting principles generally accepted in the United States of America as applicable to governmental units.

A. Basis of Presentation - The accounts of the Town of Millinocket School Department are organized on the basis of funds, each of which is considered a separate accounting entity. Each fund is operated and accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues, and expenditures. Fund financial statements report detailed information about the School. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The School Department uses the following fund categories and fund types:

GOVERNMENTAL FUNDS

All governmental funds are accounted for using modified accrual basis of accounting and the current financial resources measurement focus. Under this basis, revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable. However, debt service expenditures, as well as certain compensated absences and claims and judgments, are recorded only when the payment is due.

General Fund is the School Department's primary operating fund. It accounts for all financial resources of the School Department, except those required to be accounted for in another fund.

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension-trust funds, investment-trust funds, private-purpose trust funds, and agency funds. The agency fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations. The School Department's agency fund accounts for those student activity programs which have student participation in the activity and have students involved in the management of the program.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Revenue Recognition

In applying the susceptible to accrual concept under the modified accrual basis, revenue sources are deemed both measurable and available if they are collectible within the current year or within sixty days and available to pay obligations of the current period. Those revenues susceptible to accrual include investment earnings, state education subsidy, and tuition.

Other revenues, certain charges for services, and miscellaneous revenues, are recorded as revenue when received in cash because they are generally not measurable until actually received. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Expenditure Recognition

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on long-term debt which has not matured are recognized when paid, as well as certain compensated absences and claims and judgments, which are recorded only when the payment is due. Allocation of costs, such as depreciation, is not recognized in the governmental funds.

- B. Budgetary Accounting Budgets are adopted for the School General Fund only, and are adopted on a basis consistent with U.S. generally accepted accounting principles (GAAP) except as described in the Budgetary Accounting footnote. The level of control (level at which expenditures may not exceed budget) is the School Department budget meeting article level. Generally, all unexpended budgetary accounts lapse at the close of the fiscal year.
- C. Interfund Transactions During the course of normal operations, the School Department has several transactions between funds including expenditures and transfers of resources to provide services. These transactions are reported as transfers. Transactions between funds which represent lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as interfund loans receivable or payable.
- D. Inventory Inventory consists of school lunch food and supplies and is recorded at cost on the first-in, first-out basis.
- E. Fund Balance Governmental Fund fund balance is reported in five classifications that comprise a hierarchy based primarily on the extent to which the School Department is bound to honor constraints on the specific purposes for which those funds can be spent. The five classifications of fund balance for the Governmental Funds are as follows:
 - Nonspendable resources which cannot be spent because they are either a) not in spendable form or;
 b) legally or contractually required to be maintained intact.
 - Restricted resources with constraints placed on the use of resources which are either a) externally
 imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of
 other governments or; b) imposed by law through constitutional provisions or enabling legislation.
 - Committed resources which are subject to limitations the government imposes on itself at its highest level of decision making authority, and that remain binding unless removed in the same manner.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

- Assigned resources that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed.
- Unassigned resources which have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriations, is used during the year by the School Department. All encumbrances lapse at year-end except those authorized to be carried forward.

These amounts, if any, would be reported as assigned fund balance. The voters at the School Department referendum meeting have the responsibility for committing fund balance amounts and likewise would be required to modify or rescind those commitments.

Although not a formal policy, when both restricted and unrestricted resources are available for use, it is the School Department's intent to use restricted resources first, then unrestricted resources as they are needed. When committed, assigned, and unassigned resources are available for use, it is the School Department's practice to use committed or assigned resources first, and then unassigned resources as they are needed.

Comparative Data - Comparative data for the prior year have been presented only for certain funds in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds.

STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Deficit Fund Balance

At June 30, 2020, the following funds had deficit fund balances:

| Adult Education Programs | \$ 4,560 |
|--------------------------|----------|
| Title IA - SIG | 65 |
| Preschool Grant | 2,358 |

These deficits will be funded by future operating revenues.

The following budget transfers occurred at June 30, 2020:

| | Original | Transfer/ | Final |
|--|---------------|------------|---------------|
| | <u>Budget</u> | Adjustment | <u>Budget</u> |
| Regular instruction Other instruction Student and staff support System administration Facilities maintenance | \$ 2,227,463 | 9,548 | 2,237,011 |
| | 252,736 | (5,924) | 246,812 |
| | 441,615 | (20,000) | 421,615 |
| | 878,908 | 12,962 | 891,870 |
| | 1,109,495 | 3,414 | 1,112,909 |

STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY, CONTINUED

B. Expenditures In Excess Of Appropriations

As of June 30, 2020, there were no expenditures in excess of appropriations after the allowed budget transfers listed above.

BUDGETARY ACCOUNTING

As required by U.S. generally accepted accounting principles (GAAP), the School Department has recorded a revenue and expenditure for Maine Public Employees Retirement contributions made by the State of Maine on behalf of the Millinocket School Department. These amounts have not been budgeted in the General Fund and result in a difference in reporting on a budgetary basis of accounting vs. reporting under accounting principles generally accepted in the United States of America of \$452,355. These amounts have been included as an intergovernmental revenue and on-behalf payments expenditure in the General Fund on Statement 2 (GAAP basis). There is no effect on the fund balance at the end of the year.

LONG-TERM DEBT

Long-term liability activity for the year ended June 30, 2020 was as follows:

| | Beginning | | | Ending | Due within |
|-------------------------------|----------------|------------------|------------|----------------|------------|
| | <u>balance</u> | <u>Additions</u> | Reductions | <u>balance</u> | one year |
| General obligation bonds | \$ 812,545 | - | 93,208 | 719,337 | 93,208 |
| Financed purchases | 52,305 | _ | 12,350 | 39,955 | 12,822 |
| Net pension liability | 542,584 | - | 263,598 | 278,986 | - |
| Other postemployment benefits | 10,087,555 | - | 1,120,918 | 8,966,637 | - |
| Accrued compensated absences | 23,533 | 800 | - | 24,333 | |
| | | | | | |

| Long-term liabilities | \$ 11,518,522 | 800 | 1,490,074 10,029,248 | 106,030 |
|-----------------------|---------------|-----|----------------------|---------|
|-----------------------|---------------|-----|----------------------|---------|

Bonds payable at 06/30/2020 are comprised of the following:

| | Date of <u>issue</u> | Original amount issued | Date of maturity | Interest <u>rate</u> | Balance June 30, <u>2020</u> |
|-------------------------------|----------------------|---------------------------|------------------|-------------------------|------------------------------------|
| Long-term debt: School boiler | 10/27/11 | \$ 1,465,000 | 2026 | 4.45% | 719,337 |

Total bonds payable \$ 719,337

The School Department has entered into an agreement with the bank to fund the retirement of the 2011 General Obligation Bond with annual payments to a trust account. The payments deposited into the trust account are invested and it is anticipated that the earnings on deposits will fund a significant portion of the debt retirement obligation. As such, the payments made into the trust are less than what would be required under a traditional payment schedule. When the bond matures, there is the possibility that the deposits made plus the investment earnings will not be sufficient to retire the entire principal and interest obligation. In that scenario, the School Department would be obligated to make a payment to retire any remaining principal or interest due. As of 06/30/2020, the value of the trust account equaled \$883,503.

LONG-TERM DEBT, CONTINUED

The annual requirements to amortize all long-term debt outstanding as of June 30, 2020 are as follows:

| June 30, | <u>Principal</u> | <u>Interest</u> | Total |
|----------|------------------|-----------------|---------|
| 2021 | \$ 93,208 | • | 93,208 |
| 2022 | 93,208 | - | 93,208 |
| 2023 | 93,208 | - | 93,208 |
| 2024 | 93,208 | - | 93,208 |
| 2025 | 93,208 | - | 93,208 |
| 2026 | 253,297 | - | 253,297 |
| | | | |
| Total | \$ 719,337 | | 719,337 |

FINANCED PURCHASES

The School Department has entered into agreements to finance the purchase of copiers. These agreements qualify as financed purchases for accounting purposes, and therefore have been recorded at the present value of future minimum payments as of the date of inception.

The following items have been capitalized under financed purchases as of June 30, 2020:

Copiers

\$ 65,614

Minimum future lease payments under financed purchases are:

| Year ended June | 30. | |
|-----------------|-----|--|
|-----------------|-----|--|

| 2021 | \$ 14,350 |
|-----------------------------------|-----------|
| 2022 | 14,350 |
| 2023 | 14,350 |
| Total minimum payments | 43,050 |
| Less amount representing interest | (3,095) |
| Present value of future | |
| minimum payments | \$ 39,955 |

RISK MANAGEMENT

The School Department is exposed to various risks of loss related to tort, theft of, damage to and destruction of assets, errors, omissions, and natural disasters for which the School Department either carries commercial insurance, or participates in public entity risk pools. Currently, the School Department participates in a public entity risk pool sponsored by the Maine School Management Association. Based on the coverage provided by the pool, as well as coverage provided by commercial insurance purchased, the School Department is not aware of any material actual or potential claim liabilities, which should be recorded at June 30, 2020.

STATE REIMBURSEMENT FOR DEBT SERVICE EXPENDITURES

The State of Maine currently reimburses the School Department for a portion of financing costs of school buildings. Continuation of such reimbursements is dependent upon continued appropriations by the State Legislature.

NET PENSION LIABILITY

General Information about the Pension Plan

Plan Description - Teaching-certified employees of the School Department are provided with pensions through the Maine Public Employees Retirement System State Employee and Teacher Plan (SET), a cost-sharing multiple-employer defined benefit pension plan, administered by the Maine Public Employees Retirement System (MPERS). Benefit terms are established in Maine statute. MEPERS issues a publicly available financial report that can be obtained at www.mainepers.org.

Benefits Provided - The SET Plan provides defined retirement benefits based on members' average final compensation and service credit earned as of retirement. Vesting (i.e., eligibility for benefits upon reaching qualification) occurs upon the earning of five years of service credit. In some cases, vesting occurs on the earning of one year of service credit immediately preceding retirement at or after normal retirement age. For SET members, normal retirement age is 60, 62, or 65. The normal retirement age is determined by whether a member had met certain creditable service requirements on specific dates, as established by statute. The monthly benefit of members who retire before normal retirement age by virtue of having at least 25 years of service credit is reduced by a statutorily prescribed factor for each year of age that a member is below her/his normal retirement age at retirement. MPERS also provides disability and death benefits, which are established by statute.

Contributions - Employee contribution rates are defined by law or Board rule and depend on the terms of the plan under which an employee is covered. Employer contributions are determined by actuarial valuations. Maine statute requires the State to contribute a portion of the School Department's contractually required contributions, which are actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Employees are required to contribute 7.65% of their annual pay. The School Department's contractually required contribution rate for the year ended June 30, 2020, was 18.49% of annual payroll of which 4.16% of payroll was required from the School Department and 14.33% was required from the State. Contributions to the pension plan from the School Department were \$103,794 for the year ended June 30, 2020.

NET PENSION LIABILITY, CONTINUED

Pension Liabilities, Pension Expense, and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the School Department reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the School Department. The amount recognized by the School Department as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the School Department were as follows:

| School Department's proportionate share of the net pension liability | \$ | 278,986 |
|--|------|----------|
| State's proportionate share of the net pension liability | | |
| associated with the School Department | 2 | ,515,406 |
| | | |
| Total | \$ 2 | ,794,392 |

The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School Department's proportion of the net pension liability was based on a projection of the School Department's long-term share of contributions to the pension plan relative to the projected contributions of all participating School Units and the State, actuarially determined.

At June 30, 2019, the School Department's proportion was 0.019%. For the year ended June 30, 2020, the School Department recognized a net pension expense of \$390,093 and revenue of \$357,541 for support provided by the State.

At June 30, 2020, the School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|-----------------------------------|-------------------------------|
| Differences between expected and | | |
| actual experience | \$ 21,701 | • |
| Changes in assumption | 8,078 | - |
| Net difference between projected and actual | | |
| earnings on pension plan investments | | 39,380 |
| Changes in proportion and differences | | |
| between School Department contributions and | | |
| proportionate share of contributions | 2 | 211,139 |
| School Department contributions subsequent to the | | |
| measurement date | 103,794 | |
| | | |
| Total | \$ 133,573 | 250,519 |

An amount of \$103,794 is reported as deferred outflows of resources related to pensions resulting from School Department contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended June 30, 2021.

NET PENSION LIABILITY, CONTINUED

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30: | |
|---------------------|-------------|
| 2021 | \$ (99,565) |
| 2022 | (112,447) |
| 2023 | (8,850) |
| 2024 | 122 |

Actuarial Assumptions - The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 2.75% |
|----------------------------------|-----------------|
| Salary increases | 2.75% to 14.50% |
| Investment return | 6.75% |
| Cost of living benefit increases | 2.20% |

Mortality rates were based on the RP2014 Total Dataset Healthy Annuitant Mortality Table, for males and females.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period June 30, 2012 through June 30, 2015.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2019 are summarized in the following table:

| | | Long-term Expected |
|--------------------|-------------------|---------------------|
| Asset Class | Target Allocation | Real Rate of Return |
| | | |
| Public equities | 30% | 6.0% |
| U.S. government | 7.5% | 2.3% |
| Private equity | 15% | 7.6% |
| Real estate | 10% | 5.2% |
| Infrastructure | 10% | 5.3% |
| Natural resources | 5% | 5.0% |
| Traditional credit | 7.5% | 3.0% |
| Alternative credit | 5% | 4.2% |
| Diversifiers | 10% | 5.9% |
| | | |

NET PENSION LIABILITY, CONTINUED

Discount Rate - The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from participating local districts will be made at contractually required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the School Department's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the School Department's proportionate share of the net pension liability calculated using the discount rate of 6.75%, as well as what the School Department's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1 percentage-point higher (7.75%) than the current rate:

| | 1% | Current | 1% |
|------------------------------------|------------|----------------|----------|
| | Decrease | Discount Rate | Increase |
| | (5.75%) | <u>(6.75%)</u> | (7.75%) |
| School Department's proportionate | | | |
| share of the net pension liability | \$ 504,399 | 278,986 | 91,145 |

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in the separately issued MPERS financial report.

Payables to the Pension Plan - None as of June 30, 2020.

OTHER POSTEMPLOYMENT BENEFITS (OPEB)

General Information about the OPEB Plan - Group Term Life Insurance

Plan Description - The School Department sponsors a post-retirement benefit plan providing group term life insurance to retiring teachers. The plan is a cost-sharing multiple-employer defined benefit OPEB plan administered by the Maine Public Employees Retirement System (MPERS). The MPERS Board of Trustees has the authority to establish and amend the benefit terms and financing requirements. MPERS issues a publicly available financial report that is available at www.mainepers.org.

Benefits Provided - MPERS provides basic group life insurance benefits, during retirement, to retirees who participated in the plan prior to retirement for a minimum of 10 years. The level of coverage is initially set to an amount equal to the retirees average final compensation. The initial amount of basic life is then subsequently reduced at the rate of 15% per year to the greater of 40% of the initial amount or \$2,500.

Contributions - Premium rates are determined by the MPERS Board of Trustees to be actuarially sufficient to pay anticipated claims. The State of Maine is required to remit the total dollar amount of each year's annual required contribution. Contributions to the OPEB plan by the State of Maine on-behalf of the School Department were \$5,990 for the year ended June 30, 2020. Employers and employees are not required to contribute to the OPEB plan.

OTHER POSTEMPLOYMENT BENEFITS (OPEB), CONTINUED

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2020, the School Department reported no liability related to the plan. The State of Maine's proportionate share of the net OPEB liability associated with the School Department was \$65,081 as of June 30, 2020. The net OPEB liability was measured as of June 30, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The School Department's proportion of the net OPEB liability was based on a projection of the School Department's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2019, the School Department's proportion was 0.00%.

For the year ended June 30, 2020, the School Department recognized OPEB expense of \$5,990 and also revenues of \$5,990 for support provided by the State. At June 30, 2020, the School Department reported no deferred outflows of resources nor deferred inflows of resources related to the OPEB plan.

Actuarial Assumptions - The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following assumptions, applied to all periods included in the measurement, unless otherwise specified:

| Inflation | 2.75% |
|---------------------------|----------------|
| Salary increases | 2.75% - 14.50% |
| Investment rate of return | 6.75% |

Mortality rates were based on the RP2014 Total Dataset Healthy Annuitant Mortality Table, for males and females.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study conducted for the period June 30, 2012 to June 30, 2015.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method which best estimates ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major class of assets. These ranges are combined to produce long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| | | cong-term |
|--------------------------|-------------------|---------------------------|
| | | Expected Real Rate |
| Asset Class | Target Allocation | of Return |
| Public equities | 70.0% | 6.0% |
| Real estate | 5.0% | 5.2% |
| Traditional credit | 15.0% | 3.0% |
| US government securities | 10.0% | 2.3% |
| | | |

Long-term

Discount Rate - The rate used to measure the net OPEB liability for the plan was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at contractually required rates, actuarially determined. Based on this assumption, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

OTHER POSTEMPLOYMENT BENEFITS (OPEB), CONTINUED

OPEB Plan Fiduciary Net Position - Detailed Information about the OPEB plan's fiduciary net position is available in a separately issued MPERS financial report.

General Information about the OPEB Plan - Health Insurance

Plan Descriptions - The School Department sponsors a post-retirement benefit plan providing health insurance to retiring employees. School Department employees over the age of 55 with 20-25 years of continuous service are allowed to participate in the plan. Some retirees that are designated in a plan pay 13% to 15% of the single coverage premium and 13% to 50% of the family coverage premium while others pay nothing towards the cost of coverage. For those School Department employees eligible for Medicare (post-65 Retiree Plan), the plan is offered in conjunction with Medicare Parts A and B and the Companion Plan B.

Benefits Provided - MEABT provides postemployment benefits for health care for eligible retirees and their spouses. Active employees hired prior to September 1, 1996 are eligible for retirement benefits at the earlier of 20 years of service in the Millinocket School Department with 16 years of credible teacher service with Maine State Retirement System, or 25 years of service with 20 of those years at the Millinocket School Department with 15 years of credible teacher service with Maine State Retirement System. The Department contributes a percentage of premiums varying by individual based on their contribution at the time of retirement and the Department's and State's explicit subsidies. Retiree health care coverage continues to surviving spouse upon death of retirees. Surviving spouses are responsible for the cost of coverage remaining after the employer and state subsidies. Subsidies vary anywhere from 0% to 100% the cost of coverage based on employment history.

Employees Covered by Benefit Terms - At June 30, 2020, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefits | 95 |
|--|----|
| Inactive employees entitled to but not yet receiving benefits | - |
| Active employees | 4 |
| Total | 99 |

Changes in the Total OPEB Liability

| | Liability |
|--|------------------|
| Balance at June 30, 2019 | \$ 10,087,555 |
| Changes for the year: | |
| Service cost | 27,218 |
| Interest | 345,395 |
| Changes of benefit terms | |
| Differences between expected and actual experience | (1,728,660) |
| Changes in assumptions or other inputs | 788,802 |
| Benefit payments | (553,673) |
| Net changes | (1,120,918) |
| Balance at June 30, 2020 | \$ 8,966,637 |

OTHER POSTEMPLOYMENT BENEFITS (OPEB), CONTINUED

Change in assumptions reflects a change in the discount rate from 3.51% to 2.66%.

Total OPEB Liability

The School Department's total OPEB liability of \$8,966,637 was measured as of June 30, 2020, and was determined by a roll-forward of the June 30, 2019 actuarial valuation.

Actuarial Assumptions and Other Inputs - The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation | 2.75% per year |
|--|---|
| Salary increases | 2.75% per year |
| Discount rate | 2.66% |
| Healthcare cost trend rates | 7.5% for 2020, decreasing to a rate of 4.5% |
| Retirees' share of the benefit related costs | 100% of projected health insurance premiums |

The discount rate was based on a yield for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher tax-exempt, high quality 20-year municipal bonds.

Mortality rates were based on the SOA RPH-2014 Total Dataset Mortality Table fully generational using Scale MP-2015 to SOA RPH-2018.

The actuarial assumptions used in the January 1, 2020 valuation were based on the results of an actuarial experience study for the fiscal year ending June 30, 2019.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate - The following presents the School Department's total OPEB liability calculated using the discount rate of 2.66%, as well as what the School Department's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower (1.66%) or 1 percentage-point higher (3.66%) than the current rate:

| | 1% | Discount | 1% |
|----------------------|------------------|-----------|-----------|
| | Decrease | Rate | Increase |
| | (1.66%) | (2.66%) | (3.66%) |
| Total OPEB liability | \$ 10,060,961 | 8,966,637 | 8,050,247 |

OTHER POSTEMPLOYMENT BENEFITS (OPEB), CONTINUED

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates - The following presents the School Department's total OPEB liability calculated using the healthcare cost trend rates of 7.50% decreasing 0.50% per year, as well as what the School Department's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower (6.50% decreasing 0.50% per year) or 1 percentage-point higher (8.50% decreasing 0.50% per year) than the current healthcare cost trend rates:

| | | 1% Decrease | Healthcare Cost | 1% Increase |
|----------------------|----|-------------|------------------|-------------|
| | | (6.50% | Trend Rates | (8.50% |
| | | decreasing | (7.50% | decreasing |
| | | 0.50% per | decreasing 0.50% | 0.50% per |
| | _ | year) | per year) | year) |
| Total OPEB liability | \$ | 7,995,591 | 8,966,637 | 10,107,567 |

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the School Department recognized an OPEB gain of \$1,560,003. At June 30, 2020, the School Department reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | | Deferred | Deferred |
|--|-----|-------------|------------|
| | | Outflows of | Inflows of |
| | _ | Resources | Resources |
| Differences between expected and actual experience | \$ | • | 1,728,660 |
| Changes of assumption or other inputs | _ | 788,802 | * |
| Total | \$_ | 788,802 | 1,728,660 |

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the health plan OPEB will be recognized in OPEB expense as follows:

| Year ended June 30: | |
|---------------------|----------------|
| 2021 | \$ (67,133) |
| 2022 | (67,133) |
| 2023 | (67,133) |
