

Millinocket

Maine's Biggest Small Town

FY22 ANNUAL REPORT

Millinocket

Maine's Biggest Small Town

From the Desk of the Town Manager:

Fiscal year 2022 marked a significant transition for the Town of Millinocket as I assumed the role of Town Manager. My onboarding process involved invaluable discussions with outgoing Interim Town Manager, Richard Angotti, who generously shared insights into ongoing projects and operational practices. His support proved instrumental as I navigated my new responsibilities. I was grateful for the collaborative spirit demonstrated by our department heads and staff; their support affirmed that our municipal team operated effectively and cohesively. In particular, Lori Santerre, Diana Lakeman, and Mary Alice Cullen provided crucial guidance during my initial weeks. Additionally, our collaboration with former/retired Town Manager, Peggy Daigle, proved to be beneficial, enhancing my understanding of the technical aspects of municipal governance.

Throughout the year, we progressed with our Community Development Block Grant (CDBG) initiatives, notably the Veterans Park project. We received the green light to enhance the park with new lighting and electrical outlets, significantly benefiting community events. We coordinated with Haley Ward to establish a timeline for these improvements and implemented the work.

Our Wastewater "Main Pump Station Upgrade" project began. This will provide critical work on the final piece of Millinocket's town-wide sewer system upgrades that have been ongoing for quite some time. A \$1 million ARPA grant was awarded to the town toward with project and will be accompanied by a bond to complete the funding package.

In our efforts to enhance transparency and community engagement, we launched the Town of Millinocket YouTube channel, where recordings of Council and committee meetings became accessible. This initiative received positive feedback from residents. Additionally, our inaugural newsletter, "The Magic City Monthly," was also well received, allowing us to communicate vital information directly to our community. We continue to encourage residents to subscribe and receive regular updates directly from the Town.

The Town Council and Administrative team excitedly announced the appointment of Amber Wheaton as the town's Community Initiatives Director. Amber made strides in engaging with community members and exploring funding opportunities for various projects. We were also thrilled to report that our application for a Climate Resiliency Grant was approved, providing \$50,000 for the installation of heat pumps in municipal buildings, which had a positive impact on our budget. The future of this program is bright!

Millinocket

Maine's Biggest Small Town

As we move forward, we remain committed to fostering community involvement and addressing the needs of our residents. We continue to pursue innovative projects and maintain open lines of communication with our community. Together, we aim to enhance the quality of life in Millinocket and ensure a vibrant future for all residents. I express my gratitude for the continued support and engagement from the community.

Respectfully,

Peter Jamieson, Town Manager

TOWN OF MILLINOCKET
TOWN CLERK

Total Registered Voters	3281	332

Respectfully submitted,

Diana M. Lakeman
Town Clerk

STATE OF MAINE
OFFICE OF THE GOVERNOR
1 STATE HOUSE STATION
AUGUSTA, MAINE
04333-0001

Dear Friends:

For four years it has been my privilege to guide our great state, working with the Legislature to keep Maine people safe and put our economy on a path to recovery.

Since the arrival of the COVID-19 vaccines in December 2020, we have worked hard to get as many shots into the arms of Maine people as quickly as possible. Since the COVID-19 vaccine became available, more than a million Maine people have gotten fully vaccinated from COVID-19. It is thanks to them that our state has one of the highest vaccination rates and one of the lowest death rates from COVID-19, despite having a much older population than other states. People are coming to Maine because we are one of the safest states in the nation.

Following the recommendations of the Economic Recovery Committee, our economy has not only fully recovered, but has surpassed pre-pandemic projections and unemployment claims have dropped to pre-pandemic levels. And, last year, I was pleased to sign a balanced, bipartisan budget that finally achieves the State's commitment to 55 percent education funding, fully restores revenue sharing, and expands property tax relief for Maine residents.

Maine can be proud of our nation-leading progress, but our work is far from done. Through the Maine Jobs & Recovery Plan, we will continue to address our longstanding workforce shortage, the expansion of broadband, education and job training opportunities, housing, child care, and transportation. Drawing on the hard work and resilience of Maine people, together we will rebuild our economy and rise from this unprecedented challenge a state that is stronger than ever.

In 2022, we focused on our economy, on our climate, on our kids, on keeping people safe and on the health and welfare of all Maine people. We have persevered, and, while challenges remain, we will get through them together. I am proud of the people of Maine, and I am proud to be your Governor.

Thank you,

A handwritten signature in black ink, appearing to read 'Janet T. Mills'.

Janet T. Mills
Governor

Harold "Trey" Stewart
Senator, District 2
Senate Republican Leader

131st MAINE SENATE

3 State House Station
Augusta, ME 04333

January 1, 2023

Dear Friends and Neighbors:

It is an honor to represent you, your family, and the communities of District 2 in the Maine Senate. I am grateful for the trust you have placed in me to work for the betterment of our region.

In addition to serving my second term in the Maine State Senate, I was recently elected as Senate Republican Leader. While some of the towns in District 2 have changed as a result of redistricting, I know many of the important issues to those in rural Maine remain the same.

With a struggling economy and the cost of groceries, gas, home heating oil and electricity increasing, Maine people and small businesses need relief from the high costs breaking their budgets. Addressing the policies that have led to many of these high costs is a priority of mine.

In addition to addressing the many important pieces of legislation that will be considered for enactment this session, there is one item the Legislature is required to pass according to the Constitution of Maine: a balanced, biennial budget. By June 30, 2023, the Governor must submit and the Legislature must enact a balanced budget. This will require careful review of current state spending and prioritizing our needs versus wants, just like you and I do with our own budgets. As your State Senator, I will be working to find ways to lower taxes and rein in state spending so that you can keep more of your hard-earned money.

Again, thank you for entrusting me with the privilege of representing your interests in Augusta. Please feel free to contact me if you or a member of your family is having difficulties navigating state bureaucracy. I can be reached by email at trey.stewart@legislature.maine.gov or you can contact my office by phone at (207) 287-1505.

Sincerely,

A handwritten signature in black ink, appearing to read "Trey Stewart".

Harold "Trey" Stewart III
State Senator

SELECT COMMITTEE
ON INTELLIGENCE
SPECIAL COMMITTEE
ON AGING

Dear Friends:

It is an honor to represent Maine in the U.S. Senate. I am grateful for the trust that Mainers have placed in me and welcome this opportunity to share some key accomplishments for our state.

Last year, I secured more than \$500 million for 285 projects from Aroostook County to York County that will promote job creation, workforce training, and economic development; expand access to health care; improve public safety, infrastructure, and community resources; and protect our environment. To address the crisis of soaring inflation and high energy prices, I led efforts to provide \$2 billion in supplemental funds to the Low-Income Home Energy Assistance Program. In the new Congress that begins in 2023, I expect to be the Vice Chairman of the Appropriations Committee and will continue to champion investments to support Maine's communities and families.

Strengthening our economy and supporting good jobs remain a top priority. Along with the Governor and the rest of the Maine Delegation and the associations representing the lobster industry, I worked to protect our hardworking lobstermen and women by pausing for six years the onerous federal regulations that jeopardize our lobster fishery's very existence. Another ongoing threat to Maine's small businesses is the shortage of workers. That's why I led an effort to push the Administration to nearly double the number of H-2B visas that are critical to our hospitality industry. Additionally, when the Administration proposed to cut the construction of a destroyer to be built by Bath Iron Works, I restored this funding to protect Maine jobs and our national security.

When Maine Veterans' Homes announced last year that it planned to close its facilities in Caribou and Machias, I opposed that decision which would have had such a devastating effect on rural veterans and their families. I am glad that the decision was reversed, and I have secured \$3 million to help with upgrades to these facilities. My *AUTO for Vets Act* also became law, which will help disabled veterans maintain their independence by supporting the purchase of a new adaptive vehicle once a decade.

This past year, Congress demonstrated how effective it can be on behalf of the American people when both parties work together. A few of the bipartisan achievements that I was involved in include the *Respect for Marriage Act*, which will provide certainty to millions of loving couples in same-sex marriages while protecting religious liberties, and the *Electoral Count Reform Act*, which establishes clear guidelines for our system of certifying and counting electoral votes for President and Vice President.

No one works harder than the people of Maine, and I have honored that work ethic by showing up for every vote. During my Senate service, I have cast more than 8,500 consecutive votes, never having missed one. I remain committed to doing all that I can to address your community's concerns in 2023. If I may be of assistance to you in any way, I encourage you to contact one of my six state offices.

Sincerely,

Susan M. Collins
United States Senator

January 1, 2023

Dear Friends,

I've often thought that Maine is just one big small town connected by long roads. Well, in the past year or two, those roads have gotten steeper and bumpier as we dealt with an unprecedented pandemic and the resulting economic troubles.

As we faced the historic challenges, something impressive happened. We came together and lent a hand to our neighbors wherever we could to keep things running and spirits high.

Down in Washington, Congress tried to help Maine communities get through this struggle, so that our state would come out stronger. To do that, we put in the work and set some things into motion that are already helping Maine people. That's why you hired us, after all.

The pandemic made something we'd known for a while clear: those roads and networks that connect our big town needed repair, improvements, and expansion – from bridges to broadband. So, while Maine was uniting towards a common purpose, Congress came together to pass the *Bipartisan Infrastructure Law* – legislation that makes generational investments in physical infrastructure, broadband connections, harbors, and the energy grid. These efforts will lay the foundation for Maine's 21st century economy and make sure even the most rural areas aren't left behind.

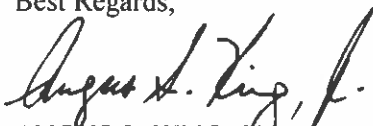

Over the last two years, as we drove up and down our state, you couldn't help but see storefronts in trouble and prices rising as the economy struggled through a global recession. And again, while you focused your efforts on getting through the difficult times, Congress took meaningful action. We passed the *American Rescue Plan* in 2021, which enabled Governor Mills and the state of Maine to better meet the health and economic difficulties of the pandemic. At a critical moment it expanded healthcare efforts to confront COVID and invested in the state to keep the economy in far better shape than most others nationwide.

Congress didn't stop there. This year, we took even more concrete steps to cut costs, create jobs, and provide more affordable, cleaner energy. The bipartisan *CHIPS Act* will bring home the manufacturing of the technical components known as "chips" that are used in everything these days – from smartphones to microwaves to cars – and in doing so reduce prices and create good American jobs. We also passed the *Inflation Reduction Act (IRA)* to lower healthcare costs, allow Medicare to negotiate drug prices, and cut energy bills with new rebates for things like heat pumps and solar panels.

Beyond these major investments, we also passed vital legislation to improve the day-to-day lives of Maine people and Americans nationwide. On a bipartisan basis, we expanded health care for veterans exposed to toxins, strengthened protections for marriage equality, supported Ukraine as it fought off a bloody Russian invasion, secured our elections and the peaceful transfer of power, and delivered millions in federal investments to projects up and down our state.

So, as Maine worked to get through hard times, Congress took steps to support our state – and we're already starting to see brighter days ahead. I'm proud to have played a small part down here; it's a true privilege to listen to you, work with you, and build a brighter future for all the incredible people up and down the roads that connect our big small town. Mary and I wish you a happy, and safe 2023.

Best Regards,

ANGUS S. KING, JR.
United States Senator

Jared Golden
Congress of the United States
2nd District of Maine

Dear Friends,

I hope this letter finds you safe and well. It's an honor to continue serving as your representative in Congress, and I take the responsibility very seriously. I appreciate the opportunity to update you on what I've been working on behalf of the people of the Second Congressional District.

In August, I voted for the *Inflation Reduction Act* because it represented a dramatic turnaround from misguided efforts to pass sweeping, ill-designed legislation that tried to accomplish too many things through budget gimmicks, setting up problematic fiscal cliffs in numerous programs and refusing to make the difficult decisions to allow for a fiscally responsible bill.

The *Inflation Reduction Act*, which was signed into law by the president, was fiscally responsible and targeted four key priorities: reducing our national debt and putting our country back on a more sustainable path, lowering the cost of prescription drugs, and making health care more affordable, investing in an all-of-the-above energy strategy to significantly increase oil, gas, and renewable energy production to lower energy costs for Americans, and cracking down on the tax avoidance of billion-dollar multinational corporations. This bill was the first major legislation in the last decade to use the reconciliation process to create a fiscally responsible budget to reduce deficits. The Congressional Budget Office estimated it would reduce deficits by approximately \$300 billion.

As a member of the House Armed Services Committee, I also helped pass the Fiscal Year 2023 National Defense Authorization Act, which among other things, included key wins for Bath shipbuilders, UMaine, and servicemembers and their families. For shipbuilders, the bill secured authorization for a third DDG-51 destroyer; established a new contract for up to 15 DDG-51 destroyers over the next five years, many of which will be built at Bath Iron Works; and included funding for shipyard infrastructure. The bill also authorized over \$25 million for defense research programs, including UMaine's large-scale manufacturing program. Finally, the bill authorized a 4.6% pay increase to help servicemembers and their families deal with rising costs due to inflation.

Additionally, at the end of 2022, Congress passed a spending bill to fund the government through September of 2023. The bill funds nearly \$27 million in funding for community projects across the Second Congressional District, a lifeline for our lobster industry that freezes any regulatory action for at least six years, and secures millions in additional funding for the Low Income Housing Energy Assistance Program (LIHEAP) to help Mainers heat their homes.

Regardless of the year, one of my top priorities is ensuring I'm accessible to you. My staff and I can help answer questions about and navigate federal programs; find resources in Maine; and resolve issues with Medicare, Social Security, the VA, and other federal agencies and programs. We are here to help:

- **Caribou Office:** 7 Hatch Drive, Suite 230, Caribou, ME 04736. Phone: (207) 492-6009
- **Lewiston Office:** 179 Lisbon Street, Lewiston, ME 04240. Phone: (207) 241-6767
- **Bangor Office:** 6 State Street, Suite 101, Bangor, ME 04401. Phone: (207) 249-7400

I look forward to building on momentum from recent legislative wins for Mainers and continuing to work on your behalf in 2023. Do not hesitate to reach out and voice an opinion on legislation, let us know about local events, or seek assistance navigating federal agencies or programs. It's an honor to represent you in Congress, and I wish you a healthy and prosperous year to come.

Respectfully,

Jared F. Golden
Member of Congress

GENERAL ASSISTANCE

NOTE/STATEMENT **

The General Assistance Program is an emergency service administered by the Town. The program is to provide aid to eligible persons who are unable to provide the necessities essential to maintaining themselves and their families. The requirements of the program are eligibility standards and levels of assistance pursuant to applicable State of Maine statutes, and the Town of Millinocket General Assistance Ordinance as ordered by the Town Council. The General Assistance program is reimbursed by the State of Maine at 70% for its expenditures. The program is confidential therefore aggregate numbers are used.

In fiscal year 2021-2022, \$22,650.00 was appropriated for General Assistance, \$7,186.87 was expended and \$5,030.81 was received in reimbursement from the State of Maine.

In fiscal year 2021- 2022, the General Assistance Program financially assisting 32 households. These households consisted of 42 individuals. The number of appointments for 2021-2022 was 35.

Aspire, a state-run program, has assisted in helping individuals become employed and more self-sufficient. The program requires TANF clients, to work as a volunteer in their community a certain number of hours as an eligibility requirement for their TANF checks. This has increased the amount of people going out and becoming employed, which will help decreased their need for General Assistance. This office continues to assist individuals in applying for Social Security, Temporary Aid to Needy Families, Women Infants Children Program, Fuel Assistance Program, Food Stamps, and other programs. The office has a Workfare program, which is an eligibility requirement for applicants to receive General Assistance. Applicants are assigned to work at one of the Towns Department sites.

**The Millinocket Public Welfare Department's goal is to help more clients to become self-sufficient, therefore decreasing the need for public assistance.

Respectfully Submitted,

Lori A. Santerre

Lori A. Santerre
Welfare Director

PERSONNEL OFFICE

NOTE/STATEMENT**

The Personnel Office oversees monitors and participates in the application and employment process for all Town of Millinocket personnel. The Personnel officer also implements and review's the Affirmative Action Plan of the Town and other duties as designated by the Town Manager.

The office is responsible for updating all job descriptions annually and preparation of all advertisements for positions within the Town of Millinocket. Screening of applications, scheduling and administration of all testing used in the selection process. Participation in interviews with appropriate department heads assist in the determination of the best-qualified applicant according to the criteria set forth.

Personnel is responsible for all personnel records and prepares monthly reports of vacations, personal time off and sick leave taken. Participates in the Grievance Procedure as outline in Personnel Policy. Responsible for preparation and presentation of annual budget.

Daily written and oral communication with Maine State Retirement System, Maine Municipal Employee Health Trust, Workers' Compensation, Unum, Vendors, Community Service Organization and Town employees to inquiry or to retrieve information essential to the Town of Millinocket or its employee's.

**The Personnel Offices goal is to continue to service the employee's and correspondence in a courteous and efficient manner.

Respectfully, Submitted,

Lori A. Santerre

Maine's Biggest Small Town

TOWN OF MILLINOCKET
PUBLIC WORKS DEPARTMENT

20 Cedar Street
Millinocket, Maine

Tel. (207)723-7030

Fax (207)723-7029

E-Mail: publicworks@millinocket.org Web Site: www.millinocket.org

March 20, 2023

To the Citizens of Millinocket:

I would like to thank the citizens of Millinocket for their cooperation while the departments worked to serve their needs. I recognize the inconvenience we create in the roadway while doing line painting, sewer and storm drain repair and of course snow removal. We try to minimize any confusion and inconvenience in those situations. Please consider our safety when driving by our work zones and heavy equipment. Work zone safety involves all of us.

The Public Works Department was kept busy this year with mowing and trimming roadsides, parks, and many other areas around town. We worked diligently to keep the streets clear of snow and standing water during the many winter storms we had. The department also repaired many deteriorated drainage basins, flushed sewer lines, replaced culverts, and kept up with equipment maintenance. We were able to repair several roads last year milling and paving the worst areas that have high traffic. We received a grant in 2021 in the amount of \$125,000 dollars from the Maine DEP to replace the steel culvert that spans Little Smith Brook near the Pines area of Town. This project was slated for a 2023 completion but has been pushed back to 2024 due to material shortages.

The solid waste department has resumed some of the recycling that takes place in the Recycle Building. Recycling efforts had been suspended due to Covid 19 a couple years ago. We are collecting and baling steel cans, natural and colored plastic jugs, as well as cardboard items. The market pricing has fallen way below its ten year high. However, with landfill costs at an all time high, recycling now makes as much sense as ever. Every ton removed from the landfill saves \$82.69 in tipping fees. Continued cooperation in recycling benefits all of us.

The Town's Cemetery was busy this past season with approximately 65 burials. Some stone cleaning and repair has been done by a couple volunteers from the cemetery committee. Cemetery revenue has been strong and helps to offset the operating costs. We were able to apply Weed Control and Fertilizer this past spring which has made a big difference in the grass appearance. We stopped Grub Control Application and have not noticed any infestation last summer.

I want to thank the dedicated individuals that make up these departments. They all work to make each department run like a well-oiled machine. The long nights of plowing and snow removal, the hot days of paving and trimming and the moment's notice citizen assists are all taken in stride by the members of these departments. Their hard work and experience are part of what makes Millinocket safe and enjoyable for residents and visitors alike.

For further information please refer to the Town's Web Site at www.millinocket.org

Respectfully,

Bryan J Duprey, Director of Public Works

Millinocket

Maine's Biggest Small Town

4/7/2023

To the Citizens of Millinocket:

Over this past year some exciting things have been happening at our Airport. For example, the number of flights are up, which translates to an increase in sales across the board. As some may have noticed, there are quite a few larger jets now using the Airport for a variety of reasons. This translates to an increase in the sale of Jet Fuel. We are also in the process of replacing some of our outdated facilities. A new Terminal Building is now in the design and engineering phase along with a reconstruction of the main runway. We have also begun removing trees from along the side of the crosswind runway, so that new lots can be offered and hangars can be constructed.

Respectfully,

Jeff Campbell, Airport Manager

TOTAL: 124

The Millinocket Fire Department consists of a Fire/EMS Chief, 1 2nd Assistant Chief, and 4 FF/EMT'S. The Department is also supplemented with 15 dedicated call Firefighters/EMT/Spare Drivers. In addition, the Department has 4 transfer nurses. Full time staff consists of Fire Chief/EMA Director/A EMT Thomas Malcolm, 2nd Asst. Chief/A EMT Matthew Farrington, FF/Paramedic Addison Matthews, FF/Paramedic Katie Cullen, FF/Paramedic Jennifer Bernier, FF/A EMT Celina Charette.

Training is ongoing for all Firefighters and Emergency Medical Technicians.

We hold fire extinguisher and safety inspections for various businesses as well as for the citizens of our community. We also do alternative heating sources inspections and chimney inspections for the citizens and businesses within our community and provide LSC inspections upon request and with the Town of Millinocket Assistance Program.

Our current equipment consists of a 2012 Metalfab 1500-gallon pumper, a 2021 Chevrolet 4500 4X4 Type I ambulance, a 2020 Ski Doo 900 Expedition Snow Sled, a 2019 Ford 350 Type III ambulance, a 2015 Chevrolet 3500 Type III ambulance, a 2002 KME 750-gallon pumper, a Rescue Boogan to go with the Rescue Sled, 2 Rescue Boogan , a 16 Ft Rescue Boat equipped with a 30HP motor, a 2018 Chevrolet 4X4 extra cab equipped with a fiberglass cap. This equipment is maintained and tested annually and is in excellent condition.

The Millinocket Fire Department was awarded a Gloria MacKenzie Foundation Grant and were able to replace 5 of our outdated Scott 2.2 air packs with 5 new Scott 4.5 air packs and 10 new bottles, also included in this grant was monies to replace our 1980's era Compressed Air system which is used to fill SCBA air pack bottles with a new state of the art unit that included a new fill station.

We would like to thank the other Town Departments for their assistance during these past two years and look forward to collaborating with them in the future. Finally, I would like to thank the citizens, Town Manager, and Town Council for their continued support of the department. And a Thank You to the full time and part time members of this department for their continued support and dedication to the Town of Millinocket.

Respectfully Submitted.
Chief Thomas Malcolm

Millinocket

Maine's Biggest Small Town

Dear Residents,

The 2021-2022 season was very successful. Our summer was very busy with arts and crafts, summer lunches and the pool. The pool was very busy this past summer, we averaged around 75 swimmers per day.

Along with our regular programs, we with work with other agencies to provide more opportunities for the communities. Little Pro Basketball, Field hockey, Flag Football, Little Giant Football, Youth Soccer, Softball and Little League, Father/ Daughter Dance and Mother /Son Dances are always well attended by all three communities. We want to thank all the individuals who have volunteered for us; they donate countless hours and without these wonderful people we would not be able to accomplish what we do. The Recreation Commission has contributed many hours of their time and has been a considerable help. It is our goal to keep the Recreation Department as a vital part of the Katahdin Region. We are looking forward to a strong 2022 season and as always appreciate your support.

Sincerely Yours,

Jody Nelson

Director of Recreation

Maine's Biggest Small Town
Wastewater Treatment Facility

Annual report

2021-2022

To The Rate Payers of Millinocket:

In the past year, the Wastewater treatment Facility collected and treated 252,178,000 million gallons of wastewater. Removal rates of 95 percent for BOD (Biochemical Oxygen Demand) and 95 percent for TSS (Total Suspended Solids) were achieved this year.

During the summer months, Sewer Upgrades were done on Elm/Bates streets and on some streets up in the new development area. Design work continued for the Main Pump Station upgrade which could begin as early as the summer of 2024.

The Wastewater Treatment continues to provide adequate treatment for our community's sewerage. The percentage of removal at the treatment facility continues to show the dedication of the three person staff along with their commitment to excellence in the preservation of our waterways.

Respectfully Submitted,

Jason Ingalls/Superintendent of Wastewater Treatment

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Millinocket, Maine as of and for the year ended June 30, 2022 and the related notes to the financial statements, which collectively comprise the Town of Millinocket, Maine's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Millinocket, Maine as of June 30, 2022 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Millinocket, Maine and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

3 Old Orchard Road, Buxton, Maine 04093
Tel: (800) 300-7708 (207) 929-4606 Fax: (207) 929-4609
www.rhrsmith.com

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Millinocket, Maine's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Millinocket, Maine's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise doubt about the Town of Millinocket, Maine's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension and OPEB information on pages 5 through 12 and 77 through 87 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Millinocket, Maine's basic financial statements. The Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund Revenues, Schedule of Departmental Operations - General Fund and combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund Revenues, Schedule of Departmental Operations - General Fund, combining and individual nonmajor fund financial

statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2023, on our consideration of the Town of Millinocket, Maine's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the Town of Millinocket, Maine's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Millinocket, Maine's internal control over financial reporting and compliance.

**REQUIRED SUPPLEMENTARY INFORMATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2022**

(UNAUDITED)

The following management's discussion and analysis of Town of Millinocket, Maine's financial performance provides an overview of the Town's financial activities for the fiscal year ended June 30, 2022. Please read it in conjunction with the Town's financial statements.

Financial Statement Overview

The Town of Millinocket's basic financial statements include the following components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also includes required supplementary information which consists of the general fund and education fund budgetary comparison schedules, pension and OPEB schedules and other supplementary information which includes combining and other schedules.

Basic Financial Statements

The basic financial statements include financial information in two differing views: the government-wide financial statements and the fund financial statements. These basic financial statements also include the notes to financial statements that explain in more detail certain information in the financial statements and also provide the user with the accounting policies used in the preparation of the financial statements.

Government-Wide Financial Statements

The government-wide financial statements provide a broad view of the Town's operations in a manner that is similar to private businesses. These statements provide both short-term as well as long-term information in regard to the Town's financial position. These financial statements are prepared using the accrual basis of accounting. This measurement focus takes into account all revenues and expenses associated with the fiscal year regardless of when cash is received or paid. The government-wide financial statements include the following two statements:

The Statement of Net Position - this statement presents *all* of the government's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference being reported as net position.

The Statement of Activities - this statement presents information that shows how the government's net position changed during the period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

Both of the above-mentioned financial statements have separate columns for the two different types of Town activities. The types of activities presented for the Town of Millinocket are:

- *Governmental activities* - The activities in this section are mostly supported by taxes and intergovernmental revenues (federal and state grants). Most of the Town's basic services are reported in governmental activities, which include general government, public safety, public works, fringe benefits, community services, education and grant funds/misc accounts.
- *Business-type activities* - These activities are normally intended to recover all or a significant portion of their costs through user fees and/or charges to external users for goods and/or services. These activities for the Town of Millinocket include the wastewater treatment.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Millinocket, like other local governments uses fund accounting to ensure and demonstrate compliance with financial related legal requirements. All of the funds of the Town of Millinocket can be divided into two categories: governmental funds and proprietary funds.

Governmental funds: Most of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported in governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on near-term inflows and outflows of spendable resources. They also focus on the balance of spendable resources available at the end of the fiscal year. Such information will be useful in evaluating the government's near-term financing requirements. This approach is known as the current financial resources measurement focus and the modified accrual basis of accounting. Under this approach revenues, are recorded when cash is received or when susceptible to accrual. Expenditures are recorded when liabilities are incurred and due. These statements provide a detailed short-term view of the Town's finances to assist in determining whether there will be adequate financial resources available to meet the current needs of the Town.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues,

expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are presented on the page immediately following each governmental funds financial statement.

The Town of Millinocket presents four columns in the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances. The Town's major governmental funds are the general fund, the education fund and the capital reserve fund. All other funds are shown as nonmajor and are combined in the "Other Governmental Funds" column on these statements.

The general fund and education fund are the only funds for which the Town legally adopted a budget. The Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund and the Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - Education Fund provide comparisons of the original and final budget and the actual expenditures for the current year.

Proprietary Funds: The Town of Millinocket maintains one proprietary fund, the Wastewater Treatment Fund. This fund is used to show activities that operate more like those of commercial enterprises. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Like the government-wide financial statements, proprietary fund financial statements use the accrual basis of accounting. No reconciliation is needed between the government-wide financial statements for business-type activities and the proprietary fund financial statements.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and the Fund Financial Statements. The Notes to Financial Statements can be found following the Statement of Cash Flows - Proprietary Funds.

Required Supplementary Information

The basic financial statements are followed by a section of required supplementary information, which includes a Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund, Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - Education Fund, Schedule of Proportionate Share of the Net Pension Liability, a Schedule of Contributions - Pensions, Schedule of Proportionate Share of the Net OPEB Liability - Set Plan, Schedule of Contributions - OPEB, a Schedule of Changes in Net OPEB Liability - MMEHT Plan, Schedule of Changes in Net OPEB Liability and Related Ratios - MMEHT Plan, Schedule of Changes in Net OPEB Liability and Related Ratios - MEABT Plan and Notes to Required Supplementary Information.

Other Supplementary Information

Other supplementary information follows the required supplementary information. These combining and other schedules provide information in regard to nonmajor funds and other detailed budgetary information for the general fund.

Government-Wide Financial Analysis

Our analysis below focuses on the net position and changes in net position of the Town's governmental activities. The Town's total net position for governmental activities increased by \$4,611,486 from \$5,024,337 to \$9,635,823. For the business-type activities, total net position increased by \$1,051,498 from \$6,855,612 to \$7,907,110.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements - is a deficit balance of \$1,727,662 at the end of this year for governmental activities and a balance of \$3,566,183 for the business-type activities.

Revenues and Expenses

Revenues for the Town's governmental activities increased by 4.17%, while total expenses decreased by 9.85%. The increase in revenues was primarily due to grants and contributions not restricted to specific programs. The decrease in expenses was primarily due to education and fringe benefits.

Revenues increased by 81.53% in the Town's business type activities, while the total expenses increased by 26.15%.

Financial Analysis of the Town's Fund Statements

Governmental funds: The financial reporting focus of the Town's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information may be useful in assessing the Town's financial requirements. In particular, unassigned fund balance may serve as a useful measure of a government's financial position at the end of the year and the net resources available for spending.

Table 3
Town of Millinocket, Maine
Fund Balances - Governmental Funds
June 30,

	<u>2022</u>	<u>2021</u>	<u>Increase/ (Decrease)</u>
Major Funds:			
General Fund:			
Nonspendable	\$ 114,011	\$ 29,709	\$ 84,302
Restricted	470,938	134,016	336,922
Assigned	1,018,112	111,061	907,051
Unassigned	4,366,236	4,445,616	(79,380)
Education Fund:			
Restricted	611,151	595,116	16,035
Committed	392,360	-	392,360
Capital Reserve Fund:			
Committed	308,983	308,649	334
Total Major Funds	<u>\$ 7,281,791</u>	<u>\$ 5,624,167</u>	<u>\$ 1,657,624</u>
Nonmajor Funds:			
Special Revenue Funds:			
Nonspendable	\$ 25,509	\$ -	\$ 25,509
Restricted	823,277	826,504	(3,227)
Committed	74,025	79,526	(5,501)
Assigned	105,859	120,876	(15,017)
Unassigned	-	(4,157)	4,157
Permanent Funds:			
Nonspendable	16,401	16,401	-
Restricted	22,783	22,706	77
Total Nonmajor Funds	<u>\$ 1,067,854</u>	<u>\$ 1,061,856</u>	<u>\$ 5,998</u>

The changes to total fund balances for the general fund, the education fund, the capital reserve fund and aggregate nonmajor funds occurred due to the regular activity of operations.

Proprietary funds: The Town's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The wastewater treatment fund had an increase in net position of \$1,051,498, which is an increase from the prior year change in net position of \$355,361. This is due primarily to grant revenue.

Budgetary Highlights

The differences between the original and final budget for the general fund was the use of assigned fund balance and applied receipts.

The general fund actual revenues exceeded budgeted amounts by \$447,599. This was due to all revenue categories being receipted in excess of budgeted amounts with the exception of general tax revenue and transfers from other funds.

The general fund actual expenditures were expended under budgeted amounts by \$1,448,374. All expenditure categories were expended within or under budgeted amounts.

There was no difference between the original and final budget for the education fund.

The education fund actual revenues were below budgeted amounts by \$207,368. This was due to all revenue categories being receipted below budgeted amounts with the exception of intergovernmental revenues and other revenue.

The education fund actual expenditures were expended under budgeted amounts by \$615,763. All expenditure categories were expended within or under budgeted amounts.

Capital Asset and Debt Administration

Capital Assets

As of June 30, 2022, the net book value of capital assets recorded by the Town increased by \$1,771,860. This increase is a result of capital additions of \$2,664,998 less current year depreciation expense of \$893,138. Refer to Note 5 of Notes to Financial Statements for additional information.

Table 4

Infrastructure	7,311,093	5,233,296
Total	<u>\$ 18,025,909</u>	<u>\$ 16,254,049</u>

Debt

At June 30, 2022, the Town had \$4,405,567 in bonds and a note from direct borrowings payable versus \$4,594,032 last year. Refer to Note 6 of Notes to Financial Statements for more detailed information.

Currently Known Facts, Decisions or Conditions

Economic Factors and Next Year's Budgets and Rates

The Town has steadily maintained a sufficient unassigned fund balance to sustain government operations for a period of approximately eight months, while also maintaining significant reserve accounts for future capital and program needs. The FY 22 School Department budget could be severely impacted by the reduction of funding from the State.

Contacting the Town's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers and investors and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Town Finance Department at 197 Penobscot Avenue, Millinocket, Maine 04462.

TOWN OF MILLINOCKET, MAINE

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2022

Net change in fund balances - total governmental funds (Statement E)	<u>\$ 1,663,622</u>
Amounts reported for governmental activities in the Statement of Activities (Statement B) are different because:	
Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense allocated to those expenditures over the life of the assets:	
Capital asset acquisitions	701,722
Depreciation expense	<u>(706,881)</u>
	<u>(5,159)</u>
Deferred outflows of resources are a consumption of net position by the government that are applicable to a future reporting period and therefore are not reported in the funds:	
Pensions	305,967
OPEB	<u>(19,730)</u>
	<u>286,237</u>
Revenues in the Statement of Activities that do not provide current financial resources are not reported:	
Taxes and liens receivable	<u>(37,500)</u>
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position	<u>(99,212)</u>
Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term obligations in the Statement of Net Position	<u>232,089</u>
Deferred inflows of resources are an acquisition of net position by the government that are applicable to a future reporting period and therefore are not reported in the funds:	
Pensions	(1,349,331)
OPEB	<u>7,203</u>
	<u>(1,342,128)</u>
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:	
Accrued compensated absences	2,790
Litigation liability	45,000
Net pension liability	1,449,439
Net OPEB liability	<u>2,416,308</u>
	<u>3,913,537</u>
Change in net position of governmental activities (Statement B)	<u>\$ 4,611,486</u>

See accompanying independent auditor's report and notes to financial statements.

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Town of Millinocket was incorporated under the laws of the State of Maine. The Town operates under Town Council-manager form of government and provides the following services: general government, public safety, public works, fringe benefits, community services, education and program expenses.

The Town's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. Although the Town has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the Town has chosen not to do so.

The Town's combined financial statements include all accounts and all operations of the Town. We have determined that the Town has no component units as described in GASB Statement No. 14 and amended by GASB Statements No. 39 and No. 61.

Implementation of New Accounting Standards

During the year ended June 30, 2022, the following statements of financial accounting standards issued by the Governmental Accounting Standards Board became effective:

Statement No. 87 "Leases". The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. Management has determined the impact of this Statement is not material to the financial statements.

TOWN OF MILLINOCKET, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Statement No. 89 "Accounting for Interest Cost Incurred before the End of a Construction Period". This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5–22 of Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. Management has determined the impact of this Statement is not material to the financial statements.

Statement No. 91 "Conduit Debt Obligations". The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations and improving required note disclosures. Management has determined the impact of this Statement is not material to the financial statements.

Statement No. 92 "Omnibus 2020". The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. Management has determined the impact of this Statement is not material to the financial statements.

Statement No. 93 "Replacement of Interbank Offered Rates (paragraphs 13-14)". The primary objectives of paragraphs 13-14 concern provisions of lease contracts that are amended while the contract is in effect. Management has determined the impact of this Statement is not material to the financial statements.

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Statement No. 97 "*Certain Component Unit Criteria and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*". The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements and (3) enhance the relevance, consistency and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. Management has determined the impact of this Statement is not material to the financial statements.

Government-Wide and Fund Financial Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds).

Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Town's wastewater treatment fund is categorized as a business-type activity. All other activities of the Town are categorized as governmental.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are (a) presented on a consolidated basis by column and (b) are reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position is reported in three parts - net investment in capital assets, restricted net position and unrestricted net position. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Town's functions and business-type activities (general government, public safety, etc.) excluding fiduciary activities. The functions are also supported by general government revenues (property taxes, certain intergovernmental revenues, miscellaneous revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating

TOWN OF MILLINOCKET, MAINE

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

or capital) grants while the capital grants column reflects capital-specific grants. For the most part, the interfund activity has been eliminated from these government-wide financial statements.

The net costs (by function) are normally covered by general revenue (taxes, certain intergovernmental revenues and charges for services, etc.).

The Town does not allocate indirect costs. All costs are charged directly to the corresponding department.

The government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

Measurement Focus - Basic Financial Statements and Fund Financial Statements

The financial transactions of the Town are reported in the individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements. The following fund types are used by the Town:

1. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position (sources, uses and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

Major Funds

- a. The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. The Education Fund is used to account for all financial resources of the Millinocket School Department. Revenue sources are from intergovernmental revenues, charges for services and other revenues.
- c. Capital Reserve Funds are used to account for transactions related to capital reserves held by the Town. Revenue sources are transfers from other funds.

TOWN OF MILLINOCKET, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Nonmajor Funds

- d. Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
- e. Permanent Funds are used to account for assets held by the Town that are legally restricted pursuant to Title 30-A, §5653 of the Maine State Statutes, as amended and unless otherwise specified, only earnings and not principal, may be used for purposes that benefit the Town or its citizenry. The Town's policy for authorizing and spending investment income follows State statutes.

2. Proprietary Funds:

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. Operating revenues include charges for services, intergovernmental reimbursements and other miscellaneous fees which are a direct result of the proprietary activity. Nonoperating revenues are any revenues which are generated outside of the general proprietary activity, i.e. interest income. The following is a description of the proprietary funds of the Town:

- a. Enterprise Funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) established fees and charges based on a pricing policy designed to recover similar costs.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column, GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues or expenses of either the fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

1. Accrual

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

Budget

The Town's policy is to adopt an annual budget for operations. The budget is presented on the modified accrual basis of accounting which is consistent with generally accepted accounting principles.

In accordance with Governmental Accounting Standards Board Statement No. 24, *Accounting and Reporting for Certain Grants and Other Financial Assistance*, payments made by the State of Maine to the Maine State Retirement System for teachers and certain other school employees are reported as offsetting revenues and expenditures of the education fund.

TOWN OF MILLINOCKET, MAINE
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenues per budgetary basis	\$ 6,968,029
Add: On-behalf payments	349,324
Total GAAP basis	\$ 7,317,353
Expenditures per budgetary basis	\$ 6,559,634
Add: On-behalf payments	349,324
Total GAAP basis	\$ 6,908,958

The following procedures are followed in establishing budgetary data reflected in the financial statements:

1. Early in the second half of the year the Town prepares a budget for the fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Town Council was called for the purpose of adopting the proposed budget after public notice of the meeting was given.
3. The budget was adopted subsequent to passage by the Town Council.

Deposits and Investments

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

It is the Town's policy to value investments at fair value. None of the Town's investments are reported at amortized cost. For purposes of the statement of cash flows, all highly liquid investments with a maturity of three months or less when purchased are considered to be a cash equivalent. The Town Treasurer is authorized by State Statutes to invest all excess funds in the following:

- Obligations of the U.S. Government, its agencies and instrumentalities
- Certificates of deposit and other evidence of deposits at banks, savings and loan associations
- Repurchase agreements whose underlying collateral consist of the foregoing
- Money market mutual funds whose portfolios consist of the foregoing

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

It is the policy of the Town of Millinocket, Maine to invest public funds in a manner in which will provide safety of principal with a market rate of return while meeting the daily cash flow demands of the Town and conforming to all state and local statutes governing the investment of public funds.

Receivables

Receivables include amounts due from governmental agencies. All receivables are current and therefore due within one year. Receivables are reported net of an allowance for uncollectible accounts and revenues net of uncollectibles. Allowances are reported when accounts are proven to be uncollectible. The allowance for uncollectible accounts is estimated to be \$306,261 as of June 30, 2022. Accounts receivable netted with allowances for uncollectibles were \$3,124,315 for the year ended June 30, 2022.

Inventories

Inventories consist of expendable supplies held for consumption and are valued at cost which approximates market, using the first-in/first-out (FIFO) method. The costs of inventories are recorded as expenditures when used (consumption method). The general fund inventory consists of diesel fuel and gasoline. The school lunch fund inventory consists of school lunch supplies and food on hand at the end of the year.

Tax Acquired Property

Real property becomes tax acquired when tax liens placed on property and associated costs remain unpaid eighteen months after the filing of the tax lien in accordance with 36 M.R.S.A. § 943. The amount of the taxes and associated costs become assets classified as tax acquired property receivables that are secured by the real property that foreclosed.

After real property becomes tax acquired the Town Council is responsible for the property and any disposition procedures allowed under the direction of the inhabitants of the Town as authorized by the provisions of the Town Policy.

Interfund Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Any residual balances outstanding between governmental activities and business-type

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

activities are reported in the governmental-wide financial statements as "internal balances".

Transactions Between Funds

Legally authorized transfers are treated as interfund transfers and are included in the results of operations of both Governmental and Proprietary Funds.

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Infrastructure such as streets, traffic signals and signs are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives.

The assets are valued at historical cost when available and estimated historical cost where actual invoices or budgetary data was unavailable. Donated capital assets are reported at their estimated fair market value on the date received. All retirements have been recorded by eliminating the net carrying values.

Infrastructure assets include roads, bridges, underground pipe (other than related to independently owned utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the Town. The Town has not retroactively recorded infrastructure.

Estimated useful lives are as follows:

Buildings and land improvements	20 - 50 years
Infrastructure	50 - 100 years
Machinery and equipment	3 - 50 years
Vehicles	3 - 25 years

Long-term Obligations

The accounting treatment of long-term obligations depend on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in government-wide statements. The long-term obligations consist of bonds payable, a note from direct borrowings payable, accrued compensated absences, litigation liability, net pension liability and net OPEB liability.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund statements as it is in the government-wide statements.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Maine Public Employees Retirement System Participating Local District (PLD) Consolidated Plan and State Employee and Teacher (SET) Plan and additions to/deductions from the PLD Consolidated and SET Plans' fiduciary net position have been determined on the same basis as they are reported by the PLD Consolidated and SET Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

OPEB

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, management received and relied on an actuarial report provided to them by the Maine Municipal Employees Health Trust (MMEHT) and Maine Education Association Benefits Trust (MEABT), which determined the School's fiduciary net position as a single employer defined benefit plan based on information provided solely by MMEHT and MEABT to complete the actuarial report. Additions to/deductions from the MMEHT and MEABT OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by MMEHT and MEABT. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB and OPEB expense, information about the fiduciary net position of the State Employee and Teacher (SET) Plan and additions to/deductions from the SET Plan's fiduciary net position have been determined on the same basis as they are reported by the SET Plan. For this purpose,

TOWN OF MILLINOCKET, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for those assets and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through enabling legislations adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or restricted net position.

Fund Balance

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components - nonspendable, restricted, committed, assigned and unassigned.

Nonspendable - This includes amounts that cannot be spent either because they are not in spendable form or because they are legally or contractually required to be maintained intact.

Restricted - This includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors or the laws or regulations of other governments.

Committed - This includes amounts that can be used only for specific purposes determined by a formal action of the inhabitants of the Town or the Town Council in accordance with its charter. The inhabitants of the Town, through Town meetings, are the highest level of decision-making authority of the Town in that they must approve certain annual budgets (School), bonding and appropriation of unassigned fund balance. The Town Council must approve other annual budgets (capital and Town operating) and spending. Commitments may be modified or rescinded in the same manner they were established.

TOWN OF MILLINOCKET, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assigned - This includes amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The authority for assigning fund balance given by the Town Charter and is expressed by the Town Council.

Unassigned - This includes all other spendable amounts. The general fund is the only fund that reports a positive unassigned fund balance amount. Other governmental funds besides the general fund can only report a negative unassigned fund balance amount.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds and finally unassigned funds, as needed, unless the Town meeting vote has provided otherwise in its commitment or assignment actions.

Deferred Outflows and Inflows of Resources

In addition to assets, the statement of financial position and/or balance sheet will at times report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town has two types of this item, deferred outflows related to pensions and deferred outflows related to OPEB, which are reported in the statement of net position.

In addition to liabilities, the statement of financial position and or balance sheet will at times report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Deferred tax revenues, which arises only under a modified accrual basis of accounting qualifies for reporting in this category. Accordingly, this item is reported in the governmental funds balance sheet. Prepaid taxes and deferred revenue also qualify for reporting in this category. These items are reported in both the statements of net position and governmental funds balance sheet. Deferred inflows related to pensions and OPEB qualify for reporting in this category as well. These items are reported only in the statement of net position. All items in this category are deferred and recognized as an inflow of resources in the period that the amounts become available.

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition - Property Taxes - Modified Accrual Basis

The Town's property tax for the current year was levied September 9, 2021 on the assessed value listed as of April 1, 2021, for all real and personal property located in the Town. Taxes were due on October 13, 2021 and January 13, 2022. Interest on unpaid taxes commenced on October 14, 2021 and January 14, 2022, at 6% per annum.

Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within sixty days after year end. The remaining receivables have been recorded as deferred revenues.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay and amounted to \$175,853 for the year ended June 30, 2022.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

Program Revenues

Program revenues include all directly related income items applicable to a particular program (charges to customers or applicants for goods, services or privileges provided, operating or capital grants and contributions, including special assessments).

Operating/Nonoperating Proprietary Fund Revenues

Operating revenues consist mainly of direct revenue sources and/or charges for services applicable to that fund's ongoing operations. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Encumbrance Accounting

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. For budgetary purposes, appropriations lapse at fiscal year-end. The Town does not utilize encumbrance accounting for its general fund.

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

During the preparation of the Town's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent items as of the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results may differ from these estimates.

NOTE 2 - DEPOSITS AND INVESTMENTS

The Town's investment policies, which follow state statutes, require that all investments be made considering the safe and sound investment of principal and preservation of capital in the overall portfolio, maintenance of sufficient liquidity to meet day-to-day operations and other cash requirements and maximization of income, within established investment risk guidelines, with consistent cash flows throughout the budgetary cycle. These investment policies apply to all Town funds under the Treasurer's control.

Deposits:

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, the Town will not be able to recover its deposits. The Town does not have a policy covering custodial credit risk for deposits. However, the Town maintains deposits in qualifying financial institutions that are a member of the FDIC or NCUSIF as defined in Title 30-A, Section 5706 of the Maine Revised Statutes.

At June 30, 2022, the Town's cash and cash equivalents balance of \$10,601,571 was comprised of bank deposits and cash equivalents amounting to \$10,937,142. Bank deposits and cash equivalents are adjusted primarily by outstanding checks and deposits in transit to reconcile to the Town's cash and cash equivalents balance. Of these bank deposits, \$2,041,995 was insured by federal depository insurance and consequently was not exposed to custodial credit risk. The remaining bank deposits of \$8,895,147 were collateralized with securities held by the financial institution in the Town's name.

TOWN OF MILLINOCKET, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

<u>Account Type</u>	<u>Bank Balance</u>
Checking accounts	\$ 122,691
Savings accounts	123
ICS account	1,874,837
Repurchase agreement	8,895,147
Cash and cash equivalents	44,344
	<u>\$ 10,937,142</u>

Investments:

Custodial credit risk for investments is that, in the event of failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. Currently, the Town does not have a policy for custodial credit risk for investments. However, in accordance with its investment policy, the Town seeks to minimize custodial credit risk by doing business with authorized institutions, depositories and broker/dealers. Of the Town's investments, \$142,389 were covered by the Securities Investor Protection Corporation (SIPC) and consequently were not exposed to custodial credit risk and \$250,000 were covered by National Credit Union Share Insurance Fund (NCUSIF) and consequently were not exposed to custodial credit risk. The remaining investments of \$32,617, related to the School Department's scholarship funds at Katadhin Federal Credit Union, were uninsured and uncollateralized.

Interest rate risk - is the risk that changes in interest rates will adversely affect the fair value of an investment. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from fluctuations in interest rates. Certificates of deposit held with local financial institutions for \$282,617 are excluded from interest rate risk as these investments are considered held to maturity and are therefore not measured at fair value

At June 30, 2022, the Town had the following investments and maturities:

<u>Investment Type</u>	<u>Fair Value</u>	<u>N/A</u>	<u>< 1 Year</u>	<u>1 - 5 Years</u>	<u>>5 Years</u>
Debt securities:					
Stocks, options, ETFs	\$ 131,940	\$ 131,940	\$ -	\$ -	\$ -
Equity securities:					
Common stock - domestic	10,449	10,449	-	-	-
	<u>\$ 142,389</u>	<u>\$ 142,389</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

TOWN OF MILLINOCKET, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

Fair Value Hierarchy

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. Certificates of deposit held with Katadhin Federal Credit Union for \$284,050 are excluded from the fair value hierarchy as these investments are considered held to maturity and are therefore not measured at fair value. The Town has the following recurring fair value measurements as June 30, 2022:

	June 30, 2022 Total	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level I)	Significant Other Observable Inputs (Level II)	Significant Unobservable Inputs (Level III)
<u>Investments by fair value level</u>				
Debt securities:				
U.S. Agency Securities	\$ 131,940	\$ -	\$ 131,940	\$ -
Total debt securities	131,940	-	131,940	-
Equity securities:				
Common stock - domestic	10,449	10,449	-	-
Total equity securities	10,449	10,449	-	-
Total investments by fair value level	\$ 142,389	\$ 10,449	\$ 131,940	\$ -

Equity securities classified in Level I of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level II of the fair value hierarchy are valued from publicly reliable sources or using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. The Town has no Level III investments.

Credit risk - Statutes for the State of Maine authorize the Town to invest in obligations of the U.S. Treasury, agencies and instrumentalities, other states and Canada, provided such securities are rated within the three highest grades by an approved rating service of the State of Maine, corporate stocks and bonds within statutory limits, financial institutions, mutual funds and repurchase agreements. The Town does not have an investment policy on credit risk. Generally, the Town invests excess funds in repurchase agreements and various insured certificates of deposit.

Amounts included in both the cash and cash equivalents and the investments, as detailed in this Note, include School Department balances concerning student activities and scholarships for which the Town Council and the Town Treasurer do not have active procedural control. Legal council will determine the ultimate responsibility for these balances.

TOWN OF MILLINOCKET, MAINE
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 3 - INTERFUND RECEIVABLES AND PAYABLES

Interfund balances at June 30, 2022 consisted of the following individual fund receivables and payables:

	Receivables (Due from)	Payables (Due to)
	<u> </u>	<u> </u>
General fund	\$ 534,105	\$ 1,983,283
Education fund	1,577,031	-
Capital projects funds	285,301	158,581
Nonmajor special revenue funds	69,891	371,724
Nonmajor permanent funds	-	3,800
Proprietary funds	51,060	-
	<u>\$ 2,517,388</u>	<u>\$ 2,517,388</u>

The result of amounts owed between funds are considered to be in the course of normal operations by the Town. Reconciliation of the amounts owed between funds may or may not be expected to be repaid within one year in their entirety due to the recurring nature of these transactions during operations.

NOTE 4 - INTERFUND TRANSFERS

At June 30, 2022, the Town had the following interfund transfers:

	Transfers In	Transfers Out
	<u> </u>	<u> </u>
General fund	\$ -	\$ 2,908,076
Education fund	2,952,036	14,157
Nonmajor special revenue funds	14,157	43,960
	<u>\$ 2,966,193</u>	<u>\$ 2,966,193</u>

Interfund transfers are the results of legally authorized activity and are considered to be in the course of normal operations.

TOWN OF MILLINOCKET, MAINE

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 6 - LONG-TERM DEBT (CONTINUED)

No interest costs were capitalized during the period. The amount of interest costs incurred and charged to expense for the business-type activities for the year ended June 30, 2022 was \$34,957.

All bonds payable are direct obligations of the Town, for which its full faith and credit are pledged. The Town is not obligated for any special assessment debt. All debt is payable from taxes levied on all taxable property within the Town.

NOTE 7 - OTHER LONG-TERM OBLIGATIONS

The following is a summary of changes in other long-term obligations for the year ended June 30, 2022:

	Balance, 7/1/21	Additions	Deletions	Balance, 6/30/22	Current Portion
<u>Governmental activities:</u>					
Accrued compensated absences	\$ 230,380	\$ -	\$ (2,790)	\$ 227,590	\$ 22,759
Litigation liability	45,000	-	(45,000)	-	-
Net pension liability	1,487,849	1,023,572	(2,473,011)	38,410	-
Net OPEB liability	9,719,085	358,220	(2,774,528)	7,302,777	-
	<u>\$ 11,482,314</u>	<u>\$ 1,381,792</u>	<u>\$ (5,295,329)</u>	<u>\$ 7,568,777</u>	<u>\$ 22,759</u>
<u>Business-type activities:</u>					
Accrued compensated absences	\$ 68,054	\$ 9,119	\$ -	\$ 77,173	\$ 7,717

Refer to Notes 8, 16, 17, 18 and 19 for more detailed information regarding other long-term obligations.

NOTE 8 - ACCRUED COMPENSATED ABSENCES

The Town's policies regarding vacation and sick time do permit employees to accumulate earned but unused vacation and sick leave. The liability for these compensated absences is recorded as long-term obligations in the government-wide financial statements. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources, while the proprietary funds report the liability as it is incurred. As of June 30, 2022, the Town's liability for compensated absences is \$304,763.

NOTE 16 - DEFINED BENEFIT PENSION PLANS

MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM

PARTICIPATING LOCAL DISTRICT CONSOLIDATED PLAN

Plan Description

Town employees contribute to the Maine Public Employees Retirement System (MainePERS), a cost-sharing multiple-employer defined benefit pension plan established by the Maine State Legislature. Title 5 of the Maine Revised Statutes Annotated assigns the authority to establish and amend benefit provisions to the Participating Local District (PLD) Consolidated Plan's advisory group, which reviews the terms of the plan and periodically makes recommendations to the Legislature to amend the terms. The Maine Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the Consolidated Plan. That report may be obtained online at www.maineper.org or by contacting the System at (207) 512-3100.

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 16 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

Benefits Provided

The Maine Public Employees Retirement System provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. The System's retirement programs provide defined retirement benefits based on members' average final compensation and service credit earned as of retirement. Vesting (i.e., eligibility for benefits upon reaching qualification) occurs upon the earning of five years of service credit (effective October 1, 1999, the prior ten-year requirement was reduced by legislative action to five years for employees of PLDs). In some cases, vesting occurs on the earning of one year of service credit immediately preceding retirement at or after normal retirement age. For PLD members, normal retirement age is 60 or 65. The monthly benefit of members who retire before normal retirement age by virtue of having at least 25 years of service credit is reduced by a statutorily prescribed factor for each year of age that a member is below her/his normal retirement age at retirement. The System also provides disability and death benefits which are established by contract with PLD employers under applicable statutory provisions. As of June 30, 2021, there were 305 employers in the plan.

Upon termination of membership, members' accumulated employee contributions are refundable with interest, credited in accordance with statute. Withdrawal of accumulated contributions results in forfeiture of all benefits and membership rights. The annual rate of interest credited to members' accounts is set by the System's Board of Trustees and is currently 0.93%.

Contributions

Retirement benefits are funded by contributions from members and employers and by earnings on investments. Disability and death benefits are funded by employer normal cost contributions and by investment earnings. The Town's fire and ambulance department employees are part of the PLDs special plan "4C" and are required to contribute 8.3% of their annual salary, while all other employees are part of regular plan "AC" and are required to contribute 7.5% of their annual salary. The Town is required to contribute the actuarially determined rates of 9.8% for special plan "4C" members' covered payroll and 10.3% for regular plan "AC" members' covered payroll during the year. The contribution rates of plan members and the Town are established and may be amended by the Maine Public Employee Retirement Systems advisory group. The Town's contribution to the MainePERS PLD Consolidated Plan for the year ended June 30, 2022 was \$188,267.

TOWN OF MILLINOCKET, MAINE

NOTE 16 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM

STATE EMPLOYEE AND TEACHER PLAN

Plan Description

All school teachers, plus other qualified educators, participate in the Maine Public Employees Retirement System's (MainePERS) State Employee and Teacher (SET) Plan. The teacher's program is a multi-employer cost-sharing plan with a special funding situation, established by the Maine State Legislature. The State of Maine is also a non-employer contributing entity in that the State pays the initial unfunded actuarial liability on behalf of teachers, while school districts contribute the normal cost, calculated actuarially, for their teacher members. Title 5 of the Maine Revised Statutes Annotated assigns the authority to establish and amend benefit provisions to the State Legislature. The Maine Public Employees Retirement System issues a publicly available financial report that includes financial and actuarial information for the SET Plan. That report may be obtained online at www.maineopers.org or by contacting the System at (207) 512-3100.

Benefits Provided

The Maine Public Employees Retirement System provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. The authority to establish and amend benefit provisions rests with the State Legislature. The System's retirement programs provide defined retirement benefits based on members' average final compensation and service credit earned as of retirement. Vesting (i.e., eligibility for benefits upon reaching qualification) occurs upon the earning of five years of service credit (effective October 1, 1999, the prior ten year requirement was reduced by legislative action to five years for State employees and teachers). In some cases, vesting occurs on the earning of one year of service credit immediately preceding retirement at or after normal retirement age. Normal retirement age for State employees and teachers is age 60, 62 or 65. The normal retirement age is determined by whether a member had met certain creditable service requirements on specific dates, as established by statute. The monthly benefit of members who retire before normal retirement age by virtue of having at least 25 years of service credit is reduced by a statutorily prescribed factor for each year of age that a member is below her/his normal retirement age at retirement. The System also provides disability and death benefits which are established by statute for State employee and teacher members. As of June 30, 2021, there were 238 employers, including the State of Maine, participating in the plan.

TOWN OF MILLINOCKET, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 16 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

Upon termination of membership, members' accumulated employee contributions are refundable with interest, credited in accordance with statute. Withdrawal of accumulated contributions results in forfeiture of all benefits and membership rights. The annual rate of interest credited to members' accounts is set by the System's Board of Trustees and is currently 0.93%.

Contributions

Retirement benefits are funded by contributions from members and employers and by earnings on investments. Disability and death benefits are funded by employer normal cost contributions and by investment earnings. The Department's teachers are required to contribute 7.65% of their compensation to the retirement system. The Department's payroll for teachers covered by this program was approximately \$2,646,435 for the year ended June 30, 2022. Title 5 of the Maine Revised Statutes Annotated requires the State to contribute 14.29% of the Department's contractually required contributions, which are actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability (UAL). Contributions paid by the State were approximately \$341,584 for the year ended June 30, 2022. Title 5 of the Maine Revised Statutes Annotated also requires the Department to contribute at an actuarially determined normal cost rate of 3.84%, which totaled \$124,432 for 2022. In addition, the Department is required to contribute toward the UAL of the plan and pay a small percentage of payroll towards the administrative costs for federally funded teachers, which amounts to 14.89% of compensation and totaled \$38,128 the year ended June 30, 2022.

Pension Liabilities/(Assets)

PLD Consolidated Plan

At June 30, 2022, the Town reported a liability/(asset) of (\$90,333) for its proportionate share of the net pension liabilities/(assets) for the plan. The net pension liabilities/(assets) were measured as of June 30, 2021 and the total pension liabilities/(assets) used to calculate the net pension liabilities/(assets) was determined by an actuarial valuation as of that date. The Town's proportion of the net pension liabilities/(assets) were based on a projection of the Town's long-term share of contributions to each pension plan relative to the projected contributions of all PLDs, actuarially determined. At June 30, 2021, the Town's proportion was 0.281095%, which was a decrease of 0.03946% from its proportion measured as of June 30, 2020.

TOWN OF MILLINOCKET, MAINE
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 16 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

SET Plan

At June 30, 2022, the Town reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the Town. The amount recognized by the Town as its proportionate share of the net pension liability, the related State support and the total portion of the net pension liability that was associated with the Town were as follows:

Town's proportionate share of the net pension liability	\$ 128,743
State's proportionate share of the net pension liability associated with the Town	<u>1,680,691</u>
Total	<u>\$ 1,809,434</u>

The net pension liability was measured as of June 30, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating school units and the State actuarially determined. At June 30, 2021, the Town's proportion was 0.015221%, which was a decrease of 0.00209% from its proportion measured as of June 30, 2020.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2022, the Town recognized total pension expense of \$961,119 for the PLD plan and total pension expense of \$489,674 and revenue of \$341,584 for support provided by the State of Maine for the SET plan. At June 30, 2022, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

TOWN OF MILLINOCKET, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 16 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 16 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

Actuarial Methods and Assumptions

The respective collective total pension liability for the plans was determined by an actuarial valuation as of June 30, 2021, using the following methods and assumptions applied to all periods included in the measurement:

Actuarial Cost Method

The Entry Age Normal actuarial funding method is used to determine costs. Under this funding method, the total employer contribution rate consists of two elements: the normal cost rate and the unfunded actuarial liability (UAL) rate.

The individual entry age normal method is used to determine liabilities. Under the individual entry age normal method, a normal cost rate is calculated for each employee. This rate is determined by taking the value, as of age at entry into the plan, of the member's projected future benefits and dividing it by the value, also as of the member's entry age, of his or her expected future salary. The normal cost for each member is the product of the member's pay and normal cost rate. The normal cost for the group is the sum of the normal costs for all members.

Experience gains and losses, i.e., decreases or increases in liabilities and/or in assets when actual experience differs from the actuarial assumptions, affect the unfunded actuarial accrued liability.

Asset Valuation Method

The actuarial valuation employs a technique for determining the actuarial value of assets which reduces the impact of short-term volatility in the market value. The specific technique adopted in this valuation recognizes in a given year one-third of the investment return that is different from the actuarial assumption for investment return.

Amortization

The net pension liability of the PLD Consolidated Plan is amortized on a level percentage of payroll using a method where a separate twenty-year closed period is established annually for the gain or loss for that year.

The net pension liability of the State Employee and Teacher Retirement Plan is amortized on a level percentage of payroll over the amortization period then in effect under statutory and constitutional requirements. All other gains, losses and changes are amortized over ten-year periods beginning on the date as of which they occur.

TOWN OF MILLINOCKET, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 16 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

Significant actuarial assumptions employed by the actuary for funding purposes as of June 30, 2021 are as follows:

Investment Rate of Return - For the PLD and State Employee and Teacher Plans, 6.50% per annum for the year ended June 30, 2021, compounded annually.

Salary Increases, Merit and Inflation - Members of the consolidated plan for PLDs, 2.75% - 11.48%; teachers, 2.80% - 13.03% per year.

Mortality Rates - For the PLD Consolidated Plan and the State Employee and Teacher Plan, the rates are based on the 2010 Public Plan General Benefits-Weighted Healthy Retiree Mortality Table, for males and females, projected generationally using the RPEC_2020 model.

Cost of Living Benefit Increases - for PLD Consolidated 1.91% and Teacher Plans, 2.20% per annum for the year ended June 30, 2021.

The long-term expected rate of return on pension plan assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major class of assets. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as June 30, 2021 are summarized in the following table.

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Public equities	30.0%	6.0%
US Government	7.5%	2.3%
Private equity	15.0%	7.6%
Real assets:		
Real estate	10.0%	5.2%
Infrastructure	10.0%	5.3%
Natural resources	5.0%	5.0%
Traditional credit	7.5%	3.0%
Alternative credit	5.0%	7.2%
Diversifiers	10.0%	5.9%

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 16 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

Discount Rate

The discount rate used to measure the collective total pension liability was 6.50% for 2021 for each of the Plans. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and non-employer entity contributions will be made at contractually required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following table shows how the collective net pension liability as of June 30, 2021 would change if the discount rate used was one percentage point lower or one percentage point higher than the current rate. The current rate is 6.50% for each of the Plans.

	1% Decrease	Discount Rate	1% Increase
<u>PLD Plan:</u>			
Discount rate	5.50%	6.50%	7.50%
Town's proportionate share of the net pension liability/(asset)	\$ 1,285,495	\$ (90,333)	\$ (1,228,324)
<u>SET Plan:</u>			
Discount rate	5.75%	6.75%	7.75%
Town's proportionate share of the net pension liability/(asset)	\$ 338,094	\$ 128,743	\$ (45,563)

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 16 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

Changes in Net Pension Liability

Each employer's share of the collective net pension liability is equal to the collective net pension liability multiplied by the employer's proportionate share as of June 30, 2021 as shown in the schedules of employer and non-employer contributing entity allocations. Changes in net pension liability are recognized in pension expense for the year ended June 30, 2021 with the following exceptions.

Differences between Expected and Actual Experience

The difference between expected and actual experience with regard to economic or demographic factors is recognized in pension expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The first year is recognized as pension expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resource. For 2021 and 2020, this was three years for the SET Plan and the PLD Consolidated Plan. For 2019, this was three years for the SET Plan and four years for the PLD Consolidated Plan. For 2018 and 2017, this was three years for both plans; prior to 2017, this was four years for the PLD Consolidated Plan.

Differences between Expected and Actual Investment Earnings

Differences between projected and actual investment earnings are recognized in pension expense using a straight-line amortization method over a closed five-year period. The first year is recognized as pension expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources.

Changes in Assumptions

Differences due to changes in assumptions about future economic or demographic factors or other inputs are recognized in pension expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The actuarial assumptions used for the year ended June 30, 2021 valuation were based on the results of an actuarial experience study for the period of June 30, 2016 through June 30, 2020. The first year is recognized as pension expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources. Please refer to the *Actuarial Methods and Assumptions* section for information relating to the use of assumptions.

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS

NOTE 16 - DEFINED BENEFIT PENSION PLANS (CONTINUED)

Changes in Proportion and Differences between Employer Contributions and Proportionate Share of Contributions

Differences resulting from a change in proportionate share of contributions and differences between total employer contributions and the employer's proportionate share of contributions are recognized in pension expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The first year is recognized as pension expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources. Differences between total employer contributions and the employer's proportionate share of contributions may arise when an employer has a contribution requirement for an employer specific liability.

Pension Plan Fiduciary Net Position

Additional financial and actuarial information with respect to the Plan can be found in the MainePERS' 2021 Annual Comprehensive Financial Report available online at www.maineper.org or by contacting the System at (207) 512-3100.

NOTE 17 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN

MAINE MUNICIPAL EMPLOYEES HEALTH TRUST

Plan Description

The Town and Town retirees contribute to the Town's OPEB Plan with the Maine Municipal Employees Health Trust (MMEHT), a single employer defined benefit plan. Contributions and membership in this Plan are voluntary and may be terminated at any time by the Town and/or the Town retirees. MMEHT is a fully funded, self-insured trust which provides benefits to municipal and quasi-municipal organizations and county governments and acts as the agent to the Town concerning administration of this Plan. Title 24-A Chapter 81 of the Maine Revised Statutes Annotated authorizes the regulation of MMEHT as a Multiple Employer Welfare Arrangement by the State of Maine Bureau of Insurance. Benefits and plans are designed and governed by MMEHT participants and are administered by a number of third-party administrators contracted by MMEHT. No assets are accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. MMEHT issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by MMEHT at (800) 852-8300.

TOWN OF MILLINOCKET, MAINE
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 17 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

Benefits Provided

This Plan provides medical/prescription drug benefits during retirement to Medicare and non-Medicare retirees and their surviving spouses with varying levels of benefits determined by voluntary plan selection by the retiree as well as applicable Medicare statutes and regulations. The Plan also provides an automatic life insurance benefit of \$2,000 to participants which includes a surviving spouse benefit for the same. The employee must meet the minimum requirement of age 55 with at least 5 years of service at retirement to be eligible for the Plan. The retiree must enroll when first eligible and continue coverage without interruption.

Employees Covered by Benefit Terms

At January 1, 2022, the following employees were covered by the benefit terms:

Active members	23
Retirees and spouses	10
Total	33

Contributions

Retiree and spouse premium amounts are funded by the retiree at the rate for the coverage elected by the retiree. Premium rates are those determined by the MMEHT's Board of Trustees to be actuarially sufficient to pay anticipated claims. Premiums for retiree life insurance coverage are factored into the premiums paid for basic coverage. Retirees and spouses must contribute 100% of the premium amounts. The sponsoring employer pays the remainder of the premium. Medical benefits are provided for the life of the retiree and surviving spouses.

Retiree Premium Amounts:

The following monthly premium amounts were reported on the individual data file. Actual plan election was reflected in expected retiree premium amounts.

	Single	Family
POS C		
<u>Pre-Medicare</u>	\$ 1,141	\$ 2,559
<u>Medicare</u>	\$ 601	\$ 1,201

NOTE 17 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

Total OPEB Liability, OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2022, the Town reported a liability of \$700,944 for its total OPEB liability for this Plan. The total OPEB liability was measured as of January 1, 2022 and was determined by an actuarial valuation as of that date. The Town's total OPEB liability was based on the Entry Age Normal Actuarial Cost Method which does not reflect future changes in benefits, subsidies, penalties, taxes or administrative costs that may be required as a result of the Patient Protection and Affordable Care Act of 2010 (ACA) related legislation and regulations.

For the year ended June 30, 2022, the Town recognized OPEB revenue of \$18,481. At June 30, 2022, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	MMEHT	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 59,354
Changes of assumptions	90,859	9,687
Net difference between projected and actual earnings on OPEB plan investments	-	-
Contributions subsequent to the measurement date	12,247	-
Total	\$ 103,106	\$ 69,041

\$12,247 were reported as deferred outflows of resources related to OPEB resulting from Town contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	MMEHT
Plan year ended June 30:	
2023	\$ 3,101
2024	12,785
2025	5,932
2026	-
2027	-
Thereafter	-

JUNE 30, 2022

NOTE 17 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

Discount Rate

The discount rate is the assumed interest rate used for converting projected dollar related values to a present value as of the valuation date of January 1, 2022. The discount rate determination is based on the high-quality AA/Aa or higher bond yields in effect for 20-year, tax-exempt general obligation municipal bonds using the Bond Buyer 20-Bond GO Index. The rate of 2.06% per annum for June 30, 2022 was based upon a measurement date of December 30, 2020. The sensitivity of net OPEB liability to changes in discount rate are as follows:

	1% Decrease	Discount Rate	1% Increase
	1.06%	2.06%	3.06%
Total OPEB liability	\$ 788,575	\$ 700,944	\$ 627,084
Plan fiduciary net position	-	-	-
Net OPEB liability	<u>\$ 788,575</u>	<u>\$ 700,944</u>	<u>\$ 627,084</u>
Plan fiduciary net position as a percentage of the total OPEB liability	0.00%	0.00%	0.00%

Healthcare Trend

The healthcare trend is the assumed dollar increase in dollar-related values in the future due to the increase in the cost of health care. The healthcare cost trend rate is the rate of change in per capita health claim costs over time as a result of factors such as medical inflation, utilization of healthcare services, plan design and technological developments. The sensitivity of net OPEB liability to changes in healthcare cost trend rates are as follows:

	1% Decrease	Healthcare Trend Rates	1% Increase
Total OPEB liability	\$ 627,007	\$ 700,944	\$ 788,887
Plan fiduciary net position	-	-	-
Net OPEB liability	<u>\$ 627,007</u>	<u>\$ 700,944</u>	<u>\$ 788,887</u>
Plan fiduciary net position as a percentage of the total OPEB liability	0.00%	0.00%	0.00%

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 17 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

Actuarial Methods and Assumptions

The total OPEB liability for the Plan was determined by an actuarial valuation as of January 1, 2022, using the following methods and assumptions applied to all periods included in the measurement:

Actuarial Cost Method

The Entry Age Normal Actuarial Cost Method is used to determine costs. Under this funding method, a normal cost rate is determined as a level percent of pay for each active Plan member and then summed to produce the total normal cost for this Plan. The unfunded actuarial liability is the difference between the actuarial liability and the actuarial value of assets.

For medical and pharmacy, historical claims and census records were assembled and provided through June 30, 2021. Medicare and non-Medicare eligible medical and prescription experience were analyzed. It was assumed that current enrollment distribution of benefit options would remain constant in the future for retirees. The cost was distributed based on the current covered population and the actuary's standard age curves which vary by age, gender and Medicare status. Children costs are converted to a load on the non-Medicare retirees which implicitly assumes that future retirees will have the same child distribution as current retirees.

Assumptions

The actuarial assumptions used in the January 1, 2022 actuarial valuation were adopted by the Maine State Retirement Consolidated Plan for Participating Local Districts as of June 30, 2021 and based on the experience study covering the period from June 30, 2016 through June 30, 2020. As of January 1, 2021, they are as follows:

Discount Rate - 2.06% per annum for year end 2022 reporting. 2.12% per annum for year end 2021 reporting.

Trend Assumptions:

Medical Trend assumptions were developed using the Society of Actuaries (SOA) Long-Run Medical Cost Trend Model. The SOA model was released in December 2007 and version 2022_fa was used for this valuation. The following assumptions were input into this model:

TOWN OF MILLINOCKET, MAINE
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 17 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

<u>Variable</u>	<u>Rate</u>
Rate of Inflation	2.40%
Rate of Growth in Real Income/GDP per capital 2031+	1.10%
Extra Trend due to Taste/Technology 2031+	1.00%
Expected Health Share of GDP 2031	19.00%
Health Share of GDP Resistance Point	20.00%
Year for Limiting Cost Growth to GDP Growth	2042

The SOA Long-Run Medical Cost Trend Model and its baseline projection are based on an econometric analysis of historical U.S. medical expenditures and the judgements of experts in the field. The long-run baseline projection and input variables have been developed under the guidance of the SOA Project Oversight Group.

The trends selected from 2022 to 2025 were based on plan design, population weighting, renewal projections, and market analysis. For years 2026 to 2030, these are interpolated from 2025 to 2031 (which is the product of the inflation, GDP and extra trend rate assumptions).

Deductibles, Co-payments and Out of Pocket Maximums are assumed to increase at the above trend rates. The ultimate trend rate reflects an assumed nominal per capital GDP growth.

Administrative and claims expense: 3% per annum

Future plan changes: It is assumed that the current Plan and cost-sharing structure remains in place for all future years.

Retirement Rates - Rates vary for plans with no explicit employer subsidy (or payment) versus those plans defining an explicit employer subsidy (or payment). The rates are based on assumptions from the Maine State Retirement Consolidated Plan for Participating Local District at June 30, 2021.

Retirement Contribution Increases - Assumed to increase at the same rate as incurred claims. A constant cost sharing in plan design between employer and employees is assumed.

Family Enrollment Composition - For males, 50% of future retirees under the age of 65 and 50% of current retirees are married and elect spousal coverage while females are at 30% for both. 25% of male and female future retirees over the age of 65 are married and elect spousal coverage.

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 17 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

Age Difference of Spouses - Husbands are assumed to be 3 years older than wives.

Administrative expenses - Included in the per capita claims cost.

Disability Incidence - Disabled lives will be considered active employees and will not be valued separately.

Salary Increase Rate - 2.75% per year assumed using the level percentage of pay entry age method.

Dates of Hire - Needed to be assumed for some employees and will be based on the average age at hire for similar employees.

Rate of Mortality:

Healthy Annuitant- Based on 112% and 118.5% of the 2010 Public Plan General Benefits-Weighted Healthy Retiree Mortality Table, respectively, for males and females. The proposed rates are projected generationally using the RPEC_2020 model, with an ultimate rate of 1.00% for ages 80 and under, grading down to 0.05% at age 95, and further grading down to 0.00% at age 115, along with convergence to the ultimate rates in the year 2027. All other parameters used in the RPEC_2020 model are those included in the published MP-2020 scale. As prescribed by the Trust, mortality rates were taken from the assumptions for the Maine State Retirement Consolidated Plan for Participating Local Districts at June 30, 2021.

Active Employees - Rates of mortality are based on 83.5% and 88.6% of the 2010 Public Plan General Benefits- Weighted Employee Mortality Table, respectively, for males and females. These rates are generationally projected using the same version of the RPEC_2020 model as described in the healthy annuitant mortality. As prescribed by the Trust, mortality rates were taken from the assumptions for the Maine State Retirement Consolidated Plan for Participating Local Districts at June 30, 2021.

Retiree Continuation Percentage:

Medicare participant retirees - 100% assumed to continue in the plan elected

Pre-Medicare plan retirees and active participants - 75% assumed to continue coverage once Medicare-eligible

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 17 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

Pre-Medicare plan spouses and spouses of active participants - 50% assumed to continue coverage once Medicare-eligible

Changes in Net OPEB Liability

Changes in net OPEB liability are recognized in OPEB expense for the year ended June 30, 2022 with the following exceptions:

Differences between Expected and Actual Experience

The difference between expected and actual experience are recognized in OPEB expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The first year is recognized as OPEB expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources. The difference between expected and actual experience as of January 1, 2022 was \$81,172.

Changes in Assumptions

Differences due to changes in assumptions about future economic, demographic or claim and expense factors or other inputs are recognized in OPEB expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The actuarial assumptions used in the January 1, 2022 actuarial valuation were adopted by the Maine State Retirement Consolidated Plan for Participating Local Districts as of June 30, 2021 and based on the experience study covering the period from June 30, 2016 through June 30, 2020. The first year is recognized as OPEB expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources.

Differences between Projected and Actual Earnings on OPEB Plan Investments

Differences between projected and actual investment earnings are recognized in OPEB expense using a straight-line amortization method over a closed five-year period. The first year is recognized as OPEB expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources.

OPEB Plan Fiduciary Net Position

Additional financial and actuarial information with respect to this Plan can be found at the Town Office at 197 Penobscot Avenue, Millinocket, Maine 04462.

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 18 - OTHER POST EMPLOYMENT BENEFIT (OPEB) GROUP LIFE
INSURANCE PLAN

MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM

STATE EMPLOYEE AND TEACHER PLAN

Plan Description

All School teachers, plus other qualified educators, participate in the Maine Public Employees Retirement System's (MainePERS) State Employee and Teacher (SET) Plan. The teacher's program is a multi-employer cost-sharing plan with a special funding situation, established by the Maine State Legislature. The State of Maine is also a non-employer contributing entity in that the State pays the initial unfunded actuarial liability on behalf of teachers, while school districts contribute the normal cost, calculated actuarially, for their teacher members. Title 5 of the Maine Revised Statutes Annotated assigns the authority to establish and amend benefit provisions to the State Legislature. As of June 30, 2021, there were 228 employers, including the State of Maine, participating in the plan. The Maine Public Employees Retirement System issues a publicly available financial report that includes financial and actuarial information for the SET Plan. That report may be obtained online at www.maineopers.org or by contacting the System at (800) 451-9800.

Benefits Provided

The Group Life Insurance Plan (the Plan) provides basic group life insurance benefits, during retirement, to retirees who participated in the Plan prior to retirement for a minimum of 10 years (the 10-year participation requirement does not apply to recipients of disability retirement benefits). The level of coverage in retirement is initially set to an amount equal to the retiree's average final compensation. The initial amount of basic life is then subsequently reduced at the rate of 15% per year to the greater of 40% of the initial amount or \$2,500.

Contributions

Life insurance benefits are funded by contributions from members and employers. Premium rates are those determined by the MainePERS's Board of Trustees to be actuarially sufficient to pay anticipated claims. For Department's teachers, the premiums for retiree life insurance coverage are factored into the premiums paid for basic coverage while participants are active members. Premiums for basic life insurance coverage for retired teachers are paid by the State as the total dollar amount of each year's annual required contribution. The State participates in the SET Plan as a non-employer contributing entity in that the State pays the actuarially

TOWN OF MILLINOCKET, MAINE
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 18 - OTHER POST EMPLOYMENT BENEFIT (OPEB) GROUP LIFE INSURANCE PLAN (CONTINUED)

determined premium contributions associated with retired teachers. The State's contribution to the Plan for the year ended June 30, 2022 were approximately \$7,740.

OPEB Liabilities and OPEB Expense

At June 30, 2022, the School reported a liability for its proportionate share of the net OPEB liability that reflected a reduction for State OPEB support provided to the School. The total portion of the net OPEB liability that was associated with the School were as follows:

Town's proportionate share of the net OPEB liability	\$	-
State's proportionate share of the net OPEB liability associated with the School		33,043
Total	\$	33,043

For the year ended June 30, 2022, the District recognized net OPEB expense of \$7,776 and revenue of \$7,776 for support provided by the State of Maine.

NOTE 19 - OTHER POST EMPLOYMENT BENEFIT (OPEB) MEDICAL PLAN

MAINE EDUCATION ASSOCIATION BENEFITS TRUST

Plan Description

The State of Maine and School retirees contribute to the School's OPEB Plan with the Maine Education Association Benefits Trust (MEABT), a single employer defined benefit plan. Contributions and membership in this Plan are voluntary and may be terminated at any time by the State, the School and/or the School retirees. MEABT is a fully funded, self-insured trust which provides benefits to education organizations and acts as the agent to the School concerning administration of this Plan. Title 24-A Chapter 81 of the Maine Revised Statutes Annotated authorizes the regulation of MEABT as a Multiple Employer Welfare Arrangement by the State of Maine Bureau of Insurance. Benefits and plans are designed and governed by MEABT participants and are administered by a number of third-party administrators contracted by MEABT. No assets are accumulated in a trust that meets the criterial of paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits*

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 19 - OTHER POST EMPLOYMENT BENEFIT (OPEB) MEDICAL PLAN
(CONTINUED)

Other Than Pensions. MEABT issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by contacting MEABT at (888) 622-4418.

Benefits Provided

This Plan provides medical/prescription drug benefits during retirement to Medicare and non-Medicare retirees and their spouses with varying levels of benefits determined by voluntary plan selection by the retiree as well as applicable Medicare statutes and regulations. The employee must have participated in a plan for the 12 months prior to retirement and have 10 years (under age 50) or 5 years (age 50 or above) of continuous active service and enrollment in the health plan to be eligible for this Plan. The retiree who terminates coverage may elect to re-enroll in coverage if they participated in the health plan for 12 months prior to terminating coverage, as long as re-enrollment occurs within 5 years from coverage termination and as long as the retiree is not past age 62. The retiree must have maintained continuous health insurance coverage during the break in coverage with MEABT to be eligible for re-enrollment and is only eligible for re-enrollment once.

Employees Covered by Benefit Terms

At June 30, 2022, the following employees were covered by the benefit terms:

Active members	3
Retirees and spouses	95
Total	<u>98</u>

Cost Sharing Provisions/Contributions

Retirees are eligible for a State subsidy of 45% of the blended single premium for the retiree. The blended premium is determined by blending rates for active members and retired members, as determined by State law. The retiree contributes the remaining 55% of blended single premium and spouse must contribute 100% of the blended premium amount coverage elected.

Employee/Retiree Premium Amounts:

The following monthly premium amounts were reported on the individual data file. Actual plan election was reflected in expected retiree premium amounts.

Total OPEB Liability, OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2022, the Town reported a liability of \$6,601,833 for its total OPEB liability for this Plan. The total OPEB liability was measured as of June 30, 2021 and was determined by an actuarial valuation as of that date. The Town's total OPEB liability was based on the Entry Age Normal Actuarial Cost Method which does not reflect future changes in benefits, subsidies, penalties, taxes or administrative costs that may be required as a result of the Patient Protection and Affordable Care Act of 2010 (ACA) related legislation and regulations.

For the year ended June 30, 2022, the Town recognized OPEB expense of \$2,422,262. At June 30, 2022, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

TOWN OF MILLINOCKET, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 19 - OTHER POST EMPLOYMENT BENEFIT (OPEB) MEDICAL PLAN
(CONTINUED)

Healthcare Trend

The healthcare trend is the assumed dollar increase in dollar-related values in the future due to the increase in the cost of health care. The healthcare cost trend rate is the rate of change in per capita health claim costs over time as a result of factors such as medical inflation, utilization of healthcare services, plan design and technological developments. The sensitivity of total OPEB liability to changes in healthcare cost trend rates are as follows:

	1% Decrease	Healthcare Trend Rates	1% Increase
Total OPEB liability	\$ 5,966,296	\$ 6,601,833	\$ 7,335,562
Plan fiduciary net position	-	-	-
Net OPEB liability	<u>\$ 5,966,296</u>	<u>\$ 6,601,833</u>	<u>\$ 7,335,562</u>
Plan fiduciary net position as a percentage of the total OPEB liability	0.00%	0.00%	0.00%

Actuarial Methods and Assumptions

The total OPEB liability for the Plan was determined by an actuarial valuation as of June 30, 2021, using the following methods and assumptions applied to all periods included in the measurement:

Actuarial Cost Method

The Entry Age Normal Actuarial Cost Method is used to determine costs. Under this funding method, a normal cost rate is determined as a level percent of pay for each active Plan member and then summed to produce the total normal cost for this Plan. The unfunded actuarial liability is the difference between the actuarial liability and the actuarial value of assets.

Assumptions

The demographic actuarial assumptions are the Teacher assumptions that were used by the Maine Public Employees Retirement System State Employee and Teacher Retirement Program valuation at June 30, 2021 and are based on the experience study covering the period from June 30, 2015 through June 30, 2020. The proposed assumptions were adopted by the Board of Trustees at their March 11, 2021.

TOWN OF MILLINOCKET, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 19 - OTHER POST EMPLOYMENT BENEFIT (OPEB) MEDICAL PLAN
(CONTINUED)

The economic assumptions are based on GASB 75 paragraph 36. Since the Plan is not funded via a qualified trust, the discount rates are selected based on the 20-year tax-exempt bond buyer rates as of the measurement dates. The other economic assumptions, ie trend rates, were developed based on historical information, national trend surveys and professional judgement:

Discount Rate - 2.16% per annum for year-end 2021 reporting, 2.21% per annum for year-end 2020 reporting.

Health care trend assumptions used were developed using the Society of Actuaries (SOA) Long-Run Medical Cost Trend Model version 2021_b. The following assumptions were applied in this model as below:

Trend Assumption Inputs

<u>Variable</u>	<u>Rate</u>
Rate of Inflation	2.00%
Rate of Growth in Real Income/GDP per capita 2030+	1.23%
Extra Trend due to Taste/Technology 2030+	1.10%
Expected Health Share of GDP 2030	20.0%
Health Share of GDP Resistance Point	25.0%
Year for Limiting Cost Growth to GDP Growth	2040

The SOA Long-Run Medical Cost Trend Model and its baseline projection are based on an econometric analysis of historical U.S. medical expenditures and the judgments of experts in the field. The long-run baseline projection and input variables have been developed under the guidance of the SOA Project Oversight Group. Sample medical trends are listed in the table below.

Pre-Medicare - Initial trend of 6.21% applied in FYE 2020 and 6.83% applied in FYE 2022 grading over 18 years to 3.25% per annum.

Medicare - Initial trend of 0.0% applied in FYE 2021 and 6.30% applied in FYE 2022 grading over 18 years to 3.25% per annum.

Future plan changes - Assumes that the current Plan and cost-sharing structure remain in place for all future years.

Significant actuarial assumptions employed by the actuary for demographic purposes are the assumptions that were adopted by Maine Public Employees Retirement System State Employee and Teacher Retirement Program at June 30, 2021

TOWN OF MILLINOCKET, MAINE

NOTE 19 - OTHER POST EMPLOYMENT BENEFIT (OPEB) MEDICAL PLAN
(CONTINUED)

and based on the experience study covering the period from June 30, 2015 through June 30, 2020. The proposed assumptions were adopted by the Board of Trustees at their March 11, 2021 meeting. As of June 30, 2021, they are as follows:

Retirement Rates - Rates vary for plans based on age and service

Rates of Turnover - None

Disability Incidence - None

Retirement Contribution Increases - Assumed to increase at the same rate as health care trend rates

Age Difference of Spouses - Husbands are assumed to be 3 years older than wives

Salary Increase Rate - 2.75% per year

Salaries - Salaries were not provided by the client. Assumed salaries are inferred using the Teachers Age/Service Salary scatter from the Maine State Teachers Retirement System's salary age/service scatter from the June 30, 2020 Maine Public Employees Retirement System State Employee and Teacher Retirement Program valuation. Based on the dates of hire assumed above and the participant's actual age, pay was assigned using the salary age service scatter, unless otherwise supplied by the district group during its review of the active data.

Dates of Hire - Were not available from the client and were available from the State Retirement Agency. Dates of hire were inferred using the Maine State Retirement System's Age/Service scatter from the June 30, 2020 Maine Public Employees Retirement System State Employee and Teacher Retirement Program valuation. Those under 1 year of service, the date was assumed to be January 1, 2020 and all other groups were assumed to be hired on July 1 of each service midpoint.

Rate of Mortality:

2021

Significant actuarial assumptions employed by the actuary for claims and expense purposes are the based on the actual community rated premiums of the entire group. As of June 30, 2021, they are as follows:

Monthly Per Capital Claims and Expense Cost - Claims are based on community rated premiums through July 1, 2020 and projects through June 30, 2021 and associate enrollment in the various options offered. Annual administrative and claims adjudication expenses are assumed to be included in the annual premiums.

Medical Plan Election - Employees are assumed to continue in their current medical plan for their entire career. 50% of retirees are assumed to switch from the Choice Plan to the Standard Plan.

Medicare Eligibility - Assumed to be age 65, with the exception of retirees over age 65 who are not in the Medicare Advantage Plan are assumed to never be eligible for Medicare, all current actives with a hire date before March 31, 1986 are assumed to never be eligible for Medicare.

Changes in Total OPEB Liability

Changes in total OPEB liability are recognized in OPEB expense for the year ended June 30, 2022 with the following exceptions:

Differences between Expected and Actual Experience

The difference between expected and actual experience are recognized in OPEB expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. As of July 1, 2021, this average is 8 years. The first year is recognized as OPEB

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 19 - OTHER POST EMPLOYMENT BENEFIT (OPEB) MEDICAL PLAN
(CONTINUED)

expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources. For the fiscal year ended June 30, 2022, there were no differences between expected and actual experience.

Changes in Assumptions

Differences due to changes in assumptions about future economic, demographic or claim and expense factors or other inputs are recognized in OPEB expense over the average expected remaining service life of all active and inactive Plan members. As of July 1, 2021, this average is 8 years. The first year is recognized as OPEB expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources. The amortization period was six years for year ending June 30, 2022. For the fiscal year ended June 30, 2022, there were no changes in assumptions.

Differences between Projected and Actual Earnings on OPEB Plan Investments

Differences between projected and actual investment earnings are recognized in OPEB expense using a straight-line amortization method over a closed five-year period. The first year is recognized as OPEB expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources.

OPEB Plan Fiduciary Net Position

Additional financial and actuarial information with respect to this Plan can be found at the Town Office at 197 Penobscot Avenue, Millinocket, Maine 04462.

NOTE 20 - CONTINGENCIES

With regard to pending legal claims or any unasserted claims, it is not feasible at this time to predict or determine their outcome. Management believes, however, that settlement amounts, if any, will not have a material adverse effect on the Town's financial position.

The Town participates in various intergovernmental grant programs which may be subject to future program compliance audits by the grantors or their representatives. Accordingly, the Town's compliance with applicable grant requirement may be established at some future date. The amount, if any, of any liabilities arising from the disallowance of expenditures or ineligibility of grant revenues cannot be determined at this time.

TOWN OF MILLINOCKET, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 21 - RISK MANAGEMENT - PARTICIPATION IN A PUBLIC ENTITY RISK POOL

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Town carries commercial insurance or participates in a public entity and self-insured risk pool sponsored by the Maine Municipal Association.

Based on the coverage provided by the insurance purchased, the Town is not aware of any material actual or potential claim liabilities which should be recorded as of June 30, 2022. There were no significant reductions in insurance coverage from that of the prior year and amounts of settlements have not exceeded insurance coverage in the past three years.

NOTE 22 - COMPARATIVE DATA/RECLASSIFICATIONS

Comparative total data for the prior year have been presented in selected sections of the accompanying financial statements in order to provide an understanding of the changes in the Town's financial position and operations. Also, certain amounts presented in the prior year's data have been reclassified to be consistent with the current year's presentation.

TOWN OF MILLINOCKET, MAINE

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2022

Changes of Assumptions

MEPERS PLD Plan:

The discount rate was reduced from 6.75% to 6.50%. In addition, the salary increases for the plan, increased from 2.75% to 2.75% - 11.48% per year.

MEPERS SET Plan:

The discount rate was reduced from 6.75% to 6.50%. In addition, the salary increases for the plan, increased from 2.75% to 2.80% - 13.03% per year.

MMEHT Plan:

The discount rate was updated to reflect the December 30, 2021 Bond Buyer 20-Bond GO Index. The ultimate trend assumption was reduced to reflect the reduction in the Bond Buyer 20-Bond GO Index.

The following demographic assumptions were updated based on the June 30, 2021 experience study:

Mortality, termination, retirement and salary rates.

The enrollment participation for plans with no employer subsidy was update for ages 65-70.

There was a change in the discount rate from 2.12% to 2.06% per GASB 75 discount rate selection. In addition, medical and prescription drug trend arrays were updated.

MEABT Plan:

There was a change in the discount rate from 2.21% to 2.16% per GASB 75 discount rate selection.

See accompanying independent auditor's report and notes to financial statements.

TOWN OF MILLINOCKET, MAINE

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2022

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Town of Millinocket, Maine under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Town of Millinocket, Maine, it is not intended to and does not present the financial position, changes in net position or cash flows of the Town of Millinocket, Maine.

2. Summary of Significant Accounting Policies

- a. Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and/or OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- b. The Town of Millinocket, Maine has not elected to use the 10 percent *de minimis* indirect cost rate as allowed under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Town Council
Town of Millinocket
Millinocket, Maine

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Millinocket, Maine as of and for the year ended June 30, 2022 and the related notes to the financial statements, which collectively comprise the Town of Millinocket, Maine's basic financial statements and have issued our report thereon dated March 28, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Millinocket, Maine's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Millinocket, Maine's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Millinocket, Maine's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Millinocket, Maine's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. We noted certain other matters that we reported to management of the Town of Millinocket in a separate letter dated March 28, 2023.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

RHR Smith & Company

Buxton, Maine
March 28, 2023

Proven Expertise & Integrity

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Town Council
Town of Millinocket
Millinocket, Maine

Report on Compliance for Each Major Federal Program

Qualified and Unmodified Opinions

We have audited the Town of Millinocket, Maine's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Town of Millinocket, Maine's major federal programs for the year ended June 30, 2022. The Town of Millinocket, Maine's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Qualified Opinion on ALN 84.425D Education Stabilization Fund

In our opinion, except for the noncompliance described in the Basis for Qualified and Unmodified Opinions section of our report, the Town of Millinocket, Maine complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on ALN 84.425D Education Stabilization Fund for the year ended June 30, 2022.

Unmodified Opinion on Each of the Other Major Federal Programs

In our opinion, the Town of Millinocket, Maine complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2022.

Basis for Qualified and Unmodified Opinions

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States (Government Auditing Standards); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative

Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibility section of our report.

We are required to be independent of the Town of Millinocket, Maine and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Town Millinocket, Maine's compliance with the compliance requirements referred to above.

Matter Giving Rise to Qualified Opinion on ALN 84.425D Education Stabilization Fund

As described in the accompanying schedule of findings and questioned costs, the Town of Millinocket, Maine did not comply with requirements regarding ALN 84.425D Education Stabilization Fund as described in finding number 2022-001 - Allowable Costs/Cost Principles.

Compliance with such requirements is necessary, in our opinion, for the Town of Millinocket, Maine to comply with the requirements applicable to that program.

Management's Responsibility

Management is responsible for compliance with the requirements referred to above and for the design, implementation and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Town of Millinocket, Maine's federal programs.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Town of Millinocket, Maine's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Town of Millinocket, Maine's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Town of Millinocket, Maine's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Town of Millinocket, Maine's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Town of Millinocket, Maine's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed other instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2022-001. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the Town of Millinocket, Maine's response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The Town of Millinocket, Maine's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibility section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material

weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be a significant deficiency.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2022-001 to be significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the Town of Millinocket, Maine's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The Town of Millinocket, Maine's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

TOWN OF MILLINOCKET, MAINE

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022

Section III - Federal Awards Findings and Questioned Costs

SIGNIFICANT DEFICIENCIES

2022-001 - Allowable Costs/Cost Principles

Federal Program Information:

Department of Education:

ALN - 84.425D - Education Stabilization Fund

Criteria: The following CFR(s) apply to this finding: 2 CFR 200.430(i)(1)(vii)

Condition: During audit procedures, it was identified that the School Department certifications for time and effort records were missing or incomplete.

Cause: The School Department does not have the necessary internal controls over compliance.

Effect: The School Department is not obtaining the required employee certifications that 100% of their time was spent on the grant cost objective ensuring that charges to the program reflect an accurate account of the employee's time and effort devoted to the program.

Identification of Questioned Costs: None identified.

Context: The School Department does not collect time certifications for the employees that were paid with the federal funds.

Repeat Finding: This is not a repeat finding.

Recommendation: It is recommended that the School Department implement internal control processes and procedures to ensure that time certifications are completed at the period end to ensure charges reflect an accurate account of the employee's time devoted to the program.

Views of Responsible Officials and Corrective Action Plan: Please see the Corrective Action Plan issued by the School Department.

State Compliance

State compliance includes financial information and reports that are presented for purposes of additional analysis as required by Title 20-A MRSA §6051 of the Maine Revised Statutes as amended. Such financial information and reports include:

- Independent Auditor's Report on State Requirements
- Reconciliation of Audit Adjustments to Annual Financial Data Submitted to the Maine Education Financial System

INDEPENDENT AUDITOR'S REPORT ON STATE REQUIREMENTS

Town Council
Town of Millinocket, Maine
Millinocket, Maine

We have audited the financial statements of Town of Millinocket, Maine for the year ended June 30, 2022 and have issued our report thereon dated March 28, 2023. Our audit was made in accordance with auditing standards generally accepted in the United States of America and applicable state and federal laws relating to financial and compliance audits and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In connection with our audit, we reviewed the budgetary controls that are in place and have reviewed the annual financial report that was submitted to the Maine Department of Education for accuracy. In addition, we have reviewed the Town of Millinocket, Maine's compliance with applicable provisions of the Maine Finance Act as noted under MRSA Title 20A, section 6051 as we considered necessary in obtaining our understanding.

The results of our procedures indicate that with respect to the items tested, the Town of Millinocket, Maine complied, in all material respects, with the provisions referred to in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that the Town of Millinocket, Maine was in noncompliance with or in violation of, those provisions.

Management has determined that adjustments were necessary to the fiscal books of the Town of Millinocket, Maine and have attached the following schedule as it relates to the reconciliation of audit adjustments to the updated annual financial data submitted to the Maine Education Financial System maintained at the Maine Department of Education.

This report is intended solely for the information of the Town Council, School Board, management and the Maine Department of Education. This report is not intended to be and should not be used by anyone other than the specified parties.
